

BASE PROSPECTUS

CREDIT INDUSTRIEL ET COMMERCIAL

(a "société anonyme à conseil d'administration" organised under the laws of the Republic of France)

€5,000,000,000

Structured Euro Medium Term Note Programme

Under this €5,000,000,000 Structured Euro Medium Term Note Programme (the **Programme**), Crédit Industriel et Commercial (the **Issuer** or **CIC** or **Crédit Industriel et Commercial**) may from time to time issue notes including credit linked notes, notes relating to a specified index or a basket of indices, a specified equity security or a basket of equity securities, a specified inflation index or a basket of inflation indices, a specified currency or a basket of currencies, a specified commodity or a basket of commodities, a specified fund or a basket of funds, a specified bond or a basket of bonds, a specified interest rate or a basket of interest rates or any combination thereof (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €5,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The Notes may be governed by English law (the **English Law Notes**) or French law (the **French Law Notes**), and together with the English Law Notes, the **Notes**), as specified in the applicable Final Terms, and the corresponding provisions in the terms and conditions will apply to such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the **CSSF**) in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 on prospectuses for securities (the **Prospectus Act 2005**) to approve this document as a base prospectus. The CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Base Prospectus or the quality or solvency of the Issuer in accordance with Article 7(7) of the Prospectus Act 2005. Application may also be made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. In relation to Notes listed on the Luxembourg Stock Exchange, this Base Prospectus is valid for a period of one year from the date hereof.

This Base Prospectus supersedes and replaces the Base Prospectus dated 22 June 2017 which has been approved by the CSSF.

References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the Luxembourg Stock Exchange's regulated market and have been admitted to the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU).

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive (as defined below) will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information not contained herein which are applicable to each Tranche (as defined under "*Terms and Conditions of the English Law Notes*" or "*Terms and Conditions of the French Law Notes*", as applicable, together the **Terms and Conditions of the Notes**) of Notes will be set out in a final terms (the **Final Terms**) which, with respect to Notes to be listed on the Luxembourg Stock Exchange will be filed with the CSSF. Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a Supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes. Any person (an **Investor**) intending to acquire or acquiring any securities from any person (an **Offeror**) should be aware that, in the context of an offer to the public as defined in the Prospectus Directive (as defined below), the Issuer may be responsible to the Investor for the Base Prospectus only if the Issuer is acting in association with that Offeror to make the offer to the Investor. Each Investor should therefore verify with the Offeror whether or not the Offeror is acting in association with the Issuer. If the Offeror is not acting in association with the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Base Prospectus for the purposes of Article 6 of the Prospectus Directive (as defined below) as implemented by the national legislation of each EEA Member State in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Base Prospectus and/or who is responsible for its contents it should take legal advice.

The long term debt of the Issuer has been rated A by Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc (**S&P**), Aa3 by Moody's Investor Services Ltd (**Moody's**) and A+ by Fitch Ratings Ltd (**Fitch**). A rating by S&P denotes a strong capacity to meet financial commitments, but somewhat susceptible to adverse economic conditions and changes in circumstances. Aa3 rating by Moody's is judged to be a high quality and subject to very low default risk. A+ rating by Fitch denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. Each of S&P, Moody's, and Fitch (the **Rating Agencies**) is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such each of the Rating Agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <https://www.esma.europa.eu/supervision/credit-rating>).

[agencies/risk](#)) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the Rating Agencies. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the **Benchmark Regulation**). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the “benchmark” is included in ESMA’s register of administrators under Article 36 of the Benchmark Regulation.

IMPORTANT INFORMATION

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the Prospectus Directive) as amended).

Certain information contained in this Base Prospectus and/or documents incorporated herein by reference has been extracted from sources specified in the sections where such information appears. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by the relevant third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. Final Terms will (if applicable) specify the nature of the responsibility (if any) taken by the Issuer.

This Base Prospectus is to be read in conjunction with any supplement thereto and all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or, any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, *inter alia*, the most recently published documents incorporated by reference into this Base Prospectus when deciding whether or not to purchase any Notes.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold

or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the **Prospectus Directive**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT INFORMATION RELATING TO PUBLIC OFFERS OF NOTES WHERE THERE IS NO EXEMPTION FROM THE OBLIGATION UNDER THE PROSPECTUS DIRECTIVE TO PUBLISH A PROSPECTUS

Restrictions on Public offers of Notes in Relevant Member States

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a **Public Offer**. This Base Prospectus has been prepared on a basis that permits Public Offers of Notes. However, any person making or intending to make a Public Offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**) may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*" and the terms of that consent are complied with by the person (the **Offeror**) making the Public Offer of such Notes.

Save as provided above, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any Public Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

Any person (an **Investor**) intending to acquire or acquiring any Notes from any Offeror other than the Issuer or a relevant Dealer should be aware that, in the context of a Public Offer of such Notes, the Issuer will be responsible to the Investor for this Base Prospectus under Article 6 of the Prospectus Directive only if the

Issuer has consented to the use of this Base Prospectus by that Offeror to make the Public Offer to the Investor. None of the Issuer or any Dealer makes any representation as to the compliance by that Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Public Offer and none of the Issuer or any Dealer has any responsibility or liability for the actions of that Offeror. **Save as provided below, neither the Issuer nor any Dealer has authorised the making of any Public Offer by any Offeror or consented to the use of this Base Prospectus by any other person in connection with any Public Offer of Notes. Any Public Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer.** If the Issuer has not consented to the use of this Base Prospectus by an Offeror, the Investor should check with the Offeror whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Public Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

In connection with each Tranche of Notes, and provided that the applicable Final Terms specifies an Offer Period, the Issuer consents to the use of this Base Prospectus in connection with a Public Offer of such Notes subject to the following conditions:

- (i) the consent is only valid during the Offer Period so specified;
- (ii) the only Offerors authorised to use this Base Prospectus to make the Public Offer of the relevant Tranche of Notes are the relevant Dealer and either:
 - (a) (i) if the applicable Final Terms names financial intermediaries authorised to offer the Notes, the financial intermediaries so named or (ii) if the Issuer has given its consent to the appointment of additional financial intermediaries after the date of the applicable Final Terms and publishes details of them on its website <https://www.cic.fr>, each financial intermediary whose details are so published; or
 - (b) in any other case, any financial intermediary which is authorised to make such offers under Directive 2014/65/EU (the Markets in Financial Instruments Directive), subject as the case may be to any other conditions set out in Part B of the applicable Final Terms, provided that such financial intermediary states on its website that it has been duly appointed as a financial intermediary to offer the relevant Tranche of Notes during the Offer Period and that it is relying on this Base Prospectus to do so; and
- (iii) the consent only extends to the use of this Base Prospectus to make Public Offers of the relevant Tranche of Notes in each Relevant Member State specified in the applicable Final Terms, being either France, Luxembourg, Germany or the United Kingdom.

Any Offeror falling within sub-paragraph (ii)(b) above who meets all of the other conditions stated above and wishes to use this Base Prospectus in connection with a Public Offer is required, for the duration of the relevant Offer Period, to publish on its website that it is relying on this Base Prospectus for such Public Offer with the consent of the Issuer.

The consent referred to above relates to Offer Periods occurring within 12 months from the date of this Base Prospectus. The Issuer accepts responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus in relation to any Investor who acquires any Notes in a Public Offer made by any person to whom consent has been given to use this Base Prospectus in that connection in accordance with the preceding paragraph, provided that such Public Offer has been made in accordance with all the Conditions attached to that consent.

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A PUBLIC OFFER FROM AN OFFEROR OTHER THAN THE ISSUER WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE PUBLIC OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE TERMS AND CONDITIONS OF THE PUBLIC OFFER SHALL BE PROVIDED TO INVESTORS BY THE OFFEROR AT THE TIME OF THE PUBLIC OFFER. NONE OF THE ISSUER OR ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area including France, Italy, Switzerland and United Kingdom, see "*Subscription and Sale*".

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and in the Final Terms;**
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;**
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;**
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant underlying and financial markets; and**
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.**

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*").

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

SUMMARY OF THE PROGRAMME

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary with the mention of "Not Applicable".

B.17	Credit ratings	The Issuer has been rated A by Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc (S&P), Aa3 by Moody's Investor Services Ltd (Moody's) and A+ by Fitch Ratings Ltd (Fitch). Aa3 rating by Moody's is judged to be a high quality and subject to very low default risk. A+ rating by Fitch denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. Section D – Risks Factors

Element	Title	
D.2	Key risks regarding the Issuer	<p>In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. The Issuer has identified in the Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include risks relating to:</p> <ul style="list-style-type: none"> - Credit risk: exposures to the credit risk of companies, banks and sovereign entities; - Asset-liability management risk: effects of interest and exchange rate fluctuations on lending margins, liquidity needs to meet the Issuer's obligations; - Interest rate risk: interest rate differentials and differences in benchmark lending and borrowing rates, volatility on products with no contractual maturity date and/or embedded options; - Liquidity risk: compliance with the one month liquidity ratio, liquidity gaps; - Currency risk: risk regarding foreign currency positions; - Equity risk: assets measured at fair value through profits or loss and available-for-sale financial assets; - Market risk including credit derivatives: risks regarding hybrid instruments, credit (securities/CDS arbitrages or credit correlation positions or ABS), merger & acquisitions and miscellaneous equities and fixed income); - European capital adequacy ratio: Pillar 2 of the Basel accord requires the Issuer to carry out its own assessment of its economic capital and to use stress scenarios to assess its capital requirements in the event of an economic downturn and - Operational risk: fraud, work relations, human/procedural error, legal issues and natural disasters and systems malfunctions. - EU Bank Recovery and Resolution Directive: On 12 June 2014, the Directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms (the BRRD) has been published in the Official

Element	Title	
		<p>Journal of the European Union. The exercise of any power under the BRRD as applied to the Issuer or any suggestion of such exercise could materially adversely affect the rights of the Noteholders and/or the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.</p> <p>- Basel III was implemented under EU legislation through the "CRD IV package" which consists of the Capital Requirements Directive n°2013/36/EU dated 26 June 2013, the Capital Requirements Regulation n°575/2013 dated 26 June 2013 and their subsequent Delegated Regulations and Commission Implementing Regulations. The implementation of Basel III and the CRD IV package, through the European directives and regulations, has and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems, including those of the Issuer. The direction and the magnitude of the impact of Basel III and the CRD IV package will depend on the particular asset structure of each bank and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the new guidelines resulting from the transposition of the CRD IV package. Accordingly, recipients of this Base Prospectus should consult their own advisers as to the consequences and effects the implementation of the CRD IV package could have on them.</p>
<p>[D.3</p> <p><i>(NB. Delete if not applicable)</i></p>	<p>Key risks regarding the Notes</p>	<p>There are also risks associated with the Notes:</p> <p>- Risks related to the complex structure of certain notes: a potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.</p> <p>- Risks related to the structure of a particular issue of Notes:</p> <p>- There are particular risks associated with an investment in certain types of Notes. In particular, an investor might receive less interest than expected or no interest in respect of such Notes and may lose some or all of the principal amount invested by it;</p> <p>- If the Issuer has the right to redeem any Notes</p>

Element	Title	
		<p>at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return;</p> <ul style="list-style-type: none"> - Market Disruption and adjustments provisions may affect the value and liquidity of the Notes as well as postpone due dates for payment; - Physical Delivery Notes involve specific risks linked to the occurrence of a Settlement Disruption Event; - Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities; - If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned; - The value of Fixed Rate Notes may be adversely affected by movements in market interest rates; - Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates; - Early Redemption Unwind Costs: the Early Redemption Amount may include a deduction in respect of Early Redemption Unwind Costs; - Early Redemption – "Fair Market Value": the Early Redemption Amount may be an amount determined by the Calculation Agent, which, shall represent the fair market value of the Notes; - The Benchmark Regulation could result in an adjustment to the terms and conditions of the Notes, early settlement, valuation by the Calculation Agent, delisting or other consequences, depending on the specific provisions of the relevant terms and conditions applicable to the Notes; - Developments in other markets may adversely affect the market price of any Notes denominated

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There are a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Such factors are set out at pages 86 to 203 of Crédit Industriel et Commercial's *Document de Référence* 2017 incorporated herein by reference (see "*Documents Incorporated by Reference*").

French Insolvency Law

Under French insolvency law as amended, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests if a safeguard procedure, (*procédure de sauvegarde*), an accelerated preservation procedure (*procédure de sauvegarde accélérée*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing-off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give rights to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the debt securities held by the holders having cast a vote). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Meetings of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus and, only with respect to English Law Notes, the Agency Agreement will not be applicable to the extent they are not in compliance with mandatory insolvency law provisions that apply in these circumstances.

EU Resolution and Recovery Directive

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing relevant entity so as to ensure the continuity of the relevant entity's critical financial and economic functions, while minimising the impact of a relevant entity's failure on the economy and financial system.

The impact of the BRRD and its implementing provisions on credit institutions, including the Issuer, could materially affect the activity and financial condition of the Issuer and the value of any Notes.

A relevant entity will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

The powers provided to authorities in the BRRD are divided into three categories: (i) preparatory steps and plans to minimise the risks of potential problems (preparation and prevention); (ii) in the event of incipient problems, powers to arrest a relevant entity's deteriorating situation at an early stage so as to avoid insolvency (early intervention); and (iii) where a relevant entity's insolvency might raise a concern as to the general public interest, a clear plan to reorganise or wind down the relevant entity in an orderly fashion while preserving its critical functions and as far as possible limiting taxpayers' exposure to losses (which should be used as a last resort).

The BRRD currently contains four resolution tools and powers:

- (i) sale of business: enables resolution authorities to direct the sale of the relevant entity or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- (ii) bridge institution: enables resolution authorities to transfer all or part of the business of the relevant entity to a "bridge bank" (a publicly controlled entity holding such business or part of a business with a view to reselling it);
- (iii) asset separation: enables resolution authorities to transfer impaired or problem assets to asset management vehicles to allow such assets to be managed and worked out over time; and
- (iv) bail-in: gives resolution authorities the power to write-down the claims of unsecured creditors of a failing relevant entity and to convert certain unsecured debt claims (including Notes) to equity (the **general bail-in tool**), such equity being potentially subject to future cancellation, transfer or dilution by application of the general bail-in tool. When applying bail-in or a statutory write-down (including to zero) and conversion into equity power (including amendment of the terms of the Notes such as a variation of the maturity), the resolution authority must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments (including the Notes), then tier two instruments and other subordinated debts to the extent required and up to their capacity. If the debt bail-in or statutory write-down and conversion power has entered into force and only if this total reduction is less than the amount needed, the resolution authority will reduce or convert to the

extent required the principal amount or outstanding amount payable in respect of unsecured creditors in accordance with the hierarchy of claims in normal insolvency proceedings.

The BRRD applies since 1 January 2015, except for the general bail-in tool which applies since 1 January 2016.

Regulation (EU) no. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (the **SRM Regulation**) has established a centralised power of resolution entrusted to a Single Resolution Board (the **SRB**) and to the national resolution authorities. For Member States participating in the Banking Union (which includes France), the Single Resolution Mechanism (the **SRM**) fully harmonises the range of available tools, but Member States are authorised to introduce additional tools at national level to deal with crises, as long as they are compatible with the resolution objectives and principles set out in the BRRD.

As from November 2014, has taken over the prudential supervision under the SSM of significant credit institutions in Eurozone member states. In addition, an SRM has been set up to ensure that the resolution of banks across the Eurozone is harmonised. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the member states' resolution authorities under the BRRD for those banks subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the start of 2016.

The Issuer is owned by Confédération Nationale du Crédit Mutuel, which has been designated as a significant supervised entity for the purposes of Article 49(1) of the SSM Regulation and is consequently subject to the direct supervision of the European Central Bank (**ECB**). This means that the Issuer is also subject to the SRM, which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large extent, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

The implementation of the BRRD in France was made by several legislative texts. The banking law dated 26 July 2013 regarding the separation and the regulation of banking activities (*Loi de séparation et de régulation des activités bancaires*) (as modified by the ordinance dated 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*)) (the **Banking Law**) had anticipated the implementation of the BRRD and had introduced in the French *Code monétaire et financier* Article L. 613-31-16 which allows the ACPR to exercise resolution powers when an institution is subject to a procedure relating to its recovery or resolution.

Ordinance no. 2015-1024 dated 20 August 2015 (*Ordonnance n° 2015-1024 du 20 août 2015 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (the **Ordinance**) published in the Official Journal on 21 August 2015 has introduced various provisions amending and supplementing the Banking Law to adapt French law to European Union legislation regarding financial matters. Many of the provisions contained in the BRRD were already similar in effect to provisions contained in the Banking Law. Decree no. 2015-1160 dated 17 September 2015 and three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the Ordinance regarding (i) recovery planning implementing Section A of the Annex of the BRRD, (ii) resolution planning implementing Section B of the Annex of the BRRD, and (iii) criteria to assess the resolvability of an institution or group implementing Section C of the Annex of the BRRD, were published on 20 September 2015, mostly to define implementing rules of the BRRD..

The Ordinance has been ratified by law no. 2016-1691 dated 9 December 2016 (*Loi n°2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) which also incorporates provisions which clarify the implementation of the BRRD.

French credit institutions (such as the Issuer) must now comply at all times with minimum requirements for own funds and eligible liabilities (the **MREL**) under Article L.613-44 of the *French Code monétaire et financier*. The MREL is expressed as a percentage of total liabilities and equity of the institution and aims to prevent institutions to structure their commitments in a manner which could limit or prevent the effectiveness of the bail-in tools.

Implementation provisions of the BRRD in France include the bail-in tool and therefore the powers of reducing the principal, cancellation or conversion of subordinated notes. Accordingly, if the Issuer were to be subjected to a resolution process, holders of Notes may be subject to write-down (including to zero) or conversion into equity on any application of the general bail-in tool (including amendment of the terms of the Notes such as a variation of the maturity), in application of (i) the decision of the college of resolution of the ACPR or (ii) the decision of the SRB when SRM applies, which may result in such holders losing some or all of their investment. The SRB works in close cooperation with the ACPR, in particular in relation to resolution planning, and has assumed full resolution powers as from 1 January 2016, the contributions of the transfer conditions at the Single Resolution Fund being met by this date.

The French *Code monétaire et financier*, as amended by the Ordinance also provides that in exceptional circumstances, where the general bail-in tool is applied, the relevant resolution authority may exclude or partially exclude certain liabilities from the application of the write-down or conversion powers. Such exclusion will apply in particular where: (a) it is not possible to bail-in a particular liability within a reasonable time; (b) the exclusion is strictly necessary and is proportionate so as to achieve the continuity of critical functions and core business lines of the institution under resolution; (c) the exclusion is strictly necessary and proportionate so as to avoid giving rise to widespread contagion, which would severely disrupt the functioning of financial markets, including of financial market infrastructures, in a manner that could cause serious disruption to the economy of a Member State of the European Union; or (d) the application of the general bail-in tool to those liabilities would cause a reduction in value such that the losses borne by other creditors would be higher than if those liabilities were excluded from bail-in altogether.

Consequently, where the relevant resolution authority decides to exclude or partially exclude an eligible liability or class of eligible liabilities, the level of write down or conversion applied to other eligible liabilities – due to Noteholders as the case may be – when not excluded, may be increased to take account of such exclusions. Subsequently, if the losses that would have been borne by those liabilities have not been passed on fully to other creditors, the French "Resolution and Deposits Guarantee Fund" (*Fonds de garantie des dépôts et de résolution*) or any other equivalent Member State arrangement, may make a contribution to the institution under resolution, within certain limits, including the requirement that such contribution does not exceed 5% of the global liabilities of such institution to (i) cover any losses which have not been absorbed by eligible liabilities and restore the net asset value of the institution under resolution to zero and/or (ii) purchase shares or other instruments of ownership or capital instruments in the institution under resolution, in order to recapitalise the institution. The final step – to the extent any losses remain – would be the granting of extraordinary public financial support through additional financial stabilisation tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework. An institution will be considered as failing or likely to fail when: (a) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (b) its assets are, or are likely in the near future to be, less than its liabilities; (c) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (d) it requires extraordinary public financial support (except in limited circumstances).

It is not yet possible to assess the full impact of the BRRD on the Issuer and the French law implementation provisions and there can be no assurance that it will not adversely affect the rights of holders of Notes, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

The holders of Notes have very limited rights to contest and/or ask for the suspension of the exercise of the relevant competent authorities' resolution powers.

Principles of the Financial Stability Board on Loss-absorbing and Recapitalisation Capacity of G-SIBs in Resolution / Total Loss-absorbing Capacity (TLAC) Term Sheet

On 9 November 2015 Financial Stability Board (the **FSB**) published a document entitled “Principles on loss-absorbing and Recapitalization Capacity of G-SIBs in Resolution / Total Loss-absorbing Capacity (**TLAC**) Term Sheet” to improve the absorption capacity losses for global systemically important banks (**G-SIBs**) resolution. The FSB principles aim to ensure that G-SIBs will have sufficient capacity to absorb losses in the event of resolution of this entity to minimize any impact on financial stability, ensure the continuity of critical functions and avoid exposing taxpayers to losses. They will come into force on 1 January 2019.

The Minimum TLAC requirement will be applied to each resolution entity within each G-SIB. Minimum TLAC is an additional requirement to minimum regulatory capital requirements.

Minimum TLAC must be :

- (i) at least 16% of the resolution group’s RWAs (**TLAC RWA Minimum**) as from 1 January 2019 and at least 18% as from 1 January 2022. This requirement does not include any applicable regulatory capital (Basel III) buffers, which must be met in addition to the TLAC RWA Minimum.
- (ii) at least 6% of the Basel III leverage ratio denominator (**TLAC LRE Minimum**) as from 1 January 2019. As from 1 January 2022, the TLAC LRE Minimum must be at least 6.75% of the Basel III leverage ratio denominator.

The Issuer is not considered as a G-SIB, however, the requirement for an institution to have a capacity to absorb losses can be applied in addition to, or instead of the minimum capital requirements and eligible committed to under the BRRD. Implementing provisions regarding the minimum TLAC requirement in France remain uncertain and similar requirements may apply to non-G-SIBs.

Whereas the implementing provisions relating to the TLAC requirements are still being developed, it is not possible to determine the scope, nature and impact on the Issuer and it cannot be excluded that the Issuer has to issue a significant amount of eligible liabilities in order to comply on time with the minimum TLAC (including liabilities qualifying T2 Capital).

Basel III Risk-Weighted Asset Framework

On 16 December 2010 and 13 January 2011, the Basel Committee on Banking Supervision (the **Basel Committee**) published a revised framework (**Basel III**), including new capital and liquidity standards for credit institutions. Those measures were scheduled to be implemented by relevant authorities starting from 1 January 2013 with full implementation on 1 January 2019.

In particular, the changes introduced by Basel III refer to, amongst other things:

- a complete review of the capital standards;
- the introduction of a leverage ratio as amended on 12 January 2014; and
- the introduction of short-term and longer-term standards for funding liquidity (referred to as the "*Liquidity Coverage Ratio*" and the "*Net Stable Funding Ratio*").

The European authorities have indicated that they support the work of the Basel Committee on the approved changes in general. Basel III was implemented under EU legislation through the "CRD IV package" which consists of the Capital Requirements Directive n° 2013/36/EU dated 26 June 2013, the Capital Requirements Regulation n°575/2013 dated 26 June 2013 and their subsequent Delegated Regulations and Commission Implementing Regulations. A number of new requirements arising from the CRD IV package was

implemented under French law through Law no. 2013-672 dated 26 July 2013 relating to the separation and regulation of banking activities. The implementation of the CRD IV package at the legislative level was finalised under French law by Ordinance n°2014-158 dated 20 February 2014 and its subsequent implementing decrees and “*arrêtés*”.

The implementation of Basel III and the CRD IV package has and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems, including those of the Issuer. The direction and the magnitude of the impact of Basel III and the CDR IV package will depend on the particular asset structure of each bank and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the new guidelines resulting from the transposition of Basel III and the CDR IV package.

In addition, the implementation of Basel III and the CDR IV package could affect the risk weighting of the covered bonds in respect of certain investors to the extent that those investors are subject to the new guidelines resulting from the implementation of the CRD IV package. Accordingly, recipients of this Base Prospectus should consult their own advisers as to the consequences and effects the implementation of CRD IV package could have on them.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the complex structure of certain Notes

Some Notes are particularly complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

An investment in the Notes may involve a high degree of risk, including the risk that the entire amount invested may be lost. The Issuer, will invest in and trade securities and other financial instruments using a variety of investment techniques with significant risk characteristics, including the risks arising from the volatility of the equity and fixed-income markets, the risks of borrowings and short sales, the risks arising from leverage associated with trading in the equity, currency and OTC derivative markets, the illiquidity of derivative instruments and the risk of loss from counterparty defaults. No guarantee or representation is made that the investment in Notes will be a successful one. The Issuer may utilise investment techniques such as option transactions, margin transactions, short sales, leverage, derivatives trading and futures and forward contracts to hedge payments due under the Notes, which practices could adversely affect the value of the Notes.

Short selling technique may be used to provide indexation of payments under the Note. Short selling involves selling securities which may or may not be owned and borrowing the same securities for delivery to the purchaser, with an obligation to replace the borrowed securities at a later date. Short selling allows the investor to benefit from declines in market prices to the extent such declines exceed the transaction costs and the costs of borrowing the securities. A short sale creates the risk of an unlimited loss, as the price of the underlying security could theoretically increase without limit, thus increasing the cost of buying those securities to cover the short position. There can be no assurance that the securities necessary to cover a short position will be available for purchase. Purchasing securities to close out the short position can itself cause the price of the securities to rise further, thereby exacerbating the loss.

Structured Notes

An investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values of interest rates, shares, exchange rates, commodities, funds or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant interest rates, shares, funds or other indices or formulae should be taken as an indication of future performance of such interest rates, shares, exchange rates, commodities, funds or other indices or formulae during the term of any Notes.

The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

There are particular risks associated with an investment in certain types of Notes such as Indexed Notes. In particular, an investor might receive less interest than expected or no interest in respect of such Notes and may lose some or all of the principal amount invested by it.

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or to movements in currency exchange rates, a credit event or other factors (each, a **Relevant Factor**). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of a Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Notes linked to a Relevant Factor and the suitability of such Notes in light of its particular circumstances.

No Claim against any Underlying Reference

A Note will not represent a claim against any underlying reference asset(s) (**Underlying Reference(s)**) to which the amount of principal and/or interest payable or amount of specified assets deliverable in respect of the Notes is dependent and, in the event that the amount paid by the Issuer or value of the specified assets delivered on redemption of the Notes is less than the principal amount of the Notes, a Noteholder will not have recourse under a Note to any Underlying Reference. In addition investing in a Note will not entitle the Noteholder to benefit from a voting right (if any) attached to an Underlying Reference.

An investment in Notes linked to one or more Underlying Reference may entail significant risks not associated with investments in conventional debt securities, including but not limited to the risks set out in this section "*Risks related to the structure of a particular issues of Notes*". The amount paid or value of the specified assets delivered by the Issuer on redemption of such Notes may be less than the principal amount of the Notes, together with any accrued interest, and may in certain circumstances be zero.

Limited Exposure to Underlying Reference

If the applicable Final Terms provide that the exposure of any Credit Linked Notes, Index Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Fund Linked Notes, Bond Linked Notes, Rate Linked Notes and other Notes linked to an Underlying Reference to one or more Underlying References is limited or capped to a certain level or amount, such Notes will not benefit from any upside in the value of any such Underlying References beyond such limit or cap.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

In the event that the Issuer would be required to pay additional amounts in respect of any Notes due to any withholding as provided in Condition 7 of the Terms and Conditions of the English Law Notes and Condition 10 of the Terms and Conditions of the French Law Notes, as the case may be, the Issuer may and, in certain circumstances, shall redeem all of the Notes then outstanding in accordance with the Terms and Conditions of the Notes.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate.

In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Potential investors should consider reinvestment risk in light of other investments available at that time.

There are particular risks associated with Credit Linked Notes. In particular, the investor is exposed to the credit risk of another entity or other entities of the Issuer and may lose some or all of the amount invested.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon whether certain events have occurred in respect of a specified entity(-ies) (the **Reference Entity** or **Reference Entities** as applicable) and, if so, on the value of certain specified assets of the Reference Entity or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets (**Credit Linked Notes**).

Potential investors in any such Notes should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, (iii) they may lose all or a substantial portion of their investment and (iv) Notes may be redeemed partially following early redemption of the Underlying Reference.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

Where the Notes provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the Settlement Date or (b) assets which the Issuer and/or any affiliate has not received under the terms of any transaction entered into by the Issuer and/or such affiliate to hedge the Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. Potential investors should review the Terms and Conditions of the Notes and the applicable Final Terms to ascertain whether and how such provisions should apply to the Notes. The market value of delivered assets may be less than the principal amount of a Note. Any shortfall shall be borne by the Noteholders and the Issuer shall assume no liability.

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Differences between the 2009 ISDA Definitions and the 2014 ISDA Definitions used for Credit Linked Notes

There are a number of important differences between the 2009 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;

- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. Parties to a transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2009 ISDA Definitions have been reflected in Condition 19 - Additional Provisions Applicable to Credit Linked Notes (Part B - 2014 ISDA Credit Derivatives Definitions) of this Base Prospectus, but in each case subject to important differences, including to reflect the nature of the Notes as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Notes and may mean the value of the Credit Linked Notes and the return (if any) to investors is significantly different from Credit Linked Notes using the Condition 19 - Additional Provisions Applicable to Credit Linked Notes (Part A - 2009 ISDA Credit Derivatives Definitions) of this Base Prospectus. Some changes may be disadvantageous to Noteholders and prospective investors should review carefully the terms of any issue of Notes and, where in any doubt, take advice from suitably qualified professional advisers.

The particular risks involved in an investment in Index Linked Notes include volatility, effects of leverage and the loss of part of or all principal amount invested.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the level of an index or indices, or upon a formula encompassing a combination of a number of components, which can be indices or securities or derivatives or any other component (**Index Linked Notes**).

Potential investors in any such Notes should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the index or indices or any component of the formula may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices or similar components and the timing of changes in the relevant level of the index or indices or the components of the formula may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices or the components of the formula on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices or of any component of the formula. The level of the index, indices, components of the formula may be affected by the economic, financial and political events in one or more jurisdictions, including but not limited to the stock exchange(s) or quotation system(s) on which any securities comprising the index, indices or the formula may be traded.

Investors in Equity Linked Notes are exposed to volatility risks, leverage risks, performance of the share or basket of share risks.

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the price of, or changes in the price of, share(s) or a basket of shares or where, depending on the price of or change in the price of shares or the basket of shares, on redemption the Issuer's obligation is to deliver specified assets (**Equity Linked Notes**).

Potential investors in any such Notes should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share(s), the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share(s) on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share(s), the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share(s) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

There are specific risks associated with an investment in Inflation Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon changes in the level of inflation (**Inflation Linked Notes**).

The risk factors set out under "Index Linked Notes" above also apply to Inflation Linked Notes. In addition, the decision to purchase Inflation Linked Notes involves complex financial appreciations and risks as the inflation cannot be foreseen with any degree of certainty. The yield of Inflation Linked Notes may be lower than the yield of non Inflation Linked Notes. The Issuer makes no representation as to the tax treatment of such Notes or as to the lawfulness of the purchase of such Notes in any jurisdiction.

Investors in Currency Linked Notes are exposed to volatility risks, leverage risks and fluctuations in exchange rate;

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon movements in currency exchange rates or is payable in one or more currencies which may be different from the currency in which the Notes are denominated (**Currency Linked Notes**).

Potential investors in any such Notes should be aware that, depending on the terms of the Currency Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

If the amount of principal and/or interest payable is dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal and/or interest payable is dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption date and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in exchange rates will affect the value of the Notes.

Investors in Commodity Linked Notes are exposed to volatility risks and leverage risks

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the price of, or changes in the price of, commodities and/or commodity indices or a basket of commodities and/or commodity indices or depending on the price of or change in the price of a commodity or the basket of commodities, the relevant Issuer's obligation on redemption is to deliver a specified commodity (**Commodity Linked Notes**). Accordingly an investment in Commodity Linked Redemption Notes may bear similar market risks to a direct commodity investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that depending on the terms of the Commodity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified commodities may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the commodity and/or commodity index or basket of commodities and/or commodity indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of a commodity and/or commodity index may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the commodity or commodities, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of a commodity and/or commodity index on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date and the volatility of the price of the commodity and/or commodity index. The price of commodities or level of a commodity index may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which the relevant commodities may be traded.

Investors in Fund Linked Notes are exposed to volatility risks, leverage risks, performance of the fund or basket of funds risks.

The Issuer may issue Notes where the amount of principal payable is dependent upon the price or changes in the price of units or shares in a fund or funds (including exchange traded fund(s)) or, depending on the price or changes in the price of units or shares in such fund or funds, the relevant Issuer's obligation on redemption is to deliver a specified amount of Fund Shares (**Fund Linked Notes**). Accordingly an investment in Fund Linked Redemption Notes may bear similar market risks to a direct fund investment and potential investors should take advice accordingly.

Prospective investors in any such Notes should be aware that depending on the terms of the Fund Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or delivery of any specified Fund Shares may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the units, shares or interests in the fund or funds, the greater the effect on yield. Prospective investors should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events the relevant Issuer may substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or if no such fund is selected with a replacement index or redeem the Notes depending on whether such Extraordinary Fund Event is a Substitution Event or a Termination Event.

In the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled redemption date or termination date, such date may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay.

If the amount of principal payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers, and in particular the investment adviser.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund before purchasing any Notes. Neither the Issuer and any affiliate of the Issuer nor the Calculation Agent make any representation as to the creditworthiness of any relevant fund or any such fund's administrative, custodian, investment manager or adviser.

Investors in Bond Linked Notes are exposed to volatility risks, leverage risks, performance of the bond or basket of bonds risks.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon whether certain events have occurred in respect of a specified bond(s) (the **Bond** or **Basket of Bonds** as applicable) (the **Bond Linked Notes**).

Potential investors in any such Notes should be aware that depending on the terms of the Bond Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the Bond Issuer which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

The Issuer's obligations in respect of Bond Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Bond Issuer and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Bond Event.

There are specific risks associated with an investment in Rate Linked Notes

The Issuer may issue Notes where the amount of principal payable is dependent upon movements in underlying interest rates (**Rate Linked Notes**). Accordingly an investment in Rate Linked Notes may bear similar market risks to a direct interest rate investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Rate Linked Notes (i) payment of principal may occur at a different time than expected and (ii) they may lose a substantial portion of their investment. In addition, movements in interest rates may be subject to significant fluctuations that may not correlate with changes in other indices and the timing of changes in the interest rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in interest rates, the greater the effect on yield.

Interest rates are determined by various factors which are influenced by macro economic, political or financial factors, speculation and central bank and government intervention. In recent years, interest rates have been relatively low and stable, but this may not continue and interest rates may rise and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in interest rates will affect the value of Rate Linked Notes.

If the amount of principal payable is dependent upon movements in interest rates and is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on principal payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal payable is dependent upon movements in interest rates, may depend upon the time remaining to the redemption date and the volatility of interest rates. Movements in interest rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Market Disruption and adjustments provisions may affect the value and liquidity of the Notes as well as postpone due dates for payment.

If an issue of Credit Linked Notes, Index Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Debt Security Notes, Fund Linked Notes, Bond Linked Notes, Rate Linked Notes or other notes linked to an Underlying Reference includes provisions dealing with the occurrence of a Market Disruption Event or any other event, however defined, set out under Conditions 19 to 27 and affecting such Note (a **Disruption Event**) on a Valuation Date, Observation Date, Averaging Date or any other relevant date and the Calculation Agent determines that a Disruption Event has occurred or exists on such Valuation Date, Observation Date, such Averaging Date, any consequential postponement of the Valuation Date, Observation Date or Averaging Date or any other relevant date, alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Disruption Event in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the relevant due date for payment under the Notes and/or Maturity Date.

Physical Delivery Notes involve specific risks linked to the occurrence of a Settlement Disruption Event.

The value of Notes to be settled by way of physical delivery may be affected and/or the settlement of such Notes may be delayed if in the opinion of the Calculation Agent, delivery of the Asset Amount (being the amount of relevant asset relating to each Note as set out in the Final Terms) using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event has occurred and is continuing on the Delivery Date. A Settlement Disruption Event is an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the Issuer is not practicable.

Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market and the market value of such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate

to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Early Redemption Unwind Costs

Investors should note that, if so specified in the applicable Final Terms, the Early Redemption Amount in respect of the relevant Series of Notes will include a deduction in respect of Early Redemption Unwind Costs. If the Early Redemption Unwind Costs are stated to be Standard Early Redemption Costs, then such amount will comprise an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position.

Early Redemption – "Fair Market Value"

Investors should note that, if "Fair Market Value" is specified in the applicable Final Terms as the Early Redemption Amount, the Early Redemption Amount in respect of the relevant Series of Notes will be an amount determined by the Calculation Agent, which, shall represent the fair market value of the Notes on, or at a time determined by the Calculation Agent during a period not exceeding seven (7) Business Days immediately prior to, the date on which a notice of early redemption is deemed to have been given to the Noteholders pursuant to Condition 6.4 and Condition 13 of the Terms and Conditions of the English Law Notes and Condition 9.4 and Condition 14 of the Terms and Conditions of the French Law Notes, as the case may be, and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date.

The reform and regulation of "benchmarks" may adversely affect the value of the Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark". Regulation (EU) 2016/1011 (the **Benchmark Regulation**) was published in the Official Journal of the EU

on 29 June 2016 and applies from 1 January 2018, with the exception of the provisions specified in Article 59 (mainly on critical benchmarks) that have applied since 30 June 2016.

The Benchmark Regulation applies to the provision of "benchmarks", the contribution of input data to a "benchmark" and the use of a "benchmark" within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non EU based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

In addition, the occurrence of an Administrator/Benchmark Event may cause early redemption or (only with respect to English Law Notes) adjustment of the Notes. An Administrator/Benchmark Event may occur in any of the following circumstances: (i) if a "benchmark" is changed or cancelled, (ii) the relevant authorisation, registration, recognition, endorsement, equivalence or approval in respect of the "benchmark" or the administrator of the "benchmark" is not obtained, (iii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected or (iv) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark"; or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions, this may (i) if ISDA Determination or FBF Determination applies, be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

Risks relating to Notes and the market generally

Set out below is a brief description of certain risks relating to the Notes and the market generally:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Notes having to be at a substantial discount to their principal amount or for Notes that are especially sensitive to interest rate, currency, credit or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that certain Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference assets or an index should not be taken as an indication of the reference assets' or an index's future performance during the term of any Note.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payment in respect of

the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus. The list of registered and certified rating agencies published by the ESMA on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

Hedging may adversely affect the price, liquidity or value of the Notes

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in the underlying asset(s) or related derivatives. In addition, in connection with the offering of the Notes, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the underlying asset(s) or related derivatives. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the underlying asset(s) or related derivatives which may affect the market price, liquidity or value of the Notes and which could be adverse to the interests of the relevant Noteholders.

Conflicts of interest linked to the Issuer as an affiliate acting as Dealer or Calculation Agent

Where the Issuer acts as Dealer or Calculation Agent or the Calculation Agent or the Dealer is an affiliate of the Issuer, potential conflicts of interest may exist between the Dealer or the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Notes that may influence the amount receivable or specified assets deliverable on redemption of the Notes.

The Issuer and any Dealer may at the date hereof or at any time hereafter, be in possession of information in relation to an Underlying Reference that is or may be material in the context of the Notes and may or may not be publicly available to Noteholders. There is no obligation on the Issuer or any Dealer to disclose to Noteholders any such information.

The Issuer and/or any of its affiliates may also engage in trading activities (including hedging activities) related to the Underlying Reference of any Note and other instruments or derivative products based on or related to the Underlying Reference of any such Notes for their proprietary accounts or for other accounts under their management and may pursue actions thereto without regard to the consequences for Noteholders. The Issuer and/or any of its affiliates may also issue other derivative instruments in respect of the Underlying Reference of such Notes. The Issuer and/or its affiliates may also act as an underwriter in connection with future offerings of Shares or other securities related to an issue of such Notes or may act as financial adviser to certain companies or companies whose shares or other securities are included in a basket or in a commercial banking capacity for such companies. The Issuer and/or any of its affiliates may acquire non-public information in respect of an Underlying Reference which will not be provided to Noteholders. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Notes.

The Issuer and/or any of its affiliates may have existing or future business relationships with any Underlying Reference (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising there from without regard to the consequences for a Noteholder.

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting, or (with respect to French Law Notes) who did not consent to the Written Decision, and Noteholders who voted in a manner contrary to the majority.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest (or similar income) than expected and could significantly adversely affect their return on the Notes

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will no longer participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or participating Member States may decide to withdraw.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

U.S. Dividend Equivalent Withholding

Section 871(m) of the U.S. Internal Revenue Code of 1986 (the **Code**) causes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met (such instruments, **Specified Notes**). If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation---U.S. Dividend Equivalent Withholding*".

For purposes of withholding under the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, Specified Notes are subject to a different grandfathering rule than other Notes. Prospective investors should refer to the section "*Taxation---Foreign Account Tax Compliance Act*".

The value of the Notes could be adversely affected by a change in English law, French law or administrative practice

The conditions of the English Law Notes are based on English law in effect as at the date of this Base Prospectus. The conditions of the French Law Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or French law, as applicable, or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Taxation

Potential purchasers and sellers of Notes should be aware that they may be required to pay taxes or documentary charges in accordance with the laws and practices of the jurisdiction where the Notes are transferred and/or any asset(s) are delivered or deemed located or in other jurisdictions.

Moreover, taxation regime may change from time to time depending on taxation policy of relevant authorities and the personal situation of the investor. No development made in this Base Prospectus shall be read as a legal or tax advice and investors should require personal advice from their own independent and qualified counsels.

English Law Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of English Law Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such English Law Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive English Law Note in respect of such holding (should definitive English Law Notes be printed) and would need to purchase a principal amount of English Law Notes such that its holding amounts to a Specified Denomination.

If such English Law Notes in definitive form are issued, holders should be aware that definitive English Law Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks relating to forward looking statements

The documentation relating to any particular issuance of Notes under the Programme may contain forward-looking statements. Forward looking-statements are statements that are not historical facts, including statements about the Issuer's beliefs and expectations. Any statement in this document (including any document incorporated by reference) that states the Issuer's intentions, beliefs, expectations or predictions (and their underlying assumptions) is a forward-looking statement. These statements are based on plans, estimates, and projections as they are currently available to the management of the Issuer. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could therefore cause actual results of the Issuer or of the Notes to differ materially from those contained in any forward-looking statement. Without limiting the generality of the foregoing, the inclusion of forward-looking statements herein should not be regarded as a representation by the Issuer or any other person of the results that will actually be achieved by the Notes. The Issuer has no obligation to update or otherwise revise any forward-looking statements, including revisions to reflect changes in any circumstances arising after the date hereof relating to any assumptions or otherwise.

Risks relating to the general economic situation

Due to the fact that the Issuer offers services to the general public, it is exposed to the general risk of a deterioration in its situation as a result of economic recessions, large-scale natural disasters, armed conflict, slowdown of the French, European or world economy, fluctuations in unemployment rates and the consumer credit trend and price competition in the market segments where the Issuer is active.

Adverse changes in market or economic conditions could create a challenging operating environment for financial institutions in the future. Such adverse changes could result, in particular, from high volatility in commodities prices (including oil), increases in interest rates, adverse geopolitical events (such as natural disasters, acts of terrorism and military conflicts), or a deterioration in credit market conditions. The Issuer faces a number of specific risks, with respect to adverse future market or economic conditions. Financial markets in France, in Europe and elsewhere may decline or experience increased volatility, which could lead to a decline in capital markets transactions, cash inflows and commissions. Adverse economic conditions could reduce demand for loans by borrowers or increase the rate of defaults by borrowers. These developments would adversely affect the Issuer's net banking income. Revenues and profitability could also be depressed by market losses in the Issuer's securities portfolio or proprietary positions, all resulting from adverse market or economic developments.

In addition, the current financial situation may lead the European Union as well as governments in jurisdictions where the Issuer operates to increase the level of regulation of financial markets. This may have an impact on the Issuer's operations and results.

Risks relating to the United Kingdom's vote to leave the European Union

On 23 June 2016 the UK held a referendum to decide on the UK's membership of the European Union. The UK vote was to leave the European Union and the UK Government invoked article 50 of the Lisbon Treaty relating to withdrawal on 29 March 2017. Under article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of intention to withdraw, although this period may be extended in certain circumstances. There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. The negotiation of the UK's exit terms is likely to take a number of years. Until the terms and timing of the UK's exit from the European Union are clearer, it is not possible to determine the impact that the referendum, the UK's departure from the European Union and/or any related matters may have on the business of the Issuers. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuers to satisfy their obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market.

Risks relating to Notes denominated in Renminbi

Set out below is a brief description of certain risks relating to Notes denominated in Renminbi.

Developments in other markets may adversely affect the market price of any Notes denominated in Renminbi

The market price of Notes denominated in Renminbi may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the People's Republic of China (the **PRC**).

Renminbi is not completely freely convertible; there are still significant restrictions on remittance of Renminbi into and outside the PRC and the liquidity of the Notes denominated in Renminbi may be adversely affected

Renminbi is not completely freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies, despite the significant reduction by the PRC government over the years of control over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions under current accounts.

However, remittance of Renminbi by foreign investors into the PRC for the purposes of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

Although from 1 October 2016, the Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund, there is no assurance that the PRC government will liberalise the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi funds into or out of the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

The availability of Renminbi outside of the PRC is limited, which may affect the liquidity of Notes denominated in Renminbi, and the Issuer's ability to source Renminbi outside the PRC to service such Notes denominated in Renminbi.

As a result of the restrictions imposed by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China (the **PBOC**) has entered into agreements on the clearing of Renminbi business (the **Settlement Agreements**) with financial institutions in a number of financial centres and cities (the **RMB Clearing Banks**), the current size of Renminbi denominated financial assets outside of the PRC is limited. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBOC for the purposes of squaring open positions of participating banks for limited types of transactions. The relevant RMB Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services and the participating banks will need to source Renminbi from the offshore market to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints which are directly affected by PRC laws and regulations on foreign exchange.

There are no assurances that new PRC regulations will not be promulgated or the settlement agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of Notes denominated in Renminbi.

Payments in respect of the Renminbi Notes will only be made to investors in the manner specified in the Renminbi Notes

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in the Offshore CNY Centre (as defined in the Terms and Conditions of the Notes).

Except in limited circumstances, all payments of Renminbi under Notes denominated in Renminbi to an investor will be made solely by transfer to a Renminbi bank account maintained in the Offshore CNY Centre by such investor in accordance with the prevailing rules and regulations for such transfer and in accordance with the terms and conditions of the Notes. The Issuer cannot be required to make payment by any other means (including in bank notes or issuing a cheque or by transfer to a bank account in the PRC or anywhere else outside the Offshore CNY Centre). For persons holding Renminbi Notes through Euroclear France, Euroclear or Clearstream, Luxembourg, payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream, Luxembourg, as applicable.

In addition, there can be no assurance that access to Renminbi for the purposes of making payments under such Notes or generally may remain or will not become restricted. If the Calculation Agent determines, in its sole and absolute discretion, that a CNY Currency Disruption Event has occurred, the Issuer's payment obligations under the Notes may be delayed and/or replaced by payments in an Alternate Settlement Currency instead and/or the Notes may be redeemed early. The Noteholders may thus need to source for additional funding in the case of delayed payments or face the risks of early redemption. Such risks could include but are not limited to Early Redemption Unwind Costs, Fair Market Value and reinvestment risk. If the CNY payments under the Notes are paid in the Alternate Settlement Currency instead, the Noteholders may have additional exposure to foreign exchange risk.

Investment in Notes denominated in Renminbi is subject to exchange rate risks

The value of the Renminbi against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. In August 2015, the PBOC implemented changes to the way it calculates the midpoint against the US Dollar to take into account market-maker quotes before announcing the daily midpoint. This change, among others that may be implemented, may increase the volatility in the value of the Renminbi against other currencies. The Issuer will make all payments under Renminbi Notes in Renminbi (subject to the third paragraph under the heading "*Payments in respect of the Renminbi Notes will only be made to investors in the manner specified in the Renminbi Notes*" above). As a result, the value of such payments in Renminbi (in other applicable foreign currency terms) may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against foreign currencies, the value of a Noteholder's investment in other applicable foreign currency terms will decline.

The investment in Notes denominated in Renminbi is subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in Renminbi may carry a fixed interest rate. Consequently, the trading price of such Notes would vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

Investment in Renminbi Notes may be subject to PRC tax

In considering whether to invest in the Renminbi Notes, investors should consult their individual tax advisers with regard to the application of PRC tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdictions. The value of the Holder's investment in the Renminbi Notes may be materially and adversely affected if the Holder is required to pay PRC tax with respect to acquiring, holding or disposing of and receiving payments under those Renminbi Notes.

Redemption:	<p>The applicable Final Terms will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders upon giving notice to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer. For further details, see condition 6 in the Terms and Conditions of the English Law Notes and condition 9 in the Terms and Conditions of the French Law Notes, as the case may be.</p> <p>The applicable Final Terms may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Final Terms.</p>
Denomination of Notes:	The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, and save that the minimum denomination of each Note will be €1,000 (or, if the

Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Certain Conditions of the Notes:

See "Terms and conditions of the Notes" on pages 215 to 493 for a description of certain terms and conditions applicable to all Notes issued under the Programme.

Taxation:

All payments in respect of the Notes and, with respect to English Law Notes, Receipts or Coupons, will be made without deduction for or an account of withholding taxes imposed by France or any political subdivision or any authority thereof or therein having power to tax, unless such withholding is required by law. In the event that any such withholding is made, the Issuer will, save in certain limited circumstances provided in Condition 7 (Taxation) in the Terms and Conditions of the English Law Notes and Condition 10 (Taxation) in the Terms and Conditions of the French Law Notes, as the case may be, be required to pay additional amounts to cover the amounts so withheld.

Rating:

The Issuer has been rated A by Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc (**S&P**), Aa3 by Moody's Investor Services Ltd (**Moody's**) and A+ by Fitch Ratings Ltd (**Fitch**). A rating by S&P denotes a strong capacity to meet financial commitments, but somewhat susceptible to adverse economic conditions and changes in circumstances. Aa3 rating by Moody's is judged to be a high quality and subject to very low default risk. A+ rating by Fitch denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the Final Terms and not necessarily be the same as the rating(s) assigned to the Issuer. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Approval, Admission to trading and Listing:

Application has been made to the CSSF to approve this document as a base prospectus. Application may also be made for Notes issued under the Programme to be listed on Official List of the Luxembourg Stock Exchange. Admission to trading is sought on the Regulated Market of the Luxembourg Stock Exchange.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant

Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "*Subscription and Sale*".

FORM OF THE NOTES

Subject as provided below in relation to French Law Notes, each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for, Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an

Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Permanent Global Notes and definitive Notes which have an original maturity of more than 1 year and on all receipts and interest coupons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9 of the Terms and Conditions of the English Law Notes. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then from 9.00 p.m. (Paris time) on such day holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated 28 June 2018 and executed by the Issuer.

French Law Notes

Notwithstanding the foregoing, French Law Notes will be issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*nominatif administré*) inscribed in the books of a Euroclear France Account Holder or in fully registered form (*nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or by the Registration Agent designated in the relevant Final Terms, all as defined in the Terms and Conditions of the French Law Notes.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

*The following are the Terms and Conditions of the French Law Notes (the **Notes**) to be issued by Crédit Industriel et Commercial (the **Issuer**). The applicable Final Terms in relation to any Tranche of Notes will complete the following Terms and Conditions.*

A French law agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the **French Law Agency Agreement**) dated 28 June 2018 and made between the Issuer, BNP Paribas Securities Services as principal paying agent (the **Agent**, which expression shall include any successor agent), BNP Paribas Securities Services, Banque de Luxembourg or Crédit Industriel et Commercial as calculation agent (the **Calculation Agent**, which expression shall include any additional or successor calculation agent) and the other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents) organises the service of payment and calculation in relation to the Notes.

The final terms for this Note (or the relevant provisions thereof) are set out in the Final Terms which complete these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are to the Final Terms (or the relevant provisions thereof).

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean the holders of the Notes and shall be construed as provided below.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). The applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the French Law Agency Agreement and the applicable Final Terms which are applicable to them.

1. FORM AND DENOMINATION

The Notes are issued in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. This Note is, to the extent specified in the applicable Final Terms, a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a Note linked to the underlying reference asset(s) (an **Underlying Reference(s)**) specified in the applicable Final Terms such as a Credit Linked Note, an Index Linked Note, an Equity Linked Note, an Inflation Linked Note, a Currency Linked Note, a Commodity Linked Note, a Fund Linked Note, a Bond Linked Note, a Rate Linked Note or any appropriate combination thereof.

The Index Linked Notes, the Inflation Linked Notes, the Currency Linked Note, the Commodity Linked Notes, the Fund Linked Notes, the Bond Linked Notes and the Rate Linked Notes are Cash Settled Notes. In the case of any Equity Linked Notes or Credit Linked Notes the applicable Final Terms will specify whether the Notes are **Cash Settled Notes** or Physical Delivery Notes. Save as otherwise specified in the applicable Final Terms, Cash Settled Notes will be redeemed by the payment to the Noteholders of such amount as is specified in the applicable Final Terms and **Physical Delivery Notes** will be redeemed by the delivery of the Relevant Asset(s) specified in the

applicable Final Terms. Such Relevant Asset(s) shall not contain any share of the Issuer or of any consolidated subsidiary of the Issuer.

1.1 Form of Notes

The Notes are issued, as specified in the relevant Final Terms, in (i) bearer dematerialised form (*au porteur*) only, in which case they are inscribed in the books of Euroclear France (acting as central depository) which shall credit the accounts of Euroclear France Account Holders (as defined below), in (ii) registered dematerialised form (*au nominatif*) only and, in such case, at the option of the relevant Noteholder, (a) in administered registered dematerialised form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or in (b) fully registered dematerialised form (*au nominatif pur*) inscribed in an account maintained by the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

For the purpose of these Conditions, **Euroclear France Account Holder** means any authorised intermediary institution entitled to hold directly or indirectly accounts on behalf of its customers with Euroclear France, and includes Euroclear and Clearstream, Luxembourg.

The Notes shall constitute *obligations* within the meaning of Article L. 213-5 of the French *Code monétaire et financier*.

1.2 Denomination

Notes shall be issued in the specified denomination as set out in the relevant Final Terms (the **Specified Denomination**). The Notes shall be issued in one Specified Denomination only.

1.3 Conversion and exchanges of notes

- (a) Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (b) Notes initially issued in registered form (*au nominatif*) only may not be converted into Notes in bearer dematerialised form (*au porteur*).
- (c) Notes issued in fully registered dematerialised form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered dematerialised form (*au nominatif administré*), and vice versa. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

2. TITLE

- (a) Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes. Title to Notes issued in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. Title to Notes issued in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.

- (b) In these Conditions, holder of Notes or holder of any Note or Noteholder means the person whose name appears in the account of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes.

3. STATUS OF THE NOTES

The Notes are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations (described in Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) of the Issuer and shall at all times rank *pari passu* without any preference among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

4. NEGATIVE PLEDGE

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, charge, lien, pledge or other security interest (*sûreté réelle*) (each a **Security Interest**) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that the Issuer's obligations under the Notes either:

- (a) are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (b) have the benefit of such other Security Interest, guarantee, indemnity or other arrangement (whether or not it includes the giving of a Security Interest) as shall be approved by an Extraordinary Resolution of the Noteholders.

For the purposes of this Condition 4, **Relevant Indebtedness** means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities which (with the consent of the issuer of the indebtedness) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market, and (ii) any guarantee or indemnity in respect of any such indebtedness.

5. REDENOMINATION

5.1 Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders on giving prior notice to the Agent and Euroclear France and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such

market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;

- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) the payment obligations contained in any Notes issued prior to the Redenomination Date will also become void on that date although those Notes will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes will be issued in exchange for Notes denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (d) after the Redenomination Date, all payments in respect of the Notes other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee;
- (e) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to the Calculation Amount, and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (f) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (g) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

5.2 Definitions

In these Conditions, the following expressions have the following meanings:

Established Rate means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

Euro or **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

Redenomination Date means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

Treaty means the Treaty on the Functioning of the European Union, as amended.

6. INTEREST

The applicable Final Terms will indicate whether the Notes are (i) Fixed Rate Notes, (ii) Floating Rate Notes, (iii) Fixed to Floating Rate Notes, (iv) Zero Coupon Notes or (v) Notes linked to an underlying reference asset(s) such as Credit Linked Notes, Index Linked Notes, Fund Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Bond Linked Notes or any combination thereof.

6.1 Interest on Fixed Rate Notes

This Condition 6.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 6.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrear or in advance as specified in the applicable Final Terms on the Interest Payment Date(s) up to (and including) the Maturity Date.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period such interest shall be calculated by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.1:

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the

product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if **30/360** is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (c) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (d) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

6.2 Interest on variable interest Notes

This Condition 6.2 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 6.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin, any maximum or minimum interest rates, the Day Count Fraction and any formula that applies the calculation of interest. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity, Reset Date and any applicable multiplier or leverage factor (a **Leverage**). Where Screen Rate Determination applies to the calculation of interest, the applicable

Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page.

(a) Interest Payment Dates

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note or other Note which is subject to a variable rate of interest (any such Note or Floating Rate Note, a **Variable Interest Note**), bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear or in advance as specified in the applicable Final Terms on either:

- (i) the Specified Interest Payment Date(s) specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 6.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions and unless otherwise specified, **Business Day** means a day which is both:

- I. a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (**TARGET2**) System (the **TARGET2 System**) is open (a **TARGET2 Business Day**) and a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and
- II. either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (ii) in relation to any sum payable in euro, **TARGET2 Business Day**.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Variable Interest Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(ii) FBF Determination

- (A) Where FBF Determination is specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the **FBF Rate**) and in

such amounts, plus or minus the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- I. the Issuer was the Floating Amount Payer;
- II. the Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- III. the Interest Commencement Date was the Transaction Date;
- IV. the lowest Specified Denomination was the Notional Amount;
- V. the Interest Payment Dates were the Floating Amount Payment Dates; and
- VI. all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement (a copy of which may be obtained free of charge on the FBF website at <http://www.fbf.fr/en/banking-issues/agreements-and-conventions/xbf-master-agreement-relating-to-transactions-on-forward-financial-instruments>), unless otherwise specified in the relevant Final Terms.

(B) When paragraph (A) above applies, in respect of each relevant Interest Payment Date:

- I. the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Conditions as though determined under paragraph (d) below;
- II. the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (A) above; and
- III. the Agent will be deemed to have discharged its obligations under paragraph (d) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) Screen Rate Determination

(A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- I. the offered quotation; or

II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Screen Page as at 11.00 a.m., (Relevant Financial Centre time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

(B) In the event that the Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Agent shall request each of the reference banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate(s).

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amount

The Agent will, on or as soon as practicable after each time at which the Rate of Interest is to be determined (the **Interest Determination Date**), determine the Rate of Interest for the relevant Interest Period.

Save as otherwise specified in the applicable Final Terms, or in circumstances where FBF Determination is applicable, the Agent will calculate the amount of interest (the **Interest Amount**) payable in respect of Variable Interest Notes for the relevant Interest Period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.2:

(i) if **Actual/365** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that

Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if **Actual/365 – FBF** is specified in the applicable Final Terms, the fraction whose numerator is the actual number of days elapsed during the Interest Period and whose denominator is 365. If part of the Interest period falls in a leap year, Actual/365 – FBF shall mean the sum of (i) the fraction whose numerator is the actual number of days elapsed during the non-leap year and whose denominator is 365 and (ii) the fraction whose numerator is the number of actual days elapsed during the leap year and whose denominator is 366;
- (iii) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iv) if **Actual/365 (Sterling)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (v) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vi) if **30/360, 360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vii) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Variable Interest Notes are for the time being listed (by no later than the first day of each Interest Period or if that is impracticable, as soon as reasonably practicable upon the determination of such Rate of Interest and Interest Amount). Each Interest Amount and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period.

(f) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6, by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents, and all Noteholders, and (in the absence of wilful default, fraud or bad faith) no liability to the Issuer and the Noteholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.3 Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

6.4 Interest on Fixed or Floating or Zero Coupon/Structured Notes

Fixed or Floating or Zero Coupon/Structured Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference, or from a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex to a Fixed or Floating Rate or Zero Coupon or (ii) that will automatically change from a Fixed or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference or from a rate linked to an Underlying Reference to a Fixed or Floating Rate or Zero Coupon on the date set out in the Final Terms.

6.5 Interest on Combined Notes

The Interest Rate of Combined Notes is a combination of several Interest Rates during the lifetime of the Notes between a Fixed Rate and/or a Floating Rate and/or a Zero Coupon and/or a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex (i) that the Issuer may elect to convert on the date set out in the Final Terms or (ii) that will automatically change on the date set out in the Final Terms.

6.6 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal (and/or delivery of the Physical Delivery Amount (if applicable)) is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

6.7 Formulae for the calculation of interest

Interest on the Notes will be determined in accordance with the formulae set out in the Technical Annex if specified in the applicable Final Terms. The applicable Day Count Fraction will be as defined in Conditions 6.1 and 6.2 above.

7. PAYMENTS

7.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi, shall be Sydney, Auckland and the Offshore CNY Centre, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 10) any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code (**871(m) Withholding**). In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any “dividend equivalent” (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

7.2 Payments in respect of Notes

Payments of principal and interest in respect of the Notes shall (in the case of Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Notes in fully registered form), to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

7.3 Appointment of Agents

The Agent, the Paying Agent, the Calculation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each such case, do not assume any obligation or relationship of agency for any Noteholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Agent, any other Paying Agent, Registration Agent or Calculation Agent and to

appoint other Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities provided that (A) so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange and the rules applicable to that Regulated Market so require, the Issuer will maintain a Paying Agent in Luxembourg, and (B) so long as the Notes are admitted to trading on Euronext Paris and the rules applicable to that Regulated Market so require, the Issuer will maintain a Paying Agent allowed to provide in France services relating to issues of securities within the meaning of Directive 2006/48/EC relating to the taking up and pursuit of the business of credit institutions, (v) in the case of dematerialised Notes in fully registered form, a Registration Agent, and (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed and admitted to trading.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

7.4 Payment Day

If the date for payment of any amount in respect of any Note or interest is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11) is a day on which:

- (a) Euroclear France is opened for business;
- (b) commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Financial Centre specified in the applicable Final Terms; and
- (c) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

7.5 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 10;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;

- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 9.7); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10.

Any reference in this Condition 7 to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed to refer also to delivery of any Asset Amount relating to Physical Delivery Notes.

7.6 Payment in Alternate Settlement Currency

Notwithstanding any other provision in these Conditions, if the Calculation Agent determines, in its sole and absolute discretion, that a CNY Disruption Event has occurred or is likely to occur and that such CNY Disruption Event is material in relation to the Issuer's payment obligations under the Notes in respect of any forthcoming payment dates (each date, an **Affected Payment Date**), then the Issuer may, in its sole and absolute discretion, determine to take any one or more of the following actions:

- (a) the relevant payment by the Issuer shall be postponed to 15 Business Days after the date on which the CNY Disruption Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith), as soon as reasonably practicable thereafter;
- (b) that the Issuer's obligations to payment in CNY under the terms of the Notes be replaced by an obligation to pay such amount in the Alternate Settlement Currency as specified in the Final Terms (converted at the Alternate Settlement Rate as determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and
- (c) that the Notes be redeemed in full and not in part and each Note being redeemed at its Early Redemption Amount as specified in the applicable Final Terms.

Any payments, either in CNY or in the Alternate Settlement Currency, made by the Issuer with respect to its obligations relating to any Affected Payment Date shall be full and final settlement of its obligations to pay such amounts under the Notes.

For the avoidance of doubt, no amount of interest shall be payable in respect of any delay in payment of any amounts due to the adjustment of any Affected Payment Date.

Payments of the relevant principal or interest in respect of the Notes in the Alternate Settlement Currency shall be made by transfer to the account denominated in the Alternate Settlement Currency of the relevant Account Holders for the benefit of the Noteholders and (in the case of Notes in fully registered form) to an account denominated in the Alternate Settlement Currency with a bank designated by the Noteholders. For the avoidance of doubt, no such payment in the Alternate Settlement Currency shall by itself constitute a default in payment within the meaning of Condition 12.

Upon the occurrence of a CNY Disruption Event, the Issuer shall give notice, as soon as practicable in accordance with Condition 14, to the Noteholders stating the occurrence of the CNY Disruption Event and of the action proposed to be taken in relation thereto.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7.6 by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7:

Alternate Settlement Currency means the currency specified as such in the applicable Final Terms;

Alternate Settlement Rate means the spot exchange rate between CNY and the Alternate Settlement Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC);

CNY means the lawful currency of PRC (including any lawful successor currency to the CNY);

CNY Disruption Event means any one of CNY Illiquidity, CNY Inconvertibility and CNY Non-Transferability;

CNY Illiquidity means the occurrence of any event that makes it impossible (where it had previously been possible) for the Issuer and/or any of its affiliates to obtain a firm quote in respect of any amounts of CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion, either in one transaction or a commercially reasonable number of transactions in the general CNY exchange market in each Offshore CNY Centre in order to perform its obligations under the Notes. For the avoidance of doubt, the inability for the Issuer and/or any of its affiliates to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute CNY Illiquidity;

CNY Inconvertibility means the occurrence of any event that makes it impossible (where it had previously been possible), impracticable or illegal for the Issuer and/or any of its affiliates to convert any amounts into or from CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general CNY exchange market in each Offshore CNY Centre other than where such impossibility, impracticability or illegality is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Notes and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer or the relevant affiliate, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to transfer CNY (i) between accounts inside an Offshore CNY Centre, (ii) from an account inside an Offshore CNY Centre to an account outside such Offshore CNY Centre and outside the PRC, or (iii) from an account outside an Offshore CNY Centre and outside the PRC to an account inside such Offshore CNY Centre, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer and/or the relevant affiliate, to comply with such law, rule or regulation);

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other

entity (private or public) charged with the regulation of the financial markets (including the central bank) of the PRC and each Offshore CNY Centre;

Offshore CNY Centre means any offshore financial centre outside of PRC where PBOC had established its Renminbi clearing and settlement system for participating banks in that centre and specified in the Final Terms. If no Offshore CNY Centre is specified in the relevant Final Terms, the Offshore CNY Centre shall mean Hong Kong only;

PBOC means the People's Bank of China; and

PRC means the People's Republic of China (excluding the Hong Kong Special Administrative Region of the People's Republic of China, the Macau Special Administrative Region of the People's Republic of China and Taiwan).

For the avoidance of doubt, references to "general CNY exchange market in each Offshore CNY Centre" in the definitions of CNY Illiquidity and CNY Inconvertibility refer to purchase, sale, lending or borrowing in CNY for general purposes (including, but not limited to, funding) and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for the settlement of any cross-border trade transaction with any entity in the PRC, or any purchase or sale of CNY for personal customers residing in such Offshore CNY Centre, would not be purchase or sale made on the general CNY exchange market.

8. PHYSICAL DELIVERY NOTES

8.1 Physical Delivery

(a) Asset Transfer Notices

In relation to Physical Delivery Notes, in order to obtain delivery of the Asset Amount(s) in respect of any Note, the relevant Noteholder must arrange for the Euroclear France Account Holder through which its Notes are held to (i) deliver on its behalf to the Agent with a copy to any entity appointed by the Issuer to deliver the Asset Amount on its behalf no later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the French Law Agency Agreement and (ii) simultaneously transfer the relevant Notes to the Euroclear France account of the Principal Paying Agent.

For the purposes of this Condition:

Asset Transfer Notice means asset transfer notice in the form set out in the French Law Agency Agreement duly completed in accordance with the provisions of this Condition;

Cut-off Date means the date falling three Business Days prior to the Delivery Date; and

Relevant Asset means the Reference Underlying defined as such in the applicable Final Terms.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

The Asset Transfer Notice shall:

- (A) specify the name and address of the relevant Noteholder and the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount set out in the applicable Final Terms;
- (B) confirm the irrevocable instruction given to the Euroclear France Account Holder through which the relevant Notes are held to immediately transfer such Notes to the Euroclear France account of the Agent;
- (C) include an undertaking to pay all Delivery Expenses;
- (D) specify an account to which dividends (if any) payable pursuant to this Condition 8 or any other cash amounts specified in the applicable Final Terms are being payable are to be paid;
- (E) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof;
- (F) authorise the production of such notice in any applicable administrative or legal proceedings,

For the purposes of this Condition, **Delivery Expenses** means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Asset Amount.

(b) Verification of the Holder

Upon receipt of an Asset Transfer Notice and the relevant Notes into its Euroclear France account, the Agent will inform the Issuer thereof.

(c) Determinations and Delivery

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If any Asset Transfer Notice deemed null and void in accordance with the foregoing paragraph is subsequently corrected to the satisfaction of the Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such corrected Asset Transfer Notice was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the Agent. The Asset Amount will be delivered at the risk of the relevant Noteholder, in the manner provided below on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the **Delivery Date**), provided that the Asset Transfer Notice is duly delivered to the relevant Clearing System (with a copy to the Agent), as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to have an Asset Transfer Notice given, on its behalf as provided herein with a copy to the Agent, on or prior to the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date, as defined in the Final Terms (in which case, such date of delivery shall be deemed the Delivery Date) at the risk of such Noteholder in the manner provided below. In such circumstances the relevant Noteholder shall not be entitled to any payment, whether of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date falling after the Maturity Date.

The Issuer shall, at the relevant Noteholder's risk, deliver or procure the delivery of the Asset Amount relating to each Note, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole and absolute discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. No delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(d) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Asset Amount in respect of such Notes, provided that, the aggregate Asset Amount in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following the Delivery Date of a share certificate all dividends on the relevant shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 8.1(a).

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the **Intervening Period**), none of the Issuer, the Calculation Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure the exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner during such Intervening Period of such securities or obligations.

(e) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event (as defined below) has occurred and is continuing on the Delivery Date, then it shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 and the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided

that, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Note by delivering the Asset Amount using such other commercially reasonable manner as it may select and, in such event, the Delivery Date shall be such day as the Issuer deems appropriate (acting in a commercially reasonable manner). Noteholders shall not be entitled to any payment, whether on account of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date being postponed due to the occurrence of a Settlement Disruption Event.

Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets unaffected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of part of the Asset Amount is impracticable by reason of a Settlement Disruption Event, then in lieu of physical delivery of the affected Relevant Asset(s), and notwithstanding any other provision hereof, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the affected portion of the relevant Note(s) by paying the relevant Noteholder(s), the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date on which Noteholders are notified in accordance with Condition 14 of (i) such election having been made and (ii) the manner in which the Issuer intends to pay the Disruption Cash Redemption Amount.

For the purposes of this Condition:

Disruption Cash Redemption Amount shall be, in respect of any Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets included in the Asset Amount and such unaffected Relevant Assets have been duly delivered as provided above, the value of such unaffected and delivered Relevant Assets), less the cost to the Issuer of unwinding any related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

Settlement Business Day, in respect of each Note, has the meaning specified in the applicable Final Terms relating to such Note; and

Settlement Disruption Event means an event that is beyond the control of the Issuer, including illiquidity in the market for the Relevant Assets as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms, all as determined by the Calculation Agent.

8.2 Variation of Settlement

If so specified in the applicable Final Terms, the Issuer may, in its sole and absolute discretion, elect (i) to deliver or procure delivery on the Maturity Date of the Asset Amount relating to each Note in lieu of its obligation to pay Noteholders the Redemption Amount or (ii) to pay Noteholders the Redemption Amount on the Maturity Date in lieu of its obligation to deliver or procure delivery of the Asset Amount. Notification of any such election will be given to Noteholders in accordance with Condition 14.

8.3 Rights of Noteholders and Calculations

None of the Issuer, the Calculation Agent or any of the Paying Agents shall have any responsibility for any errors or omissions in committed in connection with any of the calculations or determinations contemplated in Conditions 7 and 8.

The purchase of Notes linked to one or more Relevant Assets does not confer on holders of such Notes any rights (whether in respect of voting, distributions or otherwise) in connection with the applicable Relevant Asset(s).

9. REDEMPTION AND PURCHASE

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case of Physical Delivery Notes, by delivery of the Asset Amount) as specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms. The Final Redemption Amount which shall be either (a) a fixed amount determined solely by the Issuer at the date of the applicable Final Terms and shall be at least equal to the nominal amount of the Notes or (b) calculated in accordance with the formulas provided in the Technical Annex.

9.2 Redemption for tax reasons

Subject to Condition 9.7, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Variable Interest Note) or on any Interest Payment Date (if this Note is a Variable Interest Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 as a result of any change in, or amendment to, the laws or regulations of France or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of this Base Prospectus; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 60 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts.

Notes redeemed pursuant to this Condition 9.2 will be redeemed at their Early Redemption Amount referred to in Condition 9.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

9.3 Special Tax Redemption

If the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the laws of France from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 10, then the Issuer shall forthwith give notice of such fact to the Agent and the Issuer shall, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 14, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (a) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes; and

(b) 14 days after giving notice to the Agent as aforesaid.

9.4 Redemption at the option of the Issuer (Issuer Call)

This Condition 9.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons), such option being referred to as an **Issuer Call**. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 9.4 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period specified in the applicable Final Terms to the Agent and the Noteholders in accordance with Condition 14 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Early Redemption Date and at the Early Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Early Redemption Date. Unless otherwise specified in the applicable Final Terms, the **Early Redemption Date** (being the date on which the Noteholders will receive the Early Redemption Amount) will be seven (7) Business Days in Luxembourg following the date on which notice is deemed to have been given to the Noteholders in accordance with this paragraph and Condition 14.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of the Notes, the redemption shall be effected by reducing the nominal amount of all Notes in a Series in proportion to the aggregate nominal amount redeemed.

9.5 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than fifteen (15) nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. In addition, an amount equal to the Early Reduction Fees may be deducted from the Optional redemption Amount if so specified in the applicable Final Terms. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must, (i) deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or the Registration Agent, as the case may be, (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition and, (ii) transfer, or cause to be transferred, the Notes to be redeemed to the account of the Paying Agent specified in the Put Notice. Any Put Notice given by a holder of any Note pursuant to this Condition 9.5 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and is continuing, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 9.5 and instead to declare such Note forthwith due and payable pursuant to Condition 12.

9.6 Early Redemption upon the crossing of a Coupon threshold

If Condition 9.6(a) or 9.6(b) below is specified as being applicable in the applicable Final Terms:

- (a) if on an Interest Payment Date the sum of the Coupons (in percentage of the Specified Denomination) paid since the Threshold Observation Start Date (specified in the applicable Final Terms) at least equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on this Interest Payment Date, such date will be deemed to be the Threshold Redemption Date.
- (b) if on any date during the lifetime of the Notes the sum of the Coupons plus the accrued interests (in percentage of the Specified Denomination) paid or accrued since the Threshold Observation Start Date (specified in the applicable Final Terms) equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on the Threshold Redemption Date, being the next Interest Payment Date after the crossing of the Threshold Percentage or the number of business days after the crossing of the Threshold Percentage specified in the applicable Final Terms.

If the Notes are early redeemed upon the crossing of a Coupon threshold, the Issuer shall give notice of the early redemption to the Noteholders in accordance with Condition 14 no later than a minimum of two business days or the number of business days specified in the applicable Final Terms.

9.7 Early Redemption Amounts

For the purpose of Conditions 9.2, 9.3, 9.4 above and Condition 12, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs; or
- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs:

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the

Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (d) if **Fair Market Value** is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, acting in its sole and absolute discretion, which, shall represent the fair market value of the Notes on, or at a time determined by the Calculation Agent during a period not exceeding five (5) Business Days immediately prior to, the date on which a notice of early redemption is deemed to have been given to the Noteholders pursuant to Condition 9.4 and Condition 14 and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding any other provision of these Conditions, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Early Redemption Unwind Costs means the amount specified in the applicable Final Terms or if **Standard Early Redemption Unwind Costs** are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned pro rata amongst each nominal amount of Notes in the Specified Denomination.

9.8 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 9.7.

9.9 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes at any price in the open market or otherwise. Notes purchased by or on behalf of the Issuer may be, at the option of the Issuer, either surrendered and cancelled or held or resold, in accordance with applicable laws and regulations.

9.10 Cancellation

All Notes which are purchased for cancellation or are redeemed will forthwith be cancelled. All Notes cancelled shall be forwarded to the Agent and cannot be reissued or resold.

9.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 9.1, 9.2, 9.3, 9.4 or 9.5 above or upon its becoming due and repayable as provided in Condition 12 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 9.7(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

9.12 Redemption for an Administrator/Benchmark Event

In the event that an Administrator/Benchmark Event occurs, the Issuer may, having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), on expiry of such notice, redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in Condition 9.7 and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

For the purposes of this Condition 9.12:

Administrator/Benchmark Event means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

Benchmark means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure, all as determined by the Calculation Agent.

Benchmark Modification or Cessation Event means, in respect of the Benchmark:

- (i) any material change in such Benchmark; or
- (ii) the permanent cancellation or cessation in the provision of such Benchmark.

BMR means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

Non-Approval Event means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator of the Benchmark is not obtained;
- (ii) the Benchmark or the administrator of the Benchmark is not included in an official register; or
- (iii) the Benchmark or the administrator of the Benchmark does not fulfil any legal or regulatory requirement applicable to the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the

avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator of the Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

Rejection Event means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Benchmark or the administrator of the Benchmark under any applicable law or regulation for any of the Issuer, Calculation Agent or any other entity to perform its obligations in respect of the Notes.

Suspension/Withdrawal Event means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Benchmark or the administrator of the Benchmark is removed from any official register where inclusion in such register is required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

10. TAXATION

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that any payments of principal, interest or other revenues in respect of the Notes be subject to withholding or deduction with respect to any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal, interest or other revenues which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note to a Noteholder who is liable for such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with France other than the mere holding of such Note.

11. PRESCRIPTION

The Notes will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined below) thereof.

As used herein, the Relevant Date in relation to any Note means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

12. EVENTS OF DEFAULT

The Representative (as defined in Condition 15), acting on its own initiative or upon request of any Noteholder, may give written notice to the Issuer and the Agent that the Note is, and it shall accordingly forthwith become, immediately due and repayable at its Early Redemption Amount, together, if appropriate, with accrued interest, if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 30 days after the relevant due date; or
- (b) if the Issuer fails to perform or observe any of its other obligations under the Conditions and such default is not remedied within 45 days after notice of such default has been given to the Issuer by any Noteholder; or
- (c) the Issuer applies for the appointment of an ad hoc representative (*mandataire ad hoc*) under French bankruptcy law, or enters into an amicable procedure (*procédure de conciliation*) with creditors or ceases its payments, or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or the Issuer is subject to similar proceedings, or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's assets are transferred to, and all of the Issuer's debts and liabilities (including the Notes) are assumed by, another entity which continues the Issuer's activities.

13. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

15. REPRESENTATION OF NOTEHOLDERS

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (the **Masse**) which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of articles L.228-71 and R.228-69 of the French *Code de commerce* and as supplemented by this Condition 15:

(a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders (the **Collective Decisions**).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternative representative (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternative representative, if any. Another Representative may be appointed.

more of such Noteholders and shall be published in accordance with Condition 15(h).

(iii) Exclusion of certain provisions of the French *Code de commerce*

(e) Expenses

The Issuer shall pay all expenses relating to the operation of the *Masse*, including all expenses relating to the calling and taking of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. If and for so long as the Notes are held by a single Noteholder, and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*. Such sole Noteholder shall hold a register of the decisions it will have taken in such capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

The following are the Terms and Conditions of the English Law Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes will complete the following Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Crédit Industriel et Commercial (the **Issuer**) subject to, and with the benefit of, the Agency Agreement (as defined below).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note; and
- (c) any definitive Notes issued in exchange for a Global Note.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 28 June 2018 and made between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as issuing and principal paying agent and agent bank (the **Agent**, which expression shall include any successor agent), BNP Paribas Securities Services, Luxembourg Branch, Banque de Luxembourg or Crédit Industriel et Commercial as calculation agent (the **Calculation Agent**, which expression shall include any additional or successor calculation agent) and the other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents).

The final terms for this Note (or the relevant provisions thereof) are set out in the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to **Receiptholders** shall mean the holders of the Receipts and any reference herein to **Couponholders** shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons

(**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes which are repayable in instalments have receipts (**Receipts**) for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Noteholders, the Receiptholders and the Couponholders are entitled to the benefit of the deed of covenant (such Deed of Covenant as modified and/or supplemented and/or restated from time to time, the **Deed of Covenant**) dated 28 June 2018 and made by the Issuer. The original of the Deed of Covenant is held by a common depository on behalf of Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**).

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu). The applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. **FORM, DENOMINATION AND TITLE**

The Notes are in bearer form in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms and definitive Notes will be serially numbered. This Note is, to the extent specified in the applicable Final Terms, a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a Note linked to the underlying reference asset(s) (an **Underlying Reference(s)**) specified in the applicable Final Terms such as a Credit Linked Note, an Index Linked Note, an Equity Linked Note, an Inflation Linked Note, a Currency Linked Note, a Commodity Linked Note, a Fund Linked Note, a Bond Linked Note, a Rate Linked Note or any appropriate combination thereof.

In the case of any Equity Linked Notes or Credit Linked Notes the applicable Final Terms will specify whether the Notes are Cash Settled Notes or Physical Delivery Notes. Save as otherwise specified in the applicable Final Terms, **Cash Settled Notes** will be redeemed by the payment to the Noteholders of such amount as is specified in the applicable Final Terms and **Physical Delivery Notes** will be redeemed by the delivery of the Relevant Asset(s) specified in the applicable Final Terms. Such Relevant Asset(s) shall not contain any share of the Issuer or of any consolidated subsidiary of the Issuer.

Subject as set out below, title to the Notes, Coupons and Receipts will pass by delivery. The Issuer and the Paying Agents, to the extent permitted by applicable law, may deem and treat the bearer of

any Note, Coupon or Receipt as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms (including Euroclear France and the *Intermédiaires financiers habilités* authorised to maintain accounts therein (together, **Euroclear France**)) approved by the Issuer and the Agent.

2. STATUS OF THE NOTES AND NEGATIVE PLEDGE

2.1 Status

The Notes and any relative Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 2.2) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

2.2 Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, charge, lien, pledge or other security interest (*sûreté réelle*) (each a **Security Interest**) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that the Issuer's obligations under the Notes and the Coupons either:

- (a) are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (b) have the benefit of such other Security Interest, guarantee, indemnity or other arrangement (whether or not it includes the giving of a Security Interest) as shall be approved by an Extraordinary Resolution of the Noteholders.

For the purposes of this Condition 2.2, **Relevant Indebtedness** means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities which (with the consent of the issuer of the indebtedness) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market, and (ii) any guarantee or indemnity in respect of any such indebtedness.

3. **REDENOMINATION**

3.1 **Redenomination**

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the **Exchange Notice**) that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;

- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated:
 - (i) in the case of the Notes represented by a global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such global Note; and
 - (ii) in the case of Definitive Notes, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding,

- (g) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (h) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

3.2 Definitions

In these Conditions, the following expressions have the following meanings:

Established Rate means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

Euro or **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

Redenomination Date means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

Treaty means the Treaty on the Functioning of the European Union, as amended.

4. INTEREST

The applicable Final Terms will indicate whether the Notes are (i) Fixed Rate Notes, (ii) Floating Rate Notes, (iii) Fixed to Floating Rate Notes, (iv) Zero Coupon Notes or (v) Notes linked to an underlying reference asset(s) such as Credit Linked Notes, Index Linked Notes, Fund Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Bond Linked Notes or any combination thereof.

4.1 Interest on Fixed Rate Notes

This Condition 4.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 4.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrear or in advance as specified in the applicable Final Terms on the Interest Payment Date(s) up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period or if, in the case of Notes in definitive form, no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes; or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount

by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.1:

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if **30/360** is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (c) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (d) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

4.2 Interest on variable interest Notes

This Condition 4.2 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 4.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin, any maximum or minimum interest rates, the Day Count Fraction and any formula that applies the calculation of interest. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity, Reset Date and any applicable multiplier or leverage factor (a **Leverage**). Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page.

(a) Interest Payment Dates

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note or other Note which is subject to a variable rate of interest (any such Note or Floating Rate Note, a **Variable Interest Note**), bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear or in advance as specified in the applicable Final Terms on either:

- (i) the Specified Interest Payment Date(s) specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Variable Interest Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the relevant Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Variable Interest Note, interest will be calculated on its outstanding nominal amount.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date

should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions and unless otherwise specified, **Business Day** means a day which is both:

- I. a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (**TARGET2**) System (the **TARGET2 System**) is open (a **TARGET2 Business Day**) and a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and
- II. either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (ii) in relation to any sum payable in euro, **TARGET2 Business Day**.

(b) **Rate of Interest**

The Rate of Interest payable from time to time in respect of Variable Interest Notes will be determined in the manner specified in the applicable Final Terms.

- (i) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(ii) FBF Determination

- (A) Where FBF Determination is specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the **FBF Rate**) and in such amounts, plus or minus the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:
 - I. the Issuer was the Floating Amount Payer;
 - II. the Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
 - III. the Interest Commencement Date was the Transaction Date;
 - IV. the lowest Specified Denomination was the Notional Amount;
 - V. the Interest Payment Dates were the Floating Amount Payment Dates; and
 - VI. all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement (a copy of which may be obtained free of charge on the FBF website at <http://www.fbf.fr/en/banking-issues/agreements-and-conventions/xbf-master->

[agreement-relating-to-transactions-on-forward-financial-instruments](#)), unless otherwise specified in the relevant Final Terms.

(B) When paragraph (A) above applies, in respect of each relevant Interest Payment Date:

- I. the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Conditions as though determined under paragraph (d) below;
- II. the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (A) above; and
- III. the Agent will be deemed to have discharged its obligations under paragraph (d) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Screen Page as at 11.00 a.m., (Relevant Financial Centre time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Agent shall request each of the reference banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate(s).

(c) **Minimum Rate of Interest and/or Maximum Rate of Interest**

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) **Determination of Rate of Interest and calculation of Interest Amount**

The Agent will, on or as soon as practicable after each time at which the Rate of Interest is to be determined (the **Interest Determination Date**), determine the Rate of Interest for the relevant Interest Period.

Save as otherwise specified in the applicable Final Terms, or in circumstances where FBF Determination is applicable, the Agent will calculate the amount of interest (the **Interest Amount**) payable in respect of Variable Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Variable Interest Notes which are represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes; or
- (ii) in the case of Variable Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Variable Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.2:

- (i) if **Actual/365** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 – FBF** is specified in the applicable Final Terms, the fraction whose numerator is the actual number of days elapsed during the Interest Period and whose denominator is 365. If part of the Interest period falls in a leap year, **Actual/365 – FBF** shall mean the sum of (i) the fraction whose numerator is the actual number of days elapsed during the non-leap year and whose denominator is 365 and (ii) the fraction whose numerator is the number of actual days elapsed during the leap year and whose denominator is 366;
- (iii) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iv) if **Actual/365 (Sterling)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

- (v) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vi) if **30/360**, **360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vii) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) **Notification of Rate of Interest and Interest Amounts**

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Variable Interest Notes are for the time being listed (by no later than the first day of each Interest Period or if that is impracticable, as soon as reasonably practicable upon the determination of such Rate of Interest and Interest Amount). Each Interest Amount and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period.

(f) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, by the Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents, and all Noteholders, Receiptholders and Couponholders, and (in the absence of wilful default, fraud or bad faith) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

4.3 **Fixed/Floating Rate Notes**

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

4.4 **Interest on Fixed or Floating or Zero Coupon/Structured Notes**

Fixed or Floating or Zero Coupon/Structured Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference, or from a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex to a Fixed or Floating Rate or Zero Coupon or (ii) that will automatically change from a Fixed or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference or from a rate linked to an

Underlying Reference to a Fixed or Floating Rate or Zero Coupon on the date set out in the Final Terms.

4.5 Interest on Combined Notes

The Interest Rate of Combined Notes is a combination of several Interest Rates during the lifetime of the Notes between a Fixed Rate and/or a Floating Rate and/or a Zero Coupon and/or a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex (i) that the Issuer may elect to convert on the date set out in the Final Terms or (ii) that will automatically change on the date set out in the Final Terms.

4.6 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal (and/or delivery of the Physical Delivery Amount (if applicable)) is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

4.7 Formulae for the calculation of interest

Interest on the Notes will be determined in accordance with the formulae set out in the Technical Annex if specified in the applicable Final Terms. The applicable Day Count Fraction will be as defined in Conditions 4.1 and 4.2 above.

5. PAYMENTS

5.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi, shall be Sydney, Auckland and the Offshore CNY Centre, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code (**871(m) Withholding**). In addition, in determining the amount of 871(m) Withholding imposed with

respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any “dividend equivalent” (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

5.2 Presentation of definitive Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 5.1 above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

5.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented.

5.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

5.5 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 8) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (i) in the case of Notes in definitive form only, in the relevant place of presentation; and
 - (ii) in each Additional Financial Centre specified in the applicable Final Terms; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for

general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

5.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 7;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6.7); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

Any reference in this Condition 5 to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed to refer also to delivery of any Asset Amount relating to Physical Delivery Notes.

5.7 Physical Delivery Notes

(a) Physical Delivery

- (i) Asset Transfer Notices

In relation to Physical Delivery Notes, in order to obtain delivery of the Asset Amount(s) in respect of any Note:

- (A) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable) (each a relevant **Clearing System**), with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice; and
- (B) if such Note is in definitive form, the relevant Noteholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

For the purposes of this Condition:

Asset Amount means the amount of Relevant Asset relating to each Note as set out in the Final Terms;

Asset Transfer Notice means asset transfer notice in the form set out in the Agency Agreement duly completed in accordance with the provisions of this Condition;

Cut-off Date means the date falling three Business Days prior to the Delivery Date; and

Relevant Asset means the Reference Underlying defined as such in the applicable Final Terms.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note in such manner as is acceptable to the relevant Clearing System, or (ii) if such Note is in definitive form, in writing together with the Note.

The Asset Transfer Notice shall:

- (A) specify the name and address of the relevant Noteholder and the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount set out in the applicable Final Terms;
- (B) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject to such notice and the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes and irrevocably instruct and authorise the relevant Clearing System, as the case may be, to debit the relevant Noteholder's account with such Notes on or before the Delivery Date;
- (C) include an undertaking to pay all Delivery Expenses and, in the case of Notes represented by a Global Note, an authority to debit a specified account of the Noteholder at the relevant Clearing System, as the case may be, in respect thereof and to pay such Delivery Expenses;
- (D) specify an account to which dividends (if any) payable pursuant to this Condition 5.7 or any other cash amounts specified in the applicable Final Terms are being payable are to be paid;
- (E) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof;
- (F) authorise the production of such notice in any applicable administrative or legal proceedings,

For the purposes of this Condition, **Delivery Expenses** means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Asset Amount.

(ii) Verification of the Holder

Upon receipt of an Asset Transfer Notice the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Asset Amount relating to each Note. Upon receipt of such confirmation, the Agent will inform the Issuer thereof.

(iii) Determinations and Delivery

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System, after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder and, in the case of Notes in definitive form, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If any Asset Transfer Notice deemed null and void in accordance with the foregoing paragraph is subsequently corrected to the satisfaction of the relevant Clearing System in consultation with the Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such corrected Asset Transfer Notice was delivered to the relevant Clearing System (with a copy to the Agent).

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or the Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Asset Amount will be delivered at the risk of the relevant Noteholder, in the manner provided below on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the **Delivery Date**), provided that the Asset Transfer Notice is duly delivered to the relevant Clearing System (with a copy to the Agent), as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Agent, on or prior to the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date, as defined in the Final Terms (in which case, such date of delivery shall be deemed the Delivery Date) at the risk of such Noteholder in the manner provided below. In such circumstances the relevant Noteholder shall not be entitled to any payment, whether of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date falling after the Maturity Date.

The Issuer shall, at the relevant Noteholder's risk, deliver or procure the delivery of the Asset Amount relating to each Note, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole and absolute discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. No delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(iv) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Asset Amount in respect of such Notes, provided that, the aggregate Asset Amount in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following the Delivery Date of a share certificate all dividends on the relevant shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 5.7(a)(i).

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the **Intervening Period**), none of the Issuer, the Calculation Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure the exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner during such Intervening Period of such securities or obligations.

(v) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event (as defined below) has occurred and is continuing on the Delivery Date, then it shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 and the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Note by delivering the Asset Amount using such other commercially reasonable manner as it may select and, in such event, the Delivery Date shall be such day as the Issuer deems appropriate (acting in a commercially reasonable manner). Noteholders shall not be entitled to any payment, whether on account of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date being postponed due to the occurrence of a Settlement Disruption Event.

Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets unaffected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of part of the Asset Amount is impracticable by reason of a Settlement Disruption Event, then in lieu of physical delivery of the affected Relevant Asset(s), and notwithstanding any other provision hereof, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the affected portion of the relevant Note(s) by paying the relevant Noteholder(s), the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date on which Noteholders are notified in

accordance with Condition 13 of (i) such election having been made and (ii) the manner in which the Issuer intends to pay the Disruption Cash Redemption Amount.

For the purposes of this Condition:

Disruption Cash Redemption Amount shall be, in respect of any Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets included in the Asset Amount and such unaffected Relevant Assets have been duly delivered as provided above, the value of such unaffected and delivered Relevant Assets), less the cost to the Issuer of unwinding any related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

Settlement Business Day, in respect of each Note, has the meaning specified in the applicable Final Terms relating to such Note; and

Settlement Disruption Event means an event that is beyond the control of the Issuer, including illiquidity in the market for the Relevant Assets as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms, all as determined by the Calculation Agent.

(b) **Variation of Settlement**

If so specified in the applicable Final Terms, the Issuer may, in its sole and absolute discretion, elect (i) to deliver or procure delivery on the Maturity Date of the Asset Amount relating to each Note in lieu of its obligation to pay Noteholders the Redemption Amount or (ii) to pay Noteholders the Redemption Amount on the Maturity Date in lieu of its obligation to deliver or procure delivery of the Asset Amount. Notification of any such election will be given to Noteholders in accordance with Condition 13.

(c) **Rights of Noteholders and Calculations**

None of the Issuer, the Calculation Agent or any of the Paying Agents shall have any responsibility for any errors or omissions in committed in connection with any of the calculations or determinations contemplated in this Condition 5.

The purchase of Notes linked to one or more Relevant Assets does not confer on holders of such Notes any rights (whether in respect of voting, distributions or otherwise) in connection with the applicable Relevant Asset(s).

5.8 **Payment in Alternate Settlement Currency**

Notwithstanding any other provision in these Conditions, if the Calculation Agent determines, in its sole and absolute discretion, that a CNY Disruption Event has occurred or is likely to occur and that such CNY Disruption Event is material in relation to the Issuer's payment obligations under the Notes in respect of any forthcoming payment dates (each date, an **Affected Payment Date**), then the Issuer may, in its sole and absolute discretion, determine to take any one or more of the following actions:

- (a) the relevant payment by the Issuer shall be postponed to 15 Business Days after the date on which the CNY Disruption Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith), as soon as reasonably practicable thereafter;
- (b) that the Issuer's obligations to payment in CNY under the terms of the Notes be replaced by an obligation to pay such amount in the Alternate Settlement Currency as specified in the

Final Terms (converted at the Alternate Settlement Rate as determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and

- (c) that the Notes be redeemed in full and not in part and each Note being redeemed at its Early Redemption Amount as specified in the applicable Final Terms.

Any payments, either in CNY or in the Alternate Settlement Currency, made by the Issuer with respect to its obligations relating to any Affected Payment Date shall be full and final settlement of its obligations to pay such amounts under the Notes.

For the avoidance of doubt, no amount of interest shall be payable in respect of any delay in payment of any amounts due to the adjustment of any Affected Payment Date.

Payments of the relevant principal or interest in respect of the Notes in the Alternate Settlement Currency shall be made by transfer to the account denominated in the Alternate Settlement Currency of the relevant Account Holders for the benefit of the Noteholders and (in the case of Notes in fully registered form) to an account denominated in the Alternate Settlement Currency with a bank designated by the Noteholders. For the avoidance of doubt, no such payment in the Alternate Settlement Currency shall by itself constitute a default in payment within the meaning of Condition 9.

Upon the occurrence of a CNY Disruption Event, the Issuer shall give notice, as soon as practicable in accordance with Condition 13, to the Noteholders stating the occurrence of the CNY Disruption Event and of the action proposed to be taken in relation thereto.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5.8 by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 5:

Alternate Settlement Currency means the currency specified as such in the applicable Final Terms;

Alternate Settlement Rate means the spot exchange rate between CNY and the Alternate Settlement Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC);

CNY means the lawful currency of PRC (including any lawful successor currency to the CNY);

CNY Disruption Event means any one of CNY Illiquidity, CNY Inconvertibility and CNY Non-Transferability;

CNY Illiquidity means the occurrence of any event that makes it impossible (where it had previously been possible) for the Issuer and/or any of its affiliates to obtain a firm quote in respect of any amounts of CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion, either in one transaction or a commercially reasonable number of transactions in the general CNY exchange market in each Offshore CNY Centre in order to perform its obligations under the Notes. For the avoidance of doubt, the inability for the Issuer and/or any of its affiliates to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute CNY Illiquidity;

CNY Inconvertibility means the occurrence of any event that makes it impossible (where it had previously been possible), impracticable or illegal for the Issuer and/or any of its affiliates to convert any amounts into or from CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general CNY exchange market in each Offshore CNY Centre other than where such impossibility, impracticability or illegality is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Notes and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer or the relevant affiliate, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to transfer CNY (i) between accounts inside an Offshore CNY Centre, (ii) from an account inside an Offshore CNY Centre to an account outside such Offshore CNY Centre and outside the PRC, or (iii) from an account outside an Offshore CNY Centre and outside the PRC to an account inside such Offshore CNY Centre, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer and/or the relevant affiliate, to comply with such law, rule or regulation);

Governmental Authority means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the PRC and each Offshore CNY Centre;

Offshore CNY Centre means any offshore financial centre outside of PRC where PBOC had established its Renminbi clearing and settlement system for participating banks in that centre and specified in the Final Terms. If no Offshore CNY Centre is specified in the relevant Final Terms, the Offshore CNY Centre shall mean Hong Kong only;

PBOC means the People's Bank of China; and

PRC means the People's Republic of China (excluding the Hong Kong Special Administrative Region of the People's Republic of China, the Macau Special Administrative Region of the People's Republic of China and Taiwan).

For the avoidance of doubt, references to "general CNY exchange market in each Offshore CNY Centre" in the definitions of CNY Illiquidity and CNY Inconvertibility refer to purchase, sale, lending or borrowing in CNY for general purposes (including, but not limited to, funding) and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for the settlement of any cross-border trade transaction with an entity in the PRC, or any purchase or sale of CNY for personal customers residing in such Offshore CNY Centre, would not be purchase or sale made on the general CNY exchange market.

6. REDEMPTION AND PURCHASE

6.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case of Physical Delivery Notes, by delivery of the Asset Amount) as specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms. The Final Redemption

Amount which shall be either (a) a fixed amount determined solely by the Issuer at the date of the applicable Final Terms and shall be at least equal to the nominal amount of the Notes or (b) calculated in accordance with the formulas provided in the Technical Annex.

6.2 Redemption for tax reasons

Subject to Condition 6.7, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Variable Interest Note) or on any Interest Payment Date (if this Note is a Variable Interest Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment due under the Notes, Receipts or Coupons, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of France or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of this Base Prospectus; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 60 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts.

Notes redeemed pursuant to this Condition 6.2 will be redeemed at their Early Redemption Amount referred to in Condition 6.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

6.3 Special Tax Redemption

If the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, Receipts or Coupons be prevented by the laws of France from causing payment to be made to the Noteholders, Receiptholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Agent and the Issuer shall, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 13, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (a) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons; and
- (b) 14 days after giving notice to the Agent as aforesaid.

6.4 Redemption at the option of the Issuer (Issuer Call)

This Condition 6.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons), such option being referred to as an **Issuer Call**. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 6.4 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption

Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period specified in the applicable Final Terms to the Agent and the Noteholders in accordance with Condition 13 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Early Redemption Date and at the Early Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Early Redemption Date. Unless otherwise specified in the applicable Final Terms, the **Early Redemption Date** (being the date on which the Noteholders will receive the Early Redemption Amount) will be seven (7) Business Days in Luxembourg following the date on which notice is deemed to have been given to the Noteholders in accordance with this paragraph and Condition 13.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a redemption of some only of the Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. In the case of Redeemed Notes represented by a Global Note, the selection will be reflected (at the discretion of Euroclear and/or Clearstream, Luxembourg) either as a pool factor or a reduction in aggregate principal amount. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 6.4 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five (5) days prior to the Selection Date.

6.5 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than fifteen (15) nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. In addition, an amount equal to the Early Reduction Fees may be deducted from the Optional redemption Amount if so specified in the applicable Final Terms. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must,

within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this Condition 6.5 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and is continuing, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6.5 and instead to declare such Note forthwith due and payable pursuant to Condition 9.

6.6 Early Redemption upon the crossing of a Coupon threshold

If Condition 6.6(a) or 6.6(b) below is specified as being applicable in the applicable Final Terms:

- (a) if on an Interest Payment Date the sum of the Coupons (in percentage of the Specified Denomination) paid since the Threshold Observation Start Date (specified in the applicable Final Terms) at least equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on this Interest Payment Date, such date will be deemed to be the Threshold Redemption Date.
- (b) if on any date during the lifetime of the Notes the sum of the Coupons plus the accrued interests (in percentage of the Specified Denomination) paid or accrued since the Threshold Observation Start Date (specified in the applicable Final Terms) equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on the Threshold Redemption Date, being the next Interest Payment Date after the crossing of the Threshold Percentage or the number of business days after the crossing of the Threshold Percentage specified in the applicable Final Terms.

If the Notes are early redeemed upon the crossing of a Coupon threshold, the Issuer shall give notice of the early redemption to the Noteholders in accordance with Condition 13 no later than a minimum of two business days or the number of business days specified in the applicable Final Terms.

6.7 Early Redemption Amounts

For the purpose of Conditions 6.2, 6.3, 6.4 above and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs; or

- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (d) if **Fair Market Value** is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, acting in its sole and absolute discretion, which, shall represent the fair market value of the Notes on, or at a time determined by the Calculation Agent during a period not exceeding five (5) Business Days immediately prior to, the date on which a notice of early redemption is deemed to have been given to the Noteholders pursuant to Condition 6.4 and Condition 13 and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding any other provision of these Conditions, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Early Redemption Unwind Costs means the amount specified in the applicable Final Terms or if **Standard Early Redemption Unwind Costs** are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst each nominal amount of Notes in the Specified Denomination.

6.8 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 6.7.

6.9 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Notes purchased by or on behalf of the Issuer may be, at the option of the Issuer, either surrendered and cancelled or held or resold, in accordance with applicable law.

All Notes purchased by the Issuer may be purchased and held in accordance with Articles L. 213-1-A and D. 213-1-A of the French *Code monétaire et financier*.

6.10 Cancellation

All Notes which are purchased for cancellation or are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes cancelled (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

6.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 6.1, 6.2, 6.3, 6.4 or 6.5 above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 6.7(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

6.12 Redemption for an Administrator/Benchmark Event

In the event that an Administrator/Benchmark Event occurs, the Issuer may (at its option):

- (i) instruct the Calculation Agent to make such adjustment to the conditions of the Notes as it may determine appropriate to account for the relevant event or circumstance; or

- (ii) having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable), on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in Condition 6.7 and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

For the purposes of this Condition 6.12:

Administrator/Benchmark Event means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

Benchmark means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure, all as determined by the Calculation Agent.

Benchmark Modification or Cessation Event means, in respect of the Benchmark:

- (i) any material change in such Benchmark; or
- (ii) the permanent cancellation or cessation in the provision of such Benchmark.

BMR means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

Non-Approval Event means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator of the Benchmark is not obtained;
- (ii) the Benchmark or the administrator of the Benchmark is not included in an official register; or
- (iii) the Benchmark or the administrator of the Benchmark does not fulfil any legal or regulatory requirement applicable to the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator of the Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

Rejection Event means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Benchmark or the administrator of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

Suspension/Withdrawal Event means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator of the Benchmark which is required under any applicable law or

regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or

- (ii) the Benchmark or the administrator of the Benchmark is removed from any official register where inclusion in such register is required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

7. TAXATION

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that any payments in respect of the Notes, Receipts or Coupons be subject to withholding or deduction with respect to any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal, interest other revenues which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder (including a beneficial owner (*ayant droit*)) who is liable for such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with France other than the mere holding of (or beneficial ownership with respect to) such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5.5).

As used herein, the **Relevant Date** in relation to any Note, Receipt or Coupon means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

8. PRESCRIPTION

The Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) thereof.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5.2 or any Talon which would be void pursuant to Condition 5.2.

9. EVENTS OF DEFAULT

The holder of any Note may give written notice to the Issuer and the Agent that the Note is, and it shall accordingly forthwith become, immediately due and repayable at its Early Redemption Amount, together, if appropriate, with accrued interest, if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 30 days after the relevant due date; or
- (b) if the Issuer fails to perform or observe any of its other obligations under the Conditions and such default is not remedied within 45 days after notice of such default has been given to the Issuer by any Noteholder; or
- (c) the Issuer applies for the appointment of an ad hoc representative (*mandataire ad hoc*) under French bankruptcy law, or enters into an amicable procedure (*procédure de conciliation*) with creditors or ceases its payments, or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or the Issuer is subject to similar proceedings, or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's assets are transferred to, and all of the Issuer's debts and liabilities (including the Notes) are assumed by, another entity which continues the Issuer's activities.

10. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced, or destroyed it may be replaced at the specified office of the Agent, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

12. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

13. NOTICES

- (a) All notices regarding the Notes will be deemed to be validly given if published (a) in a leading English language daily newspaper of general circulation in Europe and (b) if and for so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, a daily newspaper of general circulation in Luxembourg or the Luxembourg Stock Exchange's website, www.bourse.lu. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London, the *Luxemburger Wort* in Luxembourg. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.
- (b) Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or on the Luxembourg Stock Exchange's website at www.bourse.lu the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Unless otherwise specified in the applicable Final Terms, any such notice shall be deemed to have been given to the holders of the Notes on such day as is specified in the applicable Final Terms after the said notice was given to Euroclear and/or Clearstream, Luxembourg.
- (c) Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer and shall be convened by the Issuer if required in writing by Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any

adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification (except such modifications in respect of which an increased quorum is required as mentioned above) of the Notes, the Receipts, the Coupons or the Agency Agreement which is not prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

15. AGENTS

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority.

In addition, the Issuer shall forthwith appoint a paying agent having a specified office in New York City in the circumstances described in Condition 5.4. Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of the Issuer and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders, Receiptholders and Couponholders, to repay Notes and pay interest thereon) funds received by the Agent for the payment of the principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders or Couponholders until the expiration of the relevant period of prescription under Condition 8. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

16. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. GOVERNING LAW AND SUBMISSION TO JURISDICTION

17.1 Governing law

The Agency Agreement, the Deed of Covenant, the Notes, the Receipts, the Coupons and any non-contractual obligations arising out of or in connection with any of the aforementioned agreements, deeds and documents are governed by, and shall be construed in accordance with, English law.

17.2 Submission to jurisdiction

The Issuer irrevocably agrees that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and/or the Coupons) and accordingly submit to the exclusive jurisdiction of the English courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders, may take any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Notes, the Receipts and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

17.3 Appointment of Process Agent

The Issuer appoints Crédit Industriel et Commercial, London Branch at its registered office in England at Finsbury Circus House, 15 Finsbury Circus, London EC2M 7EB as its agent for service of process, and undertakes that, in the event of Crédit Industriel et Commercial, London Branch ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

17.4 Other documents

The Issuer has in the Agency Agreement and the Deed of Covenant submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

18. BAIL-IN

18.1 Acknowledgement

Notwithstanding any other term of the Notes or any other agreement, arrangement or understanding between the Issuer and the holders, by its subscription and/or purchase and holding of the Notes, each holder (which for the purposes of this Condition 18 includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in Power by the Relevant Resolution Authority, which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due on a permanent basis;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the holder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (C) the cancellation of the Notes or Amounts Due;
 - (D) the amendment or alteration of the maturity of the Notes or amendment of the Interest Amount payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and
- (ii) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to the exercise of the Bail-in Power by the Relevant Resolution Authority.

18.2 Payment of Interest and Other Outstanding Amounts Due

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of the **Group** (being the Issuer and its consolidated subsidiaries taken as a whole).

18.3 Notice to Holders

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will make available a written notice to the holders as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Agents for information purposes.

18.4 Duties of the Agents

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, (a) the Agents shall not be required to take any directions from holders, and (b) the Agency Agreement shall impose no duties upon any of the Agents whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

18.5 Proration

If the Relevant Resolution Authority exercises the Bail-in Power with respect to less than the total Amounts Due, unless any of the Agents is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

18.6 Conditions Exhaustive

The matters set forth in this Condition 18 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

For the purposes of the Terms and Conditions of the English Law Notes:

Amounts Due means the principal amount, together with any accrued but unpaid interest, and additional amounts payable in accordance with Condition 7, if any, due on the Notes. References to such amounts will include amounts that have become due and payable, but which have not been paid, prior to the exercise of the Bail-in Power by the Relevant Resolution Authority;

BRRD means Directive 2014/59/EU of 15 May establishing the framework for the recovery and resolution of credit institutions and investment firms or such other directive as may come into effect in place thereof, as implemented into French law by Ordinance no. 2015-1024 dated 20 August 2015 (*Ordonnance n° 2015-1024 du 20 août 2015 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*), as amended or replaced from time to time and including any other relevant implementing regulatory provisions;

ADDITIONAL PROVISIONS APPLICABLE TO THE NOTES

Sections 19 to 27 below are applicable to both English Law Notes and French Law Notes. Any reference to “Notes” therein shall therefore apply to English Law Notes or French Law Notes, as the case may be.

19. ADDITIONAL PROVISIONS APPLICABLE TO CREDIT LINKED NOTES

This Condition 19 applies to Credit Linked Notes only. The Technical Annex set out on pages 494 to 525 of this Base Prospectus contains provisions relating to the formulae used to determine amounts payable under Credit Linked Notes. The applicable Final Terms must be read in conjunction with this Condition 19 and with the Technical Annex for full information on any Credit Linked Notes. The applicable Final Terms will specify whether the principal is guaranteed at maturity or not and identify the relevant Reference Entity(ies), the relevant Credit Event(s), the applicable Settlement Method (Auction Settlement, Cash Settlement or Physical Settlement) and Fallback Settlement Method, the Scheduled Maturity Date, the Scheduled Termination Date, the Valuation Date and the Valuation Time, the Valuation Method and the relevant formula, all as determined in accordance with this Condition 19 and the Technical Annex.

PART A – 2009 ISDA CREDIT DERIVATIVES DEFINITIONS

19.1 Payment of Credit Linked Interest upon occurrence of a Credit Event

If payment of Interest under the Notes is conditional upon the occurrence or the non-occurrence of a Credit Event on a Reference Obligation or Reference Entity during the Reference Period, the applicable Final Terms will provide for the formula and/or conditions of such payment in accordance with the provisions of the Technical Annex.

19.2 Redemption of Credit Linked Notes upon occurrence of a Credit Event

(a) Credit Event Notice

If at any time the Calculation Agent determines that a Credit Event has occurred during the Reference Period, whether or not such event is continuing, the Issuer may give a Credit Event Notice during the Notice Delivery Period to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of its intention to redeem the Credit Linked Notes (other than principal protected Credit Linked Notes), and if such notice is so given and the other Conditions to Settlement (as specified in the applicable Final Terms) are satisfied, the Issuer shall, unless otherwise specified in the applicable Final Terms and in accordance with the provisions of the Technical Annex, redeem all but not some only of the Credit Linked Notes then outstanding on the Credit Event Redemption Date, subject to the provisions of Condition 19.15, as determined by the Calculation Agent in its sole discretion. Such redemption shall occur by Physical Settlement and/or, if so specified in the applicable Final Terms, Cash Settlement or Auction Settlement.

The Credit Event Redemption Date may be a date falling after the originally scheduled Maturity Date in which case the originally scheduled Maturity Date shall be deemed to be replaced by the relevant date specified in the Credit Event Notice or otherwise notified to the Noteholders.

For the avoidance of doubt and notwithstanding any other provision of these Conditions, no amount of interest shall be payable on the Notes from (and including) the Interest Payment Date (or, the Interest Commencement Date) immediately preceding the date on which the Credit Event occurred, unless otherwise specified in the applicable Final Terms.

The Credit Event Notice shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, and shall:

- (i) describe the grounds on which the Calculation Agent has determined that a Credit Event has occurred (but need not assert that a Credit Event is continuing);
- (ii) specify the Credit Event Determination Date; and
- (iii) confirm that either (A) the Notes will be redeemed by Delivery of the Deliverable Obligations as specified in the Notice of Physical Settlement (in the case of Physical Settlement and subject to the provisions of Condition 19.14) or (B) the Notes will be redeemed at their Cash Settlement Amount (in the case of Cash Settlement) or (C) the Notes will be redeemed at their Auction Settlement Amount (in the case of Auction Settlement), in each case on the Credit Event Redemption Date.

Unless otherwise stated in the applicable Final Terms in respect of principal protected Credit Linked Notes, once a Credit Event has occurred during the Reference Period and a Credit Event Notice has been issued, the Issuer's only obligation, other than to deliver a Notice of Publicly Available Information (if specified in the applicable Final Terms) and, in the case of Physical Settlement, a Notice of Physical Settlement, shall be to deliver (subject to the provisions of Conditions 19.8, 19.9, 19.10 and 19.11 below) the Deliverable Obligations (in the case of Physical Settlement) and/or pay the Cash Settlement Amount (in the case of Cash Settlement) or, as the case may be, pay a *pro rata* amount in respect of each Note of the Auction Settlement Amount (in the case of Auction Settlement), on the Credit Event Redemption Date. Upon Delivery of the Deliverable Obligations and/or, as the case may be, payment of the Cash Settlement Amount or Auction Settlement Amount in respect of each Note, the Issuer shall have discharged all of its obligations in respect of such Note and shall have no other liability or obligation whatsoever in respect thereof.

Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, there may be more than one Credit Event Notice delivered in respect of the same Reference Entity, as further described in Condition 19.15 below.

If "First to Default Credit Linked Note" is specified as "Applicable" in the Final Terms, then this paragraph (a) shall apply only to the Reference Entity in respect of which a Credit Event has occurred first in time with respect to the other Reference Entities specified in the Final Terms.

(b) Determination of the occurrence of a Credit Event

The Calculation Agent shall determine whether or not a Credit Event has occurred during the Reference Period. The Calculation Agent shall, however, have no duty or responsibility to investigate or check whether such Credit Event has or may have occurred or is continuing on any date and shall be entitled to assume, in the absence of actual knowledge to the contrary of the employees or officers of the Calculation Agent directly responsible for the time being for making determinations hereunder, that no Credit Event has occurred or is continuing.

When determining the existence or occurrence of any Credit Event, the determination shall be made without regard to:

- (i) any lack or alleged lack of authority or capacity of a Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;

- (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (iii) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (iv) the imposition of or any change in any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

If the Calculation Agent determines in its sole and absolute discretion that a Credit Event has occurred during the Reference Period it shall promptly notify the Issuer and the Agent. The determination by the Calculation Agent of the occurrence of a Credit Event shall (in the absence of wilful default, bad faith or manifest error) be conclusive and binding on all persons (including, without limitation, the **Noteholders**).

(c) **Calculation Agent and notices**

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under or pursuant to this Condition shall (in the absence of manifest error) be final and binding on the Issuer and the Noteholders. In performing its duties pursuant to the Notes, the Calculation Agent shall act in its sole and absolute discretion. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under or pursuant to the Notes including, without limitation, the giving of any notice to any party, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and neither the Calculation Agent nor the Issuer shall bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

A notice delivered by the Calculation Agent to the Issuer and/or the Agent on or prior to 5.00 p.m., Luxembourg time on a TARGET2 Business Day will be effective on such TARGET2 Business Day. A notice delivered after 5:00 p.m., Luxembourg time will be deemed effective on the next following Business Day regardless of the form in which it is delivered. For the purposes of the two preceding sentences, a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of such notice within one TARGET2 Business Day of such notice.

19.3 Auction Settlement

Where the Issuer is to redeem Notes by means of Auction Settlement, the redemption of each Note shall be effected by the payment of the Auction Settlement Amount on the Credit Event Redemption Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

Unless settlement has occurred in accordance with the above paragraph, if (a) an Auction Cancellation Date occurs, (b) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option), (c) ISDA publicly

announces that the relevant Credit Derivatives Determinations Committee has Resolved, following a Credit Event Resolution Request Date, not to determine the matters described in paragraphs (a) and (b) of the definition of Credit Event Resolution Request Date, (d) a Credit Event Determination Date was determined pursuant to paragraph (a) of the definition of Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date or (e) a Credit Event Determination Date was determined pursuant to paragraph (b)(ii) of the definition of Credit Event Determination Date, then:

- (a) if "Fallback Settlement Method – Physical Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.6; or
- (b) if "Fallback Settlement Method – Cash Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.7.

19.4 Market Disruption

Market Disruption Event means the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the event triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

19.5 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event

occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 19:

Knock-in Event means an event specified as such in the applicable Final Terms as of the Knock-in Valuation Time on any Knock-in Determination Day and which may be an event *per se*, specified in the applicable Final Terms or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Level.

Knock-in Level means a level specified as such in the applicable Final terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-in Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-in Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-in Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Valuation Time means the time or period of time on any Knock-in Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time.

Knock-out Event means an event specified as such in the applicable Final Terms as of the Knock-out Valuation Time on any Knock-out Determination Day and which may be an event *per se* or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-out Level.

Knock-out Level means a level determined as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

Knock-out Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Valuation Time means the time or period of time on any Knock-out Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time.

19.6 Physical Settlement

Where the Issuer is to redeem the Notes by means of Physical Settlement, the redemption of each Note shall, subject as provided in Condition 5.7, be effected by the Delivery Agent on behalf of the Issuer to the Noteholders of the Deliverable Obligations on the Credit Event Redemption Date.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Delivery Agent on behalf of the Issuer shall deliver the Deliverable Obligations subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then an amount of the Deliverable Obligations equivalent in value to such net loss shall be sold by the Issuer to compensate it therefor, and the remaining portion of the Deliverable Obligations, if any, shall be delivered; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid in cash to the Noteholders in addition to the Deliverable Obligations.

In the case of Deliverable Obligations that are Borrowed Money obligations, (i) the Issuer will Deliver Deliverable Obligations with an outstanding principal balance (including accrued but unpaid interest (as determined by Calculation Agent) if "Include Accrued Interest" is specified in the Final Terms, but excluding accrued but unpaid interest if "Exclude Accrued Interest" is specified in the Final Terms, and if neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the Final Terms, excluding accrued but unpaid interest) and (ii) in the case of Deliverable Obligations that are not Borrowed Money obligations, the Issuer will Deliver Deliverable Obligations with a Due and Payable Amount (or, in the case of either (i) or (ii), the equivalent Currency Amount of any such amount), in an aggregate amount as close as possible to the outstanding Aggregate Nominal Amount of the Notes.

The portion of Deliverable Obligations deliverable in respect of each Note shall be determined by reference to the proportion that the Specified Denomination of such Note bears to the outstanding Aggregate Nominal Amount of the Notes. If a Deliverable Obligation by its terms represents or contemplates an obligation to pay an amount greater than the outstanding principal balance of such obligation as of the Delivery Date as a result of the occurrence or non-occurrence of an event or circumstance, the outstanding principal balance of such obligation shall not include any additional amount that would be payable upon the occurrence or non-occurrence of such event or circumstance.

Unless otherwise specified in the applicable Final Terms, a Notice of Physical Settlement must be delivered by the Issuer to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, on or before the 30th calendar day after the relevant Event Determination Date (such 30th calendar day being the **Physical**

Determination Date). For purposes of determining whether such Notice of Physical Settlement has been so delivered by the Physical Determination Date, the date on which the Notice of Physical Settlement is given (whether or not subsequently changed) shall be used.

For the avoidance of doubt, failure to deliver a Notice of Physical Settlement to the Noteholders shall not relieve the Issuer from its obligation to redeem the Notes. If on the Physical Determination Date no Notice of Physical Settlement has been delivered to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall be obliged to redeem the Notes in cash at their outstanding Aggregate Nominal Amount as soon as reasonably practicable and the date on which the Notes are redeemed shall be deemed to be the Credit Event Redemption Date.

19.7 Cash Settlement

Where the Issuer is to redeem the Notes by means of Cash Settlement, the redemption of each Note shall be effected by the payment by the Issuer to the Noteholders of the Cash Settlement Amount on the Cash Settlement Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Issuer shall pay the Cash Settlement Amount, subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then the net loss shall be deducted from the Cash Settlement Amount; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid to the Noteholders in addition to the Cash Settlement Amount.

19.8 Partial Cash Settlement due to illegality or impossibility

If, due to an event beyond the control of the Issuer or a Noteholder (including, without limitation, failure of the relevant clearing system or due to any law, regulation or court order but excluding market conditions or the failure to obtain any requisite consent with respect to the Delivery of Loans), the Calculation Agent determines in its sole discretion that it is impossible or illegal for the Delivery Agent or the Issuer to Deliver, or (as the case may be) for such Noteholder to accept Delivery of, any portion of the Deliverable Obligations on the Physical Settlement Date, then on such date:

- (a) the Issuer shall Deliver, or cause the Delivery Agent to Deliver, and the Noteholder shall take Delivery of, that portion of the Deliverable Obligations which it is possible and legal to Deliver; and
- (b) the Calculation Agent shall provide a description to the Issuer and the relevant Noteholder(s) in reasonable detail of the facts giving rise to such impossibility or illegality and as soon as practicable thereafter the Delivery Agent or, as the case may be, the Issuer shall Deliver and the Noteholder shall take Delivery of the portion of the Deliverable Obligations which has not been Delivered and such date will be deemed to be the Credit Event Redemption Date.

If, upon the determination by the Calculation Agent as aforesaid of the occurrence of any such impossibility or illegality, the Deliverable Obligations is not Delivered to the Noteholder(s) (or any of their designees) on or before the Latest Permissible Physical Settlement Date, Cash Settlement

pursuant to the Partial Cash Settlement Terms shall be deemed to apply to such portion of the Deliverable Obligations that cannot be Delivered (the **Undeliverable Obligations**).

19.9 Partial Cash Settlement of Loans

Where the applicable Final Terms provides that "Assignable Loan" and/or "Consent Required Loan" is/are included in the "Deliverable Obligation Characteristics", if any Assignable Loans or Consent Required Loans are not, on the Physical Settlement Date, capable of being assigned or novated to any particular Noteholder or such Noteholder's designee due to non-receipt of any requisite consents and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date (together the **Undeliverable Loan Obligations**), Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to that portion of the Deliverable Obligations that consists of Undeliverable Loan Obligations. In such circumstances, the Issuer may satisfy its obligations in respect of such portion of the Deliverable Obligations by payment of the Cash Settlement Amount on the Cash Settlement Date.

19.10 Alternative Cash Settlement

If with respect to physically settled Notes, (i) the Deliverable Obligations comprise Bonds, Assignable Loans or Consent Required Loans (the **Deliverable Assets**) and if (ii), in the opinion of the Calculation Agent, any particular Noteholder is not eligible for Physical Settlement for any part of such Deliverable Assets (the **Non-Eligible Deliverable Assets**) then such Non-Eligible Deliverable Assets will be subject to Cash Settlement pursuant to the Partial Cash Settlement Terms. In such circumstances, the Issuer may satisfy its obligations in respect of such Non-Eligible Deliverable Assets by payment to such Noteholder of the Cash Settlement Amount on the Cash Settlement Date.

19.11 No Deliverable Obligations

Where the Issuer is to redeem the Notes by means of Physical Settlement (or by Cash Settlement or in connection with principal protected Credit Linked Notes, in either case when necessary calculations relate to Deliverable Obligations or Deliverable Obligation Characteristics), if a Credit Event occurs with respect to any particular Reference Entity and the Calculation Agent determines in its sole discretion that (a) no Deliverable Obligation exists on the Physical Settlement Date (or the Valuation Date, as the case may be), or (b) the Issuer, or the Delivery Agent on the Issuer's behalf, is for any reason (other than (a) immediately above or as set out in Condition 19.8 or 19.9 above or in the applicable Final Terms), unable to procure any Deliverable Obligations, or a sufficient amount of Deliverable Obligations, by the thirtieth day following the Physical Settlement Date, then the Calculation Agent shall have the right in its sole discretion to either (i) in the case of (a) above, cause all of the Notes to become due and repayable as soon as reasonably practicable at their outstanding Aggregate Nominal Amount (excluding accrued interest) or (ii) in the case of (b) above, either (A) elect Physical Settlement in a *pro rata* fashion that portion of each Note to the extent that the aggregate amount of Deliverable Obligations due exceeds the aggregate amount of Deliverable Obligations available and elect Cash Settlement for the remaining portion of each Note in accordance with (B) below, or (B) elect that Cash Settlement pursuant to the Partial Cash Settlement Terms shall apply to such Deliverable Obligation (such Deliverable Obligation being deemed an Undeliverable Obligation for these purposes) and the Issuer may satisfy its obligations in respect of such Deliverable Obligation by payment to the Noteholder(s) of the Cash Settlement Amount on the Cash Settlement Date, such amount to be apportioned *pro rata* among the Noteholders.

19.12 Partial Cash Settlement Terms

The following terms are deemed to be defined as follows for the purposes of the Partial Cash Settlement Terms referred to in Condition 19.8, 19.9, 19.10 and 19.11 above:

Dealer means a dealer, financial institution or fund (which, for the avoidance of doubt, shall include the Issuer or any Affiliate of the Issuer) that deals or invests in obligations of the type of Obligation(s) for which Quotations are to be obtained. The Calculation Agent shall select the Dealers in good faith and in a commercially reasonable manner. Upon a selected Dealer no longer being in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may substitute any other Dealer(s) for one or more of the foregoing. Any bid quotation provided by the Issuer shall be deemed to be a firm quotation that it would provide to a counterparty in the market.

Final Price means the price of the obligation being valued, expressed as a percentage, determined in accordance with the specified Valuation Method. The Calculation Agent shall, as soon as practicable after obtaining all Quotations for a Valuation Date, notify the Issuer of each such Quotation that it receives in connection with the calculation of the Final Price and shall provide the Issuer a written computation showing its calculation of the Final Price.

Highest means the highest Quotation obtained by the Calculation Agent (or in accordance with the definition of "Quotation") with respect to any Valuation Date.

Latest Permissible Physical Settlement Date means, in respect of Condition 19.8, the date that is 30 calendar days after the Physical Settlement Date and, in respect of Condition 19.9, the date that is fifteen Business Days after the Physical Settlement Date.

Market means the Market Value determined by the Calculation Agent with respect to the Valuation Date.

Market Value means, with respect to obligations being valued on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest and lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained on any of the next ten Business Days thereafter, any one Full Quotation on such tenth Business Day, and or if no Full Quotation is obtained, the Market Value shall be the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Minimum Quotation Amount shall be as specified in the applicable Final Terms or shall be deemed to be equal to the applicable Specified Denomination of the Notes.

Partial Cash Settlement is deemed to be the payment by the Issuer of the Cash Settlement Amount to the Noteholders on the Cash Settlement Date.

Partial Cash Settlement Amount is deemed to be, for each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, the aggregate of the greater of (i) the aggregate of (A) outstanding principal balance, Due and Payable Amount or Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Undeliverable Loan Obligation and (ii) zero.

Partial Cash Settlement Date is deemed to be the date that is three Business Days after the calculation of the Final Price or such other date specified in the relevant Final Terms.

Quotation means each Full Quotation, the Weighted Average Quotation obtained and expressed as a percentage with respect to a Valuation Date as follows:

The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day, the Quotations shall be deemed to be any Full Quotation obtained from a Dealer on such tenth Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Quotation Amount shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, with respect to each type of Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, an amount equal to the outstanding principal balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset.

Quotation Method means the applicable quotation method which may be specified in the Final Terms as being one of the following:

- (a) **Bid** means that only bid quotations shall be requested;
- (b) **Mid** means that the bid and offer quotations shall be requested and averaged for the purposes of determining a relevant Dealer's quotation; or
- (c) **Ask** means that only offer quotations shall be requested.

Valuation Date is deemed to be the date that is two Business Days after the Latest Permissible Physical Settlement Date.

Valuation Time is deemed to be 11:00 a.m. London time, or 11:00 a.m. in the principal trading market of the relevant obligation as determined by the Calculation Agent, unless stated otherwise in the applicable Final Terms.

Valuation Method shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, (i) if only one Valuation Date, Highest, or (ii) if more than one Valuation Date, Average Highest, or if "Market" has been designated in the relevant Final Terms, "Market Value" shall apply.

Weighted Average Quotation means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Relevant Dealers at the Valuation Time, to the extent reasonably practicable, with an amount of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

19.13 Maturity Date Extension

Unless otherwise stated in the applicable Final Terms if, prior to any payment date under the Notes, (a) a Potential Failure to Pay has occurred with respect to one or more of the Obligations; (b) under the terms of such Obligation(s), a grace period is applicable to payments under the Obligation(s); and (c) such grace period does not expire on or prior to such payment date under the Notes, then such Interest Payment Date or, as the case may be, the Maturity Date, shall be postponed until the fifth Business Day after such Potential Failure to Pay has been remedied, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if the Potential Failure to Pay has not been remedied during the applicable grace period.

No adjustment shall be made to the amount of any interest as a result of such delay. The Issuer shall endeavour to give notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, as soon as reasonably practicable should the Maturity Date or any payment date be postponed pursuant to the foregoing.

19.14 Repudiation/Moratorium Maturity Date Extension

Unless stated otherwise in the applicable Final Terms if, prior to the Maturity Date under the Notes, (a) "Repudiation/Moratorium" is listed as an applicable Credit Event in the applicable Final Terms; (b) a Potential Repudiation/Moratorium has occurred with respect to one or more of the Obligations; and (c) such Potential Repudiation/Moratorium has not been remedied or rescinded prior to the Maturity Date, then the Maturity Date shall be postponed until the fifth Business Day after such Potential Repudiation/Moratorium has been remedied or rescinded, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if (i) such Potential Repudiation/Moratorium has not been remedied or rescinded by the sixtieth day after the original Maturity Date (or if the Obligation which is the subject of the Potential Repudiation/Moratorium is a Bond, the later of the sixtieth day or the first payment date under such Bond after the Maturity Date), or (ii) a Restructuring (without regard to the Default Requirement) or a Failure to Pay (determined without regard to the Payment Requirement or any change or amendment to such Obligation as a result of such Restructuring), has occurred with respect to any such Obligation.

No adjustment shall be made to the amount of any interest as a result of such delay. The Issuer shall endeavour to give notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, as soon as reasonably practicable should the Maturity Date be postponed pursuant to the foregoing.

19.15 Restructuring Credit Event Applicable

Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, unless otherwise specified in the applicable Final Terms with respect to a specific Reference Entity, the Issuer may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event. Accordingly, notwithstanding Conditions 19.1 to 19.14 above, where a Restructuring Credit Event has occurred and the Issuer has delivered a Credit Event Notice for an amount that is less than the outstanding Aggregate Nominal Amount of the Notes outstanding immediately prior to the delivery of such Credit Event Notice (the **Exercise Amount**), the provisions of Conditions 19.1 to 19.14 above shall be deemed to apply to a nominal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly. Each such Note shall be redeemed in part (such redeemed part being equal to the resultant figure of the Exercise Amount divided by the number of Notes outstanding).

The Notes shall be deemed to be redeemed *pro rata* in an amount equal to the Exercise Amount only. The Notes in an amount equal to the Outstanding Amount shall remain outstanding and

interest shall accrue on the Outstanding Amount as provided for in Condition 4 (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).

In respect of any subsequent Credit Event Notices delivered:

- (a) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring must be equal to the then outstanding Aggregate Nominal Amount of the Notes (and not a portion thereof); and
- (b) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring Credit Event must be an amount that is at least 1,000,000 units of the currency (or, if Japanese Yen, 100,000,000 units) in which the nominal amount is denominated or any integral multiple thereof or the entire then outstanding Aggregate Nominal Amount of the Notes.

If the provisions of this Condition 19.15 apply in respect of the Notes, on redemption of part of each such Note, the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

If "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified in the applicable Final Terms relating to any particular Reference Entity, and Restructuring is the only Credit Event specified in a Credit Event Notice relating to such Reference Entity, then an obligation can only be a Deliverable Obligation if it (a) is a Fully Transferable Obligation and (b) has a final maturity date not later than the Restructuring Maturity Limitation Date.

If "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the applicable Final Terms relating to any particular Reference Entity, and Restructuring is the only Credit Event specified in a Credit Event Notice relating to such Reference Entity, then an obligation can only be a Deliverable Obligation if it (a) is a Conditionally Transferable Obligation and (b) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

19.16 General

For such period of time after the relevant Physical Settlement Date as the Issuer or any other person (other than a Noteholder) shall continue to be the legal owner of the securities, interests or other assets comprising the Deliverable Obligations (the **Intervening Period**), neither the Issuer nor any other such person shall:

- (a) be under any obligation to deliver or procure delivery to such Noteholder(s) or any subsequent beneficial owner of such securities any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such securities; or
- (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities during the Intervening Period; or
- (c) be under any liability to such Noteholder(s) or any subsequent beneficial owner of such securities in respect of any loss or damage which such Noteholder(s) or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities during such Intervening Period (including, without limitation, any loss or damage resulting

from the failure to exercise any or all rights (including voting rights) attaching to such securities during the Intervening Period).

19.17 Terms relating to Successor Events

(a) **Successor**

(i) For the purposes of these Conditions, Successor means:

(A) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set forth below:

- I. if an entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor;
- II. if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
- III. if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and the Conditions and the Final Terms will be adjusted as provided in paragraph (b) below;
- IV. if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will be a Successor and the Conditions and the Final Terms will be adjusted as provided in paragraph (ii)(b) below;
- V. if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity and the Conditions and the Final Terms will not be changed in any way as a result of the Succession Event; and
- VI. if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the

greatest percentage of the Relevant Obligations (or, if two or more entities succeed to an equal percentage of the Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor.

- (B) In relation to a Sovereign Reference Entity, Successor means each entity which becomes a direct or indirect successor such to Reference Entity by way of Succession Event irrespective of whether any such successor assumes any of the obligations of such Reference Entity.
- (ii) The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but not earlier than 14 calendar days after the legally effective date of the occurrence of the relevant Succession Event), and with effect from the legally effective date of the occurrence of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under paragraph (i)(A)(IV) above, as applicable; provided that the Calculation Agent will not make any such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in (a) above and paragraphs (a) and (b)(A) of the definition of Succession Event Resolution Request Date (in the case of a Reference Entity that is not a Sovereign) or (b) above and paragraphs (a) and (b)(B) of the definition of Succession Event Resolution Request Date (in the case of a Sovereign Reference Entity) are satisfied in accordance with the Rules (until such time (if any) that ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating whether the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under paragraph (i)(A)(IV) above, as applicable, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information (as defined below). In the case of Notes listed on a stock exchange, the appropriate documentation will be filed with the relevant stock exchange.

Where applicable, the Calculation Agent shall apply, *mutatis mutandi*, the Resolution of the relevant Credit Derivatives Determinations Committee relating to a Succession Event to the relevant Notes.

(b) **Adjustments following a Succession Event resulting in more than one Successor**

- (i) If, pursuant to paragraph (a)(i)(A)III or IV above, more than one Successor has been identified, then each Note shall be deemed, solely for purposes of the partial redemption provisions set out in this paragraph (b), to be divided into the same number of new Notes (each a New Note) as there are Successors, with the following terms:
 - (A) each Successor will be the Reference Entity for the purposes of one of the New Notes; and
 - (B) in respect of each New Note, the principal amount will be the principal amount of the Note divided by the number of Successors.

- (ii) If a Credit Event Determination Date occurs in respect of a Reference Entity in relation to a New Note, each Note will be partially redeemed in an amount equal to the principal amount of the relevant New Note (the aggregate of such principal amounts being the relevant Partial Redemption Amount). In such case, the provisions of this Condition 19 and the other provisions of the Final Terms shall apply to a principal amount of the Notes equal to the Partial Redemption Amount only and all such provisions shall be construed accordingly.
- (iii) The Notes, in an amount equal to their outstanding principal amount prior to any such partial redemption less the Partial Redemption Amount, shall remain outstanding (the **Principal Amount Outstanding**), subject to the Conditions and the Final Terms, which shall otherwise continue in full force and effect, including, without limitation, the accrual of interest on the Principal Amount Outstanding of such Notes as provided in Condition 4 and in the Final Terms (adjusted to reflect the partial redemption under this paragraph (b) and otherwise in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).
- (iv) For the avoidance of doubt:
 - (A) notwithstanding the occurrence of a Credit Event in respect of a Reference Entity and partial redemption of the Notes as provided in this paragraph (b), nothing shall prevent the Calculation Agent from delivering a further Credit Event Notice in respect of any Credit Event that may occur in respect of any other Reference Entity; and
 - (B) the provisions of this Condition 19.17 (as a whole) shall apply to the portion of each Note represented by a New Note in the case of any subsequent Succession Event affecting the relevant Reference Entity.
- (v) If the Notes are partially redeemed pursuant to this paragraph (b), each such Note or, if the Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such partial redemption.
- (vi) The Calculation Agent shall adjust any other of the Conditions and/or the applicable Final Terms as it, in its sole and absolute discretion acting in a commercially reasonable manner, shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts any of the Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Notes in accordance with the Definitions.
- (vii) Upon the Calculation Agent determining the identity of more than one Successor in accordance with the provisions of this paragraph (b), the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be), stating the adjustments it has made to the Conditions and/or the applicable Final Terms (including, inter alia, specifying the names of the Successors, setting out the Partial Redemption Amount, and giving brief details of the relevant Succession Event).
- (viii) Where:
 - (A) one or more Successors to the Reference Entity have been identified; and

- (B) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined by the Calculation Agent.

Substitute Reference Obligation means, for the purposes of this Condition 19, one or more obligations of the Reference Entity (either directly or as provider of any Qualifying Guarantee) that will replace one or more Reference Obligations, identified by the Calculation Agent in accordance with the following procedures:

- I. In the event that (i) a Reference Obligation is redeemed in whole or (ii) all Reference Obligations are being bought with respect to an unconditional public offer, or (iii) in the opinion of the Calculation Agent (A) the aggregate amounts due under any Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments), (B) any Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms, or (C) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.
- II. Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that (i) ranks *pari passu* (or, if no such Obligation exists, then, at the Calculation Agent's option, an Obligation that ranks senior) in priority of payment with such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the later of (A) the Issue Date and (B) the date on which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such later date), (ii) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent in good faith and a commercially reasonable manner, of the delivery and payment obligations under the Notes and (iii) is an obligation of a Reference Entity (either directly or as provider of a Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation(s).
- III. If more than one specific Reference Obligation is identified as a Reference Obligation in relation to the Final Terms, any of the events set forth under sub-paragraph I above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines in good faith and in a commercially reasonable manner that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute

Reference Obligation is available shall cease to be a Reference Obligation.

- IV. If more than one specific Reference Obligation is identified as a Reference Obligation in the Final Terms, any of the events set forth under sub-paragraph I above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines in good faith and a commercially reasonable manner that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.
- V. If (i) more than one specific Reference Obligation is identified as a Reference Obligation in relation to any Series, any of the events set forth in sub-paragraph I above has occurred with respect to all of the Reference Obligations and the Calculation Agent determines in good faith and a commercially reasonable manner that no Substitute Reference Obligation is available for any of the Reference Obligations, or (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to a Series, any of the events set forth in sub-paragraph I above has occurred with respect to such Reference Obligation and the Calculation Agent determines in good faith and a commercially reasonable manner that no Substitute Reference Obligation is available for that Reference Obligation, then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the Extension Date. If (A) either (i) Cash Settlement is specified as the Settlement Method in the applicable Final Terms (or is applicable pursuant to the Fallback Settlement Method) and the Credit Event Redemption Amount is determined by reference to a Reference Obligation or (ii) either Auction Settlement or Physical Settlement is specified as the Settlement Method in the applicable Final Terms (or, in the case of Physical Settlement, is applicable pursuant to the Fallback Settlement Method) and, in each case, the Reference Obligation is the only Deliverable Obligation and (B) on or prior to the Extension Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), a Substitute Reference Obligation has not been identified, the Issuer shall have the right on or after the Extension Date to early redeem the Notes at the Early Redemption Amount (determined by the Calculation Agent taking into account the creditworthiness of the Reference Entity at the time of early redemption) by notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

For purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

- (ix) For the purposes of this paragraph (b), the following definitions shall apply and, where relevant, shall modify the definitions set out elsewhere in the Conditions and/or the applicable Final Terms:

Best Available Information means:

- (A) in the case of a Reference Entity which files information (including unconsolidated, pro forma financial information which assumes that the relevant Succession Event has occurred) with its primary securities regulators or primary stock exchange or which provides such information to its shareholders, creditors or other persons whose approval of the Succession Event is required, that unconsolidated, pro forma financial information or, if provided subsequently to unconsolidated, pro forma financial information but before the Calculation Agent makes its determination for the purposes of this paragraph (b), other information that is contained in any written communication provided by the Reference Entity to its primary securities regulators, primary stock exchange, shareholders, creditors or other persons whose approval of the Succession Event is required; or
- (B) in the case of a Reference Entity which does not file with securities regulators or a stock exchange, or which does not provide to shareholders, creditors or other persons whose approval of the Succession Event is required, the information contemplated in (A) above, the best publicly available information at the disposal of the Calculation Agent to allow it to make a determination for the purposes of this paragraph (b).

Information which is made available more than 14 days after the legally effective date of the Succession Event shall not constitute Best Available Information.

Relevant Obligations means the Obligations constituting Bonds and Loans of the Reference Entity outstanding immediately prior to the effective date of the Succession Event, excluding any debt obligations outstanding between the Reference Entity and any of its Affiliates, as determined by the Calculation Agent. The Calculation Agent will determine the entity to which such Relevant Obligations are transferred on the basis of the Best Available Information. If the date on which the Best Available Information is available or is filed precedes the legally effective date of the relevant Succession Event, any assumptions as to the allocation of obligations between or among entities contained in the Best Available Information will be deemed to have been fulfilled as of the legally effective date of the Succession Event, whether or not this is in fact the case.

Succession Event means (i) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event in which one entity succeeds to the obligations of another entity whether by operation of law or pursuant to any agreement or (ii) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity. Notwithstanding the foregoing, "Succession Event" shall not include an event (A) in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event or (B) with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is

Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) applicable to the relevant Series.

Succession Event Backstop Date means (i) for purposes of any event that constitutes a Succession Event for purposes of the relevant Notes, as determined by DC Resolution, the date that is 90 calendar days prior to the Succession Event Resolution Request Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) or (ii) otherwise, the date that is 90 calendar days prior to the earlier of (A) the date on which the Succession Event Notice is effective and (B) in circumstances where (I) the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in paragraphs (a) and (b) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules, (II) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters and (III) the Succession Event Notice is delivered by the Calculation Agent to the Principal Paying Agent not more than fourteen calendar days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters, the Succession Event Resolution Request Date. The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention unless specified in the applicable Final Terms that the Succession Event Backstop Date will be adjusted in accordance with a specified Business Day Convention.

Succession Event Notice means an irrevocable notice from the Calculation Agent to the Issuer that describes a Succession Event that occurred on or after the Succession Event Backstop Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)).

A Succession Event Notice must contain a description in reasonable detail of the facts relevant to the determination, of (i) whether a Succession Event has occurred and (ii) if relevant, the identity of any Successor(s).

Succession Event Resolution Request Date means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

- (a) whether an event that constitutes a Succession Event for purposes of a Series has occurred with respect to the relevant Reference Entity; and
- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred, (A) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event or (B) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

For the purposes of this Condition 19.17, **succeed** means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to sub-paragraph (a)(1)(aa) above shall be made, in the case of an exchange offer, on the basis of the outstanding principal balance of

Relevant Obligations tendered and accepted in the exchange and not on the basis of the outstanding principal balance of Bonds for which Relevant Obligations have been exchanged.

Subsequent to a Succession Event, the Obligation Characteristics and Deliverable Obligation Characteristics of any Successor shall continue to be the same Obligation Characteristics and Deliverable Obligation Characteristics of the relevant predecessor Reference Entity of such Successor, unless the Calculation Agent notifies the Issuer and the Noteholders that the Obligation Characteristics and/or Deliverable Obligation Characteristics have been updated to reflect the then market standard based upon each such Successor's geographic region of organisation or jurisdiction.

19.18 Consequences of an Early Amortisation of the Reference Obligation

If the Reference Obligation Notional Amount, as specified in the applicable Final Terms, is subject to reduction as a result of scheduled or accelerated amortisation, acceleration of payment obligations, redemption or otherwise, but excluding any payment in respect of principal representing capitalised interest (an **Early Amortisation**), then the Issuer may elect in its sole and absolute discretion, after giving Notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be:

- (a) to maintain the terms and conditions of the Notes unaltered;
- (b) to partially redeem each Note within five (5) Business Days following the Early Amortisation Date by an amount (the **Redeemed Amount**) equal to its pro rata share of the Fair Market Value of such portion of the Reference Obligation Notional Amount early amortised on the Early Amortisation Date (as defined below) (where such pro rata share will be determined by reference to the proportion of the outstanding Aggregate Nominal Amount of the Notes), plus interest for the period from and including the Early Amortisation Date to but excluding the redemption date calculated on the basis of a rate of interest equal to the arithmetic mean of EONIA Fixed (as defined below) on the Early Redemption Date. The Specified Denomination, the formula or any other characteristics of the Notes shall be adjusted accordingly by the Calculation Agent to reflect such Early Amortisation. For the avoidance of doubt, the portion of the Notes not affected by the Early Amortisation shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (c) to redeem in whole all but not some only of the Notes at their Fair Market Value.

EONIA Fixed means the reference rate as determined on the Early Redemption Date equal to:

- (a) the European Overnight Index Average for deposits in Euro as calculated on a daily basis under the supervision of the European Network of Central Banks and broadcast on the immediately following TARGET2 Business Day on page EONIA of the Reuters Monitor Money Rates Service (or any replacement page on that service) or, if no such service is available, the rate which appears on any other service which displays an average overnight rate for deposits in Euro as calculated on a daily basis selected by the Calculation Agent in its sole and absolute discretion (the **EONIA Screen Rate**); or
- (b) if no EONIA Screen Rate is available, the arithmetic mean of the rates (rounded upwards to four decimal places) as supplied to the Calculation Agent at its request quoted to the Reference Banks by leading banks in the European interbank market on the immediately following TARGET2 Business Day for overnight deposits in Euro.

19.19 Specific adjustments regarding credit indices and index tranches

With respect to a credit index or an index tranche referred to in the payouts entitled “Basket/Index Credit Linked Notes”; “Index Tranche Credit Linked Notes”, “ⁿth to Default Credit Linked Notes Early Redeemed” and “ⁿth to Default Credit Linked Notes Redeemed at Maturity” in paragraph 4.3 of the Technical Annex, upon the occurrence of an event that the Calculation Agent considers, acting in a commercially reasonable manner, as materially impacting the credit index or the index tranche (including but not limited to trading disruptions, market instability or force majeure events), the Calculation Agent shall (i) apply the fallback provisions set forth in the relevant underlying hedging agreement entered into by the Issuer which shall be disclosed in the applicable Final Terms or (ii) if such relevant hedging agreement is not communicated by the Issuer, the Calculation Agent shall apply the fallback provisions that it considers as appropriate given the circumstances, acting in a commercially reasonable manner.

Unless otherwise specified in the related Final Terms, if the Deliverable Obligation Characteristic Assignable Loan is specified as Applicable in the related Final Terms, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the specified Deliverable Obligation Category).

- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds.

Unless otherwise specified in the related Final Terms, if the Deliverable Obligation Characteristic Transferable is specified as Applicable in the related Final Terms, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered by the specified Deliverable Obligation Category).

Unwind Amount means in respect of any Note the amount specified in the applicable Final Terms or if "*Standard Unwind Costs*" are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* in respect of each Note (where such apportionment will be determined by reference to the proportion that the outstanding nominal amount of any Note bears to the outstanding Aggregate Nominal Amount of the Notes).

Valuation Date means the date specified in the applicable Final Terms.

Valuation Time means the relevant time specified in the applicable Final Terms, or if "Calculation Agent" is specified, any time (as selected by the Calculation Agent in its sole and absolute discretion) on the Valuation Date during the hours that Dealers customarily bid for obligations such as the Reference Obligation.

PART B – 2014 ISDA CREDIT DERIVATIVES DEFINITIONS

19.21 Payment of Credit Linked Interest upon occurrence of a Credit Event

If payment of Interest under the Notes is conditional upon the occurrence or the non-occurrence of a Credit Event on a Reference Obligation or Reference Entity during the Reference Period, the applicable Final Terms will provide for the formula and/or conditions of such payment in accordance with the provisions of the Technical Annex.

19.22 Redemption of Credit Linked Notes upon occurrence of a Credit Event

(a) Credit Event Notice

If at any time the Calculation Agent determines that a Credit Event has occurred during the Reference Period, whether or not such event is continuing, the Issuer may give a Credit Event Notice during the Notice Delivery Period to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of its intention to redeem the Credit Linked Notes (other than principal protected Credit Linked Notes), and if such notice is so given, the Issuer shall, unless otherwise specified in the applicable Final Terms and in accordance with the provisions of the Technical Annex, redeem all but not some only of the Credit Linked Notes then outstanding on the Credit Event Redemption Date, subject to the provisions of Condition 19.35, as determined by the Calculation Agent in its sole discretion. Such redemption shall occur by Physical Settlement and/or, if so specified in the applicable Final Terms, Cash Settlement or Auction Settlement.

The Credit Event Redemption Date may be a date falling after the originally scheduled Maturity Date in which case the originally scheduled Maturity Date shall be deemed to be replaced by the relevant date specified in the Credit Event Notice or otherwise notified to the Noteholders.

For the avoidance of doubt and notwithstanding any other provision of these Conditions, no amount of interest shall be payable on the Notes from (and including) the Interest Payment Date (or, the Interest Commencement Date) immediately preceding the date on which the Credit Event occurred, unless otherwise specified in the applicable Final Terms.

The Credit Event Notice shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, and shall:

- (i) describe the grounds on which the Calculation Agent has determined that a Credit Event has occurred (but need not assert that a Credit Event is continuing);
- (ii) specify the Credit Event Determination Date; and
- (iii) confirm that either (A) the Notes will be redeemed by Delivery of the Deliverable Obligations as specified in the Notice of Physical Settlement (in the case of Physical Settlement and subject to the provisions of Condition 19.14) or (B) the Notes will be redeemed at their Cash Settlement Amount (in the case of Cash Settlement) or (C) the Notes will be redeemed at their Auction Settlement Amount (in the case of Auction Settlement), in each case on the Credit Event Redemption Date.

Unless otherwise stated in the applicable Final Terms in respect of principal protected Credit Linked Notes, once a Credit Event has occurred during the Reference Period and a Credit Event Notice has been issued, the Issuer's only obligation, other than to deliver a Notice of Publicly Available Information (if specified in the applicable Final Terms) and, in the case of Physical Settlement, a

Notice of Physical Settlement, shall be to deliver (subject to the provisions of Conditions 19.8, 19.9, 19.10 and 19.11 above) the Deliverable Obligations (in the case of Physical Settlement) and/or pay the Cash Settlement Amount (in the case of Cash Settlement) or, as the case may be, pay a *pro rata* amount in respect of each Note of the Auction Settlement Amount (in the case of Auction Settlement), on the Credit Event Redemption Date. Upon Delivery of the Deliverable Obligations and/or, as the case may be, payment of the Cash Settlement Amount or Auction Settlement Amount in respect of each Note, the Issuer shall have discharged all of its obligations in respect of such Note and shall have no other liability or obligation whatsoever in respect thereof.

Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, there may be more than one Credit Event Notice delivered in respect of the same Reference Entity, as further described in Condition 19.35 below.

If "First to Default Credit Linked Note" is specified as "Applicable" in the Final Terms, then this paragraph (a) shall apply only to the Reference Entity in respect of which a Credit Event has occurred first in time with respect to the other Reference Entities specified in the Final Terms.

(b) Determination of the occurrence of a Credit Event

The Calculation Agent shall determine whether or not a Credit Event has occurred during the Reference Period. The Calculation Agent shall, however, have no duty or responsibility to investigate or check whether such Credit Event has or may have occurred or is continuing on any date and shall be entitled to assume, in the absence of actual knowledge to the contrary of the employees or officers of the Calculation Agent directly responsible for the time being for making determinations hereunder, that no Credit Event has occurred or is continuing.

When determining the existence or occurrence of any Credit Event, the determination shall be made without regard to:

- (i) any lack or alleged lack of authority or capacity of a Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;
- (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (iii) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (iv) the imposition of or any change in any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

If the Calculation Agent determines in its sole and absolute discretion that a Credit Event has occurred during the Reference Period it shall promptly notify the Issuer and the Agent. The determination by the Calculation Agent of the occurrence of a Credit Event shall (in the absence of wilful default, bad faith or manifest error) be conclusive and binding on all persons (including, without limitation, the **Noteholders**).

(c) **Calculation Agent and notices**

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under or pursuant to this Condition shall (in the absence of manifest error) be final and binding on the Issuer and the Noteholders. In performing its duties pursuant to the Notes, the Calculation Agent shall act in its sole and absolute discretion. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under or pursuant to the Notes including, without limitation, the giving of any notice to any party, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and neither the Calculation Agent nor the Issuer shall bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

A notice delivered by the Calculation Agent to the Issuer and/or the Agent on or prior to 5.00 p.m., Luxembourg time on a TARGET2 Business Day will be effective on such TARGET2 Business Day. A notice delivered after 5:00 p.m., Luxembourg time will be deemed effective on the next following Business Day regardless of the form in which it is delivered. For the purposes of the two preceding sentences, a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of such notice within one TARGET2 Business Day of such notice.

19.23 Auction Settlement

Where the Issuer is to redeem Notes by means of Auction Settlement, the redemption of each Note shall be effected by the payment of the Auction Settlement Amount on the Credit Event Redemption Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

Unless settlement has occurred in accordance with the above paragraph, if (a) an Auction Cancellation Date occurs, (b) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option), (c) ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved, following a Credit Event Resolution Request Date, not to determine the matters described in paragraphs (a) and (b) of the definition of Credit Event Resolution Request Date, (d) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date or (e) if the Issuer (or an affiliate acting on behalf of the Issuer) otherwise determines that it is appropriate by reference to its and/or any of its affiliates' Hedge Positions:

- (a) if "Fallback Settlement Method – Physical Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.6; or
- (b) if "Fallback Settlement Method – Cash Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.7.

19.24 Market Disruption

Market Disruption Event means the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the event triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

19.25 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 19:

Knock-in Event means an event specified as such in the applicable Final Terms as of the Knock-in Valuation Time on any Knock-in Determination Day and which may be an event *per se*, specified in the applicable Final Terms or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Level.

Knock-in Level means a level specified as such in the applicable Final terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-in Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-in Determination Period subject to, in either case, the

provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-in Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Valuation Time means the time or period of time on any Knock-in Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time.

Knock-out Event means an event specified as such in the applicable Final Terms as of the Knock-out Valuation Time on any Knock-out Determination Day and which may be an event *per se* or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-out Level.

Knock-out Level means a level determined as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

Knock-out Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Valuation Time means the time or period of time on any Knock-out Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time.

19.26 Physical Settlement

Where the Issuer is to redeem the Notes by means of Physical Settlement, the redemption of each Note shall, subject as provided in Condition 5.7, be effected by the Delivery Agent on behalf of the Issuer to the Noteholders of the Deliverable Obligations on the Credit Event Redemption Date.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Delivery Agent on behalf of the Issuer shall deliver the Deliverable Obligations subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then an amount of the Deliverable Obligations equivalent in value to such net loss shall be sold by the Issuer to compensate it therefor, and the remaining portion of the Deliverable Obligations, if any, shall be delivered; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid in cash to the Noteholders in addition to the Deliverable Obligations.

In the case of Deliverable Obligations that are Borrowed Money obligations, (i) the Issuer will Deliver Deliverable Obligations with an Outstanding Principal Balance or Due and Payable Amount, as the case may be, (including accrued but unpaid interest (as determined by Calculation Agent) if "Include Accrued Interest" is specified in the Final Terms, but excluding accrued but unpaid interest if "Exclude Accrued Interest" is specified in the Final Terms, and if neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the Final Terms, excluding accrued but unpaid interest) and (ii) in the case of Deliverable Obligations that are not Borrowed Money obligations, the Issuer will Deliver Deliverable Obligations with a Due and Payable Amount (or, in the case of either (i) or (ii), the equivalent Currency Amount of any such amount), in an aggregate amount as close as possible to the outstanding Aggregate Nominal Amount of the Notes.

The portion of Deliverable Obligations deliverable in respect of each Note shall be determined by reference to the proportion that the Specified Denomination of such Note bears to the outstanding Aggregate Nominal Amount of the Notes. If a Deliverable Obligation by its terms represents or contemplates an obligation to pay an amount greater than the Outstanding Principal Balance or Due and Payable Amount, as the case may be, of such obligation as of the Delivery Date as a result of the occurrence or non-occurrence of an event or circumstance, the Outstanding Principal Balance or Due and Payable Amount, as the case may be, of such obligation shall not include any additional amount that would be payable upon the occurrence or non-occurrence of such event or circumstance.

Unless otherwise specified in the applicable Final Terms, a Notice of Physical Settlement must be delivered by the Issuer to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, on or before the 30th calendar day after the relevant Event Determination Date (such 30th calendar day being the **Physical Determination Date**). For purposes of determining whether such Notice of Physical Settlement has been so delivered by the Physical Determination Date, the date on which the Notice of Physical Settlement is given (whether or not subsequently changed) shall be used.

For the avoidance of doubt, failure to deliver a Notice of Physical Settlement to the Noteholders shall not relieve the Issuer from its obligation to redeem the Notes. If on the Physical Determination Date no Notice of Physical Settlement has been delivered to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall be obliged to redeem the Notes in cash at their outstanding Aggregate Nominal Amount as soon as reasonably practicable and the date on which the Notes are redeemed shall be deemed to be the Credit Event Redemption Date.

19.27 Cash Settlement

Where the Issuer is to redeem the Notes by means of Cash Settlement, the redemption of each Note shall be effected by the payment by the Issuer to the Noteholders of the Cash Settlement Amount on the Cash Settlement Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Issuer shall pay the Cash Settlement Amount, subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then the net loss shall be deducted from the Cash Settlement Amount; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid to the Noteholders in addition to the Cash Settlement Amount.

19.28 Partial Cash Settlement due to illegality or impossibility

If, due to an event beyond the control of the Issuer or a Noteholder (including, without limitation, failure of the relevant clearing system or due to any law, regulation or court order but excluding market conditions or the failure to obtain any requisite consent with respect to the Delivery of Loans), the Calculation Agent determines in its sole discretion that it is impossible or illegal for the Delivery Agent or the Issuer to Deliver, or (as the case may be) for such Noteholder to accept Delivery of, any portion of the Deliverable Obligations on the Physical Settlement Date, then on such date:

- (a) the Issuer shall Deliver, or cause the Delivery Agent to Deliver, and the Noteholder shall take Delivery of, that portion of the Deliverable Obligations which it is possible and legal to Deliver; and
- (b) the Calculation Agent shall provide a description to the Issuer and the relevant Noteholder(s) in reasonable detail of the facts giving rise to such impossibility or illegality and as soon as practicable thereafter the Delivery Agent or, as the case may be, the Issuer shall Deliver and the Noteholder shall take Delivery of the portion of the Deliverable Obligations which has not been Delivered and such date will be deemed to be the Credit Event Redemption Date.

If, upon the determination by the Calculation Agent as aforesaid of the occurrence of any such impossibility or illegality, the Deliverable Obligations is not Delivered to the Noteholder(s) (or any of their designees) on or before the Latest Permissible Physical Settlement Date, Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to such portion of the Deliverable Obligations that cannot be Delivered (the **Undeliverable Obligations**).

19.29 Partial Cash Settlement of Loans

Where the applicable Final Terms provides that "Assignable Loan" and/or "Consent Required Loan" is/are included in the "Deliverable Obligation Characteristics", if any Assignable Loans or Consent Required Loans are not, on the Physical Settlement Date, capable of being assigned or novated to any particular Noteholder or such Noteholder's designee due to non-receipt of any requisite consents and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date (together the **Undeliverable Loan Obligations**), Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to that portion of the Deliverable Obligations that consists of Undeliverable Loan Obligations. In such circumstances, the Issuer may satisfy its

obligations in respect of such portion of the Deliverable Obligations by payment of the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

19.30 Alternative Cash Settlement

If with respect to physically settled Notes, (i) the Deliverable Obligations comprise Bonds, Assignable Loans or Consent Required Loans (the **Deliverable Assets**) and if (ii), in the opinion of the Calculation Agent, any particular Noteholder is not eligible for Physical Settlement for any part of such Deliverable Assets (the **Non-Eligible Deliverable Assets**) then such Non-Eligible Deliverable Assets will be subject to Cash Settlement pursuant to the Partial Cash Settlement Terms. In such circumstances, the Issuer may satisfy its obligations in respect of such Non-Eligible Deliverable Assets by payment to such Noteholder of the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

19.31 No Deliverable Obligations

Where the Issuer is to redeem the Notes by means of Physical Settlement (or by Cash Settlement or in connection with principal protected Credit Linked Notes, in either case when necessary calculations relate to Deliverable Obligations or Deliverable Obligation Characteristics), if a Credit Event occurs with respect to any particular Reference Entity and the Calculation Agent determines in its sole discretion that (a) no Deliverable Obligation exists on the Physical Settlement Date (or the Valuation Date, as the case may be), or (b) the Issuer, or the Delivery Agent on the Issuer's behalf, is for any reason (other than (a) immediately above or as set out in Condition 19.8 or 19.9 above or in the applicable Final Terms), unable to procure any Deliverable Obligations, or a sufficient amount of Deliverable Obligations, by the thirtieth day following the Physical Settlement Date, then the Calculation Agent shall have the right in its sole discretion to either (i) in the case of (a) above, cause all of the Notes to become due and repayable as soon as reasonably practicable at their outstanding Aggregate Nominal Amount (excluding accrued interest) or (ii) in the case of (b) above, either (A) elect Physical Settlement in a *pro rata* fashion that portion of each Note to the extent that the aggregate amount of Deliverable Obligations due exceeds the aggregate amount of Deliverable Obligations available and elect Cash Settlement for the remaining portion of each Note in accordance with (B) below, or (B) elect that Cash Settlement pursuant to the Partial Cash Settlement Terms shall apply to such Deliverable Obligation (such Deliverable Obligation being deemed an Undeliverable Obligation for these purposes) and the Issuer may satisfy its obligations in respect of such Deliverable Obligation by payment to the Noteholder(s) of the Partial Cash Settlement Amount on the Partial Cash Settlement Date, such amount to be apportioned *pro rata* among the Noteholders.

19.32 Partial Cash Settlement Terms

The following terms are deemed to be defined as follows for the purposes of the Partial Cash Settlement Terms referred to in Condition 19.8, 19.9, 19.10 and 19.11 above

Dealer means a dealer, financial institution or fund (which, for the avoidance of doubt, shall include the Issuer or any Affiliate of the Issuer) that deals or invests in obligations of the type of Obligation(s) for which Quotations are to be obtained. The Calculation Agent shall select the Dealers in good faith and in a commercially reasonable manner. Upon a selected Dealer no longer being in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may substitute any other Dealer(s) for one or more of the foregoing. Any bid quotation provided by the Issuer shall be deemed to be a firm quotation that it would provide to a counterparty in the market.

Final Price means the price of the obligation being valued, expressed as a percentage, determined in accordance with the specified Valuation Method. The Calculation Agent shall, as soon as practicable after obtaining all Quotations for a Valuation Date, notify the Issuer of each such

Quotation that it receives in connection with the calculation of the Final Price and shall provide the Issuer a written computation showing its calculation of the Final Price.

Highest means the highest Quotation obtained by the Calculation Agent (or in accordance with the definition of "Quotation") with respect to any Valuation Date.

Latest Permissible Physical Settlement Date means, in respect of Condition 19.8, the date that is 30 calendar days after the Physical Settlement Date and, in respect of Condition 19.9, the date that is fifteen Business Days after the Physical Settlement Date.

Market means the Market Value determined by the Calculation Agent with respect to the Valuation Date.

Market Value means, with respect to obligations being valued on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest and lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained on any of the next ten Business Days thereafter, any one Full Quotation on such tenth Business Day, and or if no Full Quotation is obtained, the Market Value shall be the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Minimum Quotation Amount shall be as specified in the applicable Final Terms or shall be deemed to be equal to the applicable Specified Denomination of the Notes.

Partial Cash Settlement is deemed to be the payment by the Issuer of the Partial Cash Settlement Amount to the Noteholders on the Partial Cash Settlement Date.

Partial Cash Settlement Amount is deemed to be, for each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, the aggregate of the greater of (i) the aggregate of (A) Outstanding Principal Balance, Due and Payable Amount or Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Undeliverable Loan Obligation and (ii) zero provided that where (i) a relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset forms part of the Asset Package and (ii) the Calculation Agent determines in its sole discretion that a Final Price cannot be reasonably determined in respect of such Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, then the Partial Cash Settlement Amount (i) shall be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset by reference to such source(s) as it determines appropriate and (ii) may be zero.

Partial Cash Settlement Date is deemed to be the date that is three Business Days after the calculation of the Final Price or such other date specified in the relevant Final Terms.

Quotation means each Full Quotation, the Weighted Average Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable of the relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, with respect to a Valuation Date as follows:

The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day, the Quotations shall be deemed to be any Full Quotation obtained from a Dealer on such tenth Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Quotation Amount shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, with respect to each type of Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset.

Quotation Method means the applicable quotation method which may be specified in the Final Terms as being one of the following:

- (a) **Bid** means that only bid quotations shall be requested;
- (b) **Mid** means that the bid and offer quotations shall be requested and averaged for the purposes of determining a relevant Dealer's quotation; or
- (c) **Ask** means that only offer quotations shall be requested.

Valuation Date is deemed to be the date that is two Business Days after the Latest Permissible Physical Settlement Date.

Valuation Time is deemed to be 11:00 a.m. London time, or 11:00 a.m. in the principal trading market of the relevant obligation as determined by the Calculation Agent, unless stated otherwise in the applicable Final Terms.

Valuation Method shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, (i) if only one Valuation Date, Highest, or (ii) if more than one Valuation Date, Average Highest, or if "Market" has been designated in the relevant Final Terms, "Market Value" shall apply.

Weighted Average Quotation means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Relevant Dealers at the Valuation Time, to the extent reasonably practicable, with an amount of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

19.33 Maturity Date Extension

Unless otherwise stated in the applicable Final Terms if, prior to any payment date under the Notes, (a) a Potential Failure to Pay has occurred with respect to one or more of the Obligations; (b) under the terms of such Obligation(s), a grace period is applicable to payments under the Obligation(s); and (c) such grace period does not expire on or prior to such payment date under the Notes, then such Interest Payment Date or, as the case may be, the Maturity Date, shall be postponed until the fifth Business Day after such Potential Failure to Pay has been remedied, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if the Potential Failure to Pay has not been remedied during the applicable grace period.

No adjustment shall be made to the amount of any interest as a result of such delay. Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, unless otherwise specified in the applicable Final Terms with respect to a specific Reference Entity, upon the occurrence of an M(M)R Restructuring the Issuer may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event. Accordingly, notwithstanding Conditions 19.21 to 19.34 above, where an M(M)R Restructuring has occurred and the Issuer has delivered a Credit Event Notice for an amount that is less than the outstanding Aggregate Nominal Amount of the Notes outstanding immediately prior to the delivery of such Credit Event Notice (the **Exercise Amount**), the provisions of Conditions 19.21 to 19.34 above shall be deemed to apply to a nominal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly. Each such Note shall be redeemed in part (such redeemed part being equal to the resultant figure of the Exercise Amount divided by the number of Notes outstanding).

The Notes shall be deemed to be redeemed *pro rata* in an amount equal to the Exercise Amount only. The Notes in an amount equal to the Outstanding Amount shall remain outstanding and

If the provisions of this Condition 19.35 apply in respect of the Notes, on redemption of part of each such Note, the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

19.36 General

For such period of time after the relevant Physical Settlement Date as the Issuer or any other person (other than a Noteholder) shall continue to be the legal owner of the securities, interests or other assets comprising the Deliverable Obligations (the **Intervening Period**), neither the Issuer nor any other such person shall:

19.37 Consequences of an Early Amortisation of the Reference Obligation

If the Reference Obligation Notional Amount, as specified in the applicable Final Terms, is subject to reduction as a result of scheduled or accelerated amortisation, acceleration of payment obligations, redemption or otherwise, but excluding any payment in respect of principal representing capitalised interest (an **Early Amortisation**), then the Issuer may elect in its sole and absolute discretion, after giving Notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be:

- (a) to maintain the terms and conditions of the Notes unaltered;
- (b) to partially redeem each Note within five (5) Business Days following the Early Amortisation Date by an amount (the Redeemed Amount) equal to its pro rata share of the

Fair Market Value of such portion of the Reference Obligation Notional Amount early amortised on the Early Amortisation Date (as defined below) (where such pro rata share will be determined by reference to the proportion of the outstanding Aggregate Nominal Amount of the Notes), plus interest for the period from and including the Early Amortisation Date to but excluding the redemption date calculated on the basis of a rate of interest equal to the arithmetic mean of EONIA Fixed (as defined below) on the Early Redemption Date. The Specified Denomination, the formula or any other characteristics of the Notes shall be adjusted accordingly by the Calculation Agent to reflect such Early Amortisation. For the avoidance of doubt, the portion of the Notes not affected by the Early Amortisation shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or

- (c) to redeem in whole all but not some only of the Notes at their Fair Market Value.

- (b) if no EONIA Screen Rate is available, the arithmetic mean of the rates (rounded upwards to four decimal places) as supplied to the Calculation Agent at its request quoted to the Reference Banks by leading banks in the European interbank market on the immediately following TARGET2 Business Day for overnight deposits in Euro.

For purposes of this definition of Restructuring and Credit Linked Condition 15, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in paragraphs (i) to (v) of this definition of Restructuring shall be deemed to refer to the Underlying Obligor and the references to the Reference Entity in paragraphs (b) to (e) of this definition of Restructuring shall continue to be deemed to refer to the Reference Entity.

If an exchange has occurred, the determination as to whether one of the events described under paragraphs (i) to (v) has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

Unless Multiple Holder Obligation is specified as not applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in this definition of Restructuring and related provisions, the occurrence of, agreement to or announcement of any of the events described in (i) to (v) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

 - IV. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation above; or
 - (C) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:

- I. is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - II. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - III. is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (a) of the definition of Deliverable Obligation above; or if no such obligation is available,
 - IV. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation above.
- (d) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in paragraph (c) above, the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the Notes as determined by the Calculation Agent. The Calculation Agent will notify the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the Substitute Reference Obligation as soon as reasonably practicable after it has been identified in accordance with paragraph (c) above and the Substitute Reference Obligation shall replace the Non-Standard Reference Obligation.
- (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to paragraph (a) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (b) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.
- (f) For the avoidance of doubt, no Substitute Reference Obligation shall be determined in respect of any Credit Linked Notes that are Reference Obligation Only Notes.

Substitute Reference Obligation Resolution Request Date means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve a Substitute Reference Obligation to the Non-Standard Reference Obligation, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

Substitution Date means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the Issuer of the Substitute Reference Obligation that it has identified in accordance with the definition of Substitute Reference Obligation above.

Substitution Event means, with respect to the Non-Standard Reference Obligation:

- (a) the Non-Standard Reference Obligation is redeemed in whole; or
- (b) provided that the Credit Linked Notes to which the Non-Standard Reference Obligation relates are not Reference Obligation Only Notes:

- (i) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below USD 10,000,000 (or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or
- (ii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event. If an event described in paragraphs (a) or (b)(i) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraphs (a) or (b)(i) above as the case may be, on the Trade Date.

Substitution Event Date means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

Succession Date means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to paragraph (a) of the definition of Successor below would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

Successor means:

- (i) subject to paragraph (b) below, the entity or entities, if any, determined as follows:

 - (ii) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. of the Relevant Obligations of the Reference Entity, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (iv) if one or more entities each succeed, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. of the Relevant Obligations of the Reference Entity, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;

- (v) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below); and
 - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the Universal Successor) will be the sole Successor; and
- (b) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, provided that the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Holders at the specified office of the Principal Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv), (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Final

Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment and notifying the Issuer of such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the adjustment to these Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a Joint Potential Successor) jointly succeed to a Relevant Obligation (the Joint Relevant Obligation) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "succeed" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the Exchange Bonds or Loans) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Successor Backstop Date means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
- (c) restrictions in respect of blocked periods on or around payment dates of voting periods.

Unless otherwise specified in the related Final Terms, if the Deliverable Obligation Characteristic Transferable is specified as Applicable in the related Final Terms, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered by the specified Deliverable Obligation Category).

Valuation Date means the date specified in the applicable Final Terms.

Valuation Time means the relevant time specified in the applicable Final Terms, of if "Calculation Agent" is specified, any time (as selected by the Calculation Agent in its sole and absolute discretion) on the Valuation Date during the hours that Dealers customarily bid for obligations such as the Reference Obligation.

20. ADDITIONAL PROVISIONS APPLICABLE TO INDEX LINKED NOTES

This Condition 20 applies to Index Linked Notes only. The Technical Annex set out on pages 494 to 525 of this Base Prospectus contains provisions relating to the formulae used to determine the pay-off under Index Linked Notes. The applicable Final Terms contains provisions applicable to the determination of the performance of the relevant Index or Indices as well as other relevant provisions and must be read in conjunction with this Condition 20 and with the Technical Annex for full information on any Index Linked Notes. In particular, the applicable Final Terms will identify the relevant Index or Indices, the relevant Screen Page, the Component Transactions, the applicable formula.

20.1 Market Disruption

Market Disruption Event means, in relation to Notes relating to a single Index or basket of Indices, the occurrence or existence of (i) a Trading Disruption or, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (x) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the level of such Index triggers respectively the Knock-in Level or the Knock-out Level or (y) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure.

For the purposes of determining whether a Market Disruption Event exists at any time, if a Market Disruption Event occurs in respect of a security, a contract or a Component Transaction included in such Index at any time, then the relevant percentage contribution of that security, that contract or that Component Transaction to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security, that contract or that Component Transaction and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an Averaging Date, an Observation Date, a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

20.2 Adjustments to an Index

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the **Successor Index**) will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to the last Valuation Date, last Observation Date, last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts, commodities or Component Transaction and other routine events) (an **Index Modification**), or permanently cancels a relevant Index and no Successor Index exists (an **Index Cancellation**), or (ii) on a Valuation Date, an Observation Date, an

Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an **Index Disruption** and, together with an Index Modification and an Index Calculation, each an **Index Adjustment Event**), then,

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date, that Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities/commodities/Component Transactions that comprised that Index immediately prior to that Index Adjustment Event; or
- (ii) on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(c) **Notice**

The Calculation Agent shall, as soon as practicable, notify the relevant Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Agent shall make available for inspection by Noteholders copies of any such determinations.

20.3 Correction of Index

With the exception of any corrections published after the day which is, unless stated otherwise in the applicable Final Terms, three Exchange Business Days prior to the due date for any payment of a Redemption Amount and/or Interest Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount and/or Interest Amount, is subsequently corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is, unless stated otherwise in the relevant Final Terms, three Exchange Business Days prior to the relevant Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount and/or Interest Amount.

20.4 Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

- (ii) redeem the Notes by giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the holders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

If the Notes are so redeemed in part the portion (the **Redeemed Amount**) of each Note representing the affected Share(s) shall be redeemed and the Issuer will (i) pay to each Noteholder in respect of each Note held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (unless provided for in the applicable Final Terms), all as determined by the Calculation Agent in its sole and absolute discretion; and (ii) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each Note after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (iii) unless Delayed Redemption on Occurrence of Extraordinary Events is specified as being applicable in the applicable Final Terms, on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the

- (v) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the Options Exchange), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.
- (vi) If the applicable Final Terms provide that **Share Substitution** is applicable, then on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency or Delisting (as the case may be) the Calculation Agent may adjust the Basket to include a share selected by it (the **Substitute Shares**) in place of the Shares (the **Affected Share(s)**) which are affected by such Merger Event, Tender Offer, Nationalisation, Insolvency or Delisting and the Substitute Shares and their issuer will be deemed "Shares" and a **Share Company** and **Basket Company** for the purposes of the Notes, respectively, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or the weighting and/or any of the other terms of these Conditions

and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

Such substitution and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent (the **Substitution Date**) in its absolute discretion and specified in the notice referred to in sub-paragraph (C) below which may, but need not, be the Merger Date or Tender Offer Date or the date of the Nationalisation, Insolvency or Delisting (as the case may be).

- (A) is not already comprised in the Basket;
 - (B) belongs to a similar economic sector as the Affected Share; and
 - (C) is of comparable market capitalisation, international standing and exposure as the Affected Share.

 - (ii) unless Delayed Redemption on occurrence of Additional Disruption Event is specified as being applicable in the applicable Final Terms, redeem the Notes by giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Valuation Date means the Coupon Valuation Date and/or Redemption Valuation Date, as the case may be, specified in the applicable Final Terms or, if such day is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Notes are Equity Linked Notes relating to a single Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Settlement Price in accordance with its good faith estimate of the Settlement Price as of the Valuation Time on that the last such consecutive Scheduled Trading Day; or

- (b) where the Notes are Equity Linked Notes relating to a basket of Shares, the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Share affected, as the case may be, (each an **Affected Item**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, and, in the case of a Share, a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using its good faith estimate of the value for the Affected Item as of the Valuation Time on the last such consecutive Scheduled Trading Day,

22. ADDITIONAL PROVISIONS APPLICABLE TO INFLATION LINKED NOTES

This Condition 22 applies to Inflation Linked Notes only. The Technical Annex set out on pages 494 to 525 of this Base Prospectus contains provisions relating to the formulae used to determine the pay-off under Inflation Linked Notes and the performance of the relevant inflation index. The applicable Final Terms contains provisions applicable to the determination of the performance of the relevant inflation index as well as other relevant provisions and must be read in conjunction with this Condition 22 and with the Technical Annex for full information on any Inflation Linked Notes. In particular, the applicable Final Terms will identify the relevant index or indices, the relevant Screen Page, the various levels and other factors required to apply the formula.

22.1 Delay in Publication

If the Calculation Agent determines that, in relation to Notes relating to a single Index or a basket of Indices, a Delayed Index Level Event in respect of an Index has occurred with respect to any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, then the Relevant Level with respect to any Reference Month which is to be used in any calculation or determination to be made by the Calculation Agent with respect to such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date (the **Substitute Index Level**) shall be determined by the Calculation Agent (subject to Condition 22.3(a) "Adjustments-Substitute Index Level" below), as follows:

- (a) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (b) if (I) Related Bond is specified as not applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the

Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{SubstituteIndexLevel} = \text{BaseLevel} \times (\text{LatestLevel} / \text{ReferenceLevel}); \text{ or}$$

- (c) otherwise in accordance with any formula specified in the applicable Final Terms,

where:

Base Level means the level of the Index (whether definitive or provisional) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

Latest Level means the latest level of the Index (whether definitive or provisional) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated.

Reference Level means the level of the Index (whether definitive or provisional) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above.

The Issuer shall promptly give notice to the holders of the Notes in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of any Substitute Index Level.

If the Relevant Level is published or announced at any time on or after the relevant Cut-Off Date specified in the applicable Final Terms, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Condition 22.1 will be the definitive level for that Reference Month.

22.2 Successor Index

If in relation to Notes relating to a single Index or a basket of Indices, the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will not longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (**a Successor Index**) (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (a) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine a "Successor Index" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (b) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the "Successor Index". If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the "Successor Index";
- (c) If no Successor Index has been deemed under (i) above or if fewer than three responses are received under (ii) above by the Cut-Off Date the Calculation Agent will determine an

appropriate alternative index for the relevant Payment Date, and such index will be deemed a "Successor Index"; or

- (d) if the Calculation Agent determines that there is no appropriate alternative index, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Notes. Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to holders of the Notes by the Issuer in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

22.3 Adjustments

(a) Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with Condition 22.1 "Delay in Publication" above, the Calculation Agent may make any adjustment or adjustments (without limitation) to (I) the Substitute Index Level determined in accordance with Condition 22.1 "Delay in Publication" above and/or (II) the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(b) Successor Index

If a Successor Index is determined in accordance with Condition 22.2 "Successor Index" above, the Calculation Agent may make any adjustment or adjustments (without limitation) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(c) Index Level Adjustment Correction

- (i) If, within thirty days of publication or at any time prior to an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Observation Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the holders of the Notes of any such adjustment and/or amount in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.
- (ii) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in respect of which a Substitute Index Level was

determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) make any adjustment to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(iii) **Currency**

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the final Redemption Amount, and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Calculation Agent may make such adjustment or adjustments to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Calculation Agent shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(d) **Rebasing**

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the **Rebased Index**) will be used for purposes of determining the Relevant Level from the date of such rebasing; provided, however, that the Calculation Agent may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, and in each case the Calculation Agent may make any adjustment(s) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Calculation Agent may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value as determined by the Calculation Agent (unless otherwise provided in the applicable Final Terms) as at the date of redemption taking into account the rebasing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(e) **Index Modification**

- (i) If, in relation to Notes relating to a single Index or a basket of Indices on or prior to the Cut-Off Date in respect of any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, the Calculation Agent

determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Notes (including, without limitation, the final Redemption Amount and/or interest payable under the Notes (if any)), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the relevant Index, any Relevant Level and/or any other term of the Notes (including, without limitation, the final Redemption Amount and/or interest payable under the Notes (if any)), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.

- (ii) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, the Calculation Agent may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date such that the provisions of sub-paragraph (i) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with sub-paragraph (i) above.

(f) **Index Cancellation**

If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(g) **Change in law**

If the Calculation Agent determines that a Change in Law has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Change in Law, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(h) **Additional Definitions**

Averaging Date means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (a) If **Omission** is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant level provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of Valuation Date will apply for purposes of determining the Relevant Level on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if **Postponement** is specified as applying in the applicable Final Terms, then the provisions of the definition of Valuation Date will apply for the purposes of determining the relevant level on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if **Modified Postponement** is specified as applying in the applicable Final Terms then:
 - (i) where the Notes are Inflation Linked Notes relating to a single Index, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of Valuation Date below;
 - (ii) where the Notes are Inflation Linked Notes relating to a basket of Indices, the Averaging Date for the Index not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**) and the Averaging Date for an Index affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index. If the first succeeding Valid Date in relation to such Index has not occurred for consecutive Scheduled Trading days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such Index, and (B) the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of Valuation Date below; and
 - (iii) for the purposes of these Conditions **Valid Date** means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is not deemed to occur.

Change in Law means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of any change in the interpretation by any court, tribunal or regulatory authority, the Issuer determines in its sole and absolute discretion that it is unable to perform its obligations in respect of the Notes or it has become illegal to hold, acquire or dispose of any relevant hedge positions in respect of the Notes.

Cut-Off Date means, in respect of an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, five Business Days prior to such Observation Date, unless otherwise stated in the applicable Final Terms.

Delayed Index Level Event means, in respect of any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, that the Index Sponsor fails to publish or announce the level of the Index (the **Relevant Level**) in respect of any Reference Month which is to be used in any calculation or determination to be made by the Calculation Agent in respect of such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date at any time on or prior to the Cut-Off Date.

Disrupted Day means any Scheduled Trading Day on which the Calculation Agent determines that a Delay in Publication has occurred.

Fallback Bond means a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Index relates and which pays a coupon or redemption amount which is calculated by reference to the Index, with a maturity date which falls on (a) the same day as the Maturity Date, (b) the next longest maturity after the Maturity Date if there is no such bond maturing on the Maturity Date, or (c) the next shortest maturity before the Maturity Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Germany, Italy or Spain, and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

Index or **Indices** means the index or indices specified in the applicable Final Terms and related expressions shall be construed accordingly.

Index Cancellation means a level for the Index has not been published or announced for two consecutive months and/or the Index Sponsor cancels the Index and/or the Index Sponsor announces that it will no longer continue to publish or announce the Index and no Successor Index exists.

Index Modification means the Index Sponsor announces that it will make (in the opinion of the Calculation Agent) a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index.

Index Sponsor means in relation to an Index, the corporation or entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the Index and (b) announces (directly or through an agent) the level of such Index on a regular basis during each Scheduled Trading Day which as of the Issue Date of the Notes is the index sponsor in the applicable Final Terms.

Observation Date means each date specified as an Observation Date in the applicable Final Terms, or if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day, unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Observation Date".

Observation Period means the period specified as the Observation Period in the applicable Final Terms.

Rebased Index has the meaning given to it under Condition 22.3(d) "Rebasing" above.

Reference Month means the calendar month for which the level of the Index was reported, regardless of when this information is published or announced. If the period for which the Relevant Level was reported is a period other than a month, the Reference Month shall be the period for which the Relevant Level was reported.

Related Bond means, if specified as applicable in the applicable Final Terms, means the bond specified as such in the applicable Final Terms. If the Related Bond specified in the applicable Final Terms is "Fallback Bond", then for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not Applicable" is specified in the applicable Final Terms there will be no Related Bond. If a bond is selected as the Related Bond in the applicable Final Terms and that bond redeems or matures before the relevant Maturity Date, unless "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

Related Bond Redemption Event means, if specified as applicable in the applicable Final Terms, at any time prior to the Maturity Date, (i) the Related Bond is redeemed, repurchased or cancelled, (ii) the Related Bond becomes repayable prior to its stated date of maturity for whatever reason, or (iii) the issuer of the Related Bond announces that the Related Bond will be redeemed, repurchased or cancelled prior to its stated date of maturity.

Relevant Level has the meaning given to it in the definition of Delayed Index Level Event.

Scheduled Trading Day means the relevant Scheduled Trading Day specified in the applicable Final Terms.

Specified Maximum Days of Disruption means eight (8) Scheduled Trading Days or such other number of Scheduled Trading Days specified in the applicable Final Terms.

Successor Index has the meaning given to it in under Condition 22.2 "Successor Index" above.

Substitute Index Level means, in respect of a Delayed Index Level Event, the index level determined by the Calculation Agent in accordance with Condition 22.3(a) "Substitute Index Level" above.

Valuation Date means the Coupon Valuation Date and/or the Redemption Valuation Date, as the case may be, specified in the applicable Final Terms or, if such day is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Notes are Inflation Linked Notes relating to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum

Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Relevant Level in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Relevant Level in accordance with its good faith estimate of the value for the Relevant Level as of the Relevant Time on the last such consecutive Scheduled Trading Day; or

- (b) where the Notes are Inflation Linked Notes relating to a basket of Indices, the Valuation Date for each Index, not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index, affected, as the case may be, (each an **Affected Item**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using its good faith estimate of the value for the Affected Item as of the Relevant Time on the last such consecutive Scheduled Trading Day),

and otherwise in accordance with the above provisions.

22.4 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

(a) **Disappearance of Commodity Reference Price, a Material Change in Formula, or a Material Change in Content**

If, with respect to the relevant Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date the Calculation Agent considers that there is in existence (i) a Disappearance of Commodity Reference Price, or (ii) a Material Change in Formula, or (iii) a Material Change in Content is available, then

- (i) the Calculation Agent shall determine if such event has a material effect on the Notes and, if so, shall calculate the relevant amount payable on the Notes using, in lieu of a published price for that Commodity or Component, as the case may be, the price for that Commodity or Component, as the case may be, as at the time specified on that Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, as the case may be, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity and any other information that in good faith it deems relevant; or
- (ii) unless Delayed Redemption on Occurrence of Market Disruption Event is specified as being not applicable in the applicable Final Terms, on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (iii) if Delayed Redemption on Occurrence of Market Disruption Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note less the cost to the Issuer of unwinding any underlying related hedging arrangements (the **Calculated Amount**) as soon as practicable following the occurrence of the Market Disruption Event (the **Calculated Amount Determination Date**) and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Amount plus interest accrued from and including the Calculated Amount Determination Date to but excluding the Maturity Date at a rate equal to Issuer's funding cost at such time or (y) if greater, its nominal amount.

(b) **Tax Disruption**

If the Calculation Agent determines in good faith that a Tax Disruption has occurred or exists in respect of an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, the Calculation Agent shall determine if such Tax Disruption has a material effect on the Notes and if so (i) shall effect any adjustments that it deems in good faith necessary to the terms and conditions of the Notes or, if it determines that such adjustments cannot be made, (ii) on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined

by the Calculation Agent in its sole and absolute discretion. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(c) **Price Source Disruption and Trading Disruption**

If, with respect to the relevant Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, a Price Source Disruption or Trading Disruption has been in existence in excess of the Specified Maximum Days of Disruption and no Substitute Commodity Price is available in respect of such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date on the opinion of the Calculation Agent, then the Calculation Agent shall apply the Commodity Fallback Value in order to determine the Commodity Reference Price.

(d) **Index Component Disruption**

If the Calculation Agent determines that, on an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date (or, if different, the day on which prices for that Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date would, in the ordinary course, be published or announced by the Price Source) an Index Component Disruption Event has occurred or exists then the Calculation Agent shall determine the Relevant Price (or a method for determining the Relevant Price) for that Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date and each subsequent Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date (if any).

24.3 Correction of Commodity Reference Price

With the exception of any corrections published after the day which is, unless stated otherwise in the applicable Final Terms, three Commodity Business Days prior to the due date for any payment under the Notes calculated by reference to a Commodity Reference Price, if the Commodity Reference Price published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction published by the relevant Exchange or any other person responsible for the publication or announcement of the Commodity Reference Price within 30 calendar days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is, unless stated otherwise in the Applicable Final Terms, three Commodity Business Days prior to a due date for payment under the Notes calculated by reference to a Commodity Reference Price will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

the Notes, the remaining Reduction Amount will be deducted from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any), the Early Redemption Amount (if any) or the Final Redemption Amount, whichever comes first (the reduction of such deduction being floored at zero); or

Bond Final Price means, in respect of a Bond, a quotation (expressed as a percentage of the Bond Notional Amount) obtained from Quotation Dealers in the manner provided below. The Calculation Agent will determine, based on the then current market practice, whether such quotations will include or exclude accrued but unpaid interest and all quotations will be obtained in accordance with this determination. The Calculation Agent will determine from the Full Quotations, the Weighted Average Quotation, the Partial Weighted Average Quotation or the Residual Quotation Amount (each as defined below), the Bond Final Price. For the avoidance of doubt, the Bond Final Price, as determined by the Calculation Agent, is based on obtained Quotations, without any obligation by the Calculation Agent to actually realise any sale transaction in relation to such Quotations.

The Calculation Agent will require each Quotation Dealer to provide quotations to the extent reasonably practicable on the relevant day at approximately 11.00 a.m. London time or 11.00 a.m. New York time or 11.00 a.m. in any other leading market where the liquidity of such Bond may be better, as determined by the Calculation Agent, as the case may be. The Calculation Agent, may on the First Quotation Day and if applicable, on the Second Quotation Day, in its sole and absolute discretion but acting in a commercially reasonable manner, determine whether to request (i) at least one Full Quotation and/or (ii) several firm bid quotations from Quotation Dealers in order to establish a Weighted Average Quotation.

To such end:

- (a) if the Calculation Agent obtains at least one Full Quotation and/or one Weighted Average Quotation on the First Quotation Day, the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;
- (b) if the Calculation Agent is unable to obtain at least one Full Quotation or to determine a Weighted Average Quotation on the First Quotation Day, the Calculation Agent will attempt to obtain at least one Full Quotation and/or one Weighted Average Quotation on the Second Quotation Day, and the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;
- (c) if the Calculation Agent obtains quotations for an aggregate amount lower than the Quotation Amount on the Second Quotation Day, then on the Third Quotation Day it will attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. If the Calculation Agent is unable to establish on the Third Quotation Day a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, it will, until obtaining a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, on each Quotation Day during the Auction Period, attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. For the avoidance of doubt, once a Partial Weighted Average Quotation is obtained on either the Third Quotation Day or on any Quotation Day in the Auction Period there will be no obligation on the Calculation Agent to seek a further Partial Weighted Average Quotation. The Bond Final Price will then be the weighted average of (i) the firm bid quotations obtained on the Second Quotation Day (if any) and (ii) the Partial Weighted Average Quotation (if any) for the portion equal to the Residual Quotation Amount and (iii) zero for any remaining amount for which no quotation was obtained.

 - (iv) the occurrence of, agreement to or announcement of any of the events described in paragraphs (a)(i) to (a)(v) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Bond Issuer, provided that in respect of paragraph (a)(v) above only, no such deterioration in the creditworthiness or financial condition of the Bond Issuer is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.
- (c) For the purposes of paragraphs (a) and (b) above and Multiple Holder Obligation, the term Obligation shall be deemed to include Underlying Obligations for which the Bond Issuer is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Bond Issuer in paragraph (a) above shall be deemed to refer to the Underlying Obligor and the reference to the Bond Issuer in paragraph (b) above shall continue to refer to the Bond Issuer.
- (d) If an exchange has occurred, the determination as to whether one of the events described under paragraphs (a)(i) to (a)(v) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.
- (e) Unless Multiple Holder Obligation is specified as not applicable in the related Confirmation, then, notwithstanding anything to the contrary above, the occurrence of, agreement to or announcement of any of the events described in paragraphs (a)(i) to (a)(v) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

Seller means the party specified as such in the related Confirmation.

Subordination means, with respect to an obligation (the **Second Obligation**) and another obligation of the Bond Issuer to which such obligation is being compared (the **First Obligation**), a contractual, trust or similar arrangement providing that (i) upon the liquidation, dissolution, reorganisation or winding-up of the Bond Issuer, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation or (ii) the holders of the Second Obligation will not be entitled to receive or retain payments in respect of their claims against the Bond Issuer at any time that the Bond Issuer is in payment arrears or is otherwise in default under the First Obligation, as more fully described in the Definitions.

Scheduled Termination Date means the date specified as such in the related Confirmation.

Solvency Capital Provisions means any terms in an obligation which permit the Bond Issuer's payment obligations thereunder to be deferred, suspended, cancelled, converted, reduced or otherwise varied and which are necessary in order for the obligation to constitute capital resources of a particular tier.

Underlying Obligation means, with respect to a guarantee, the obligation which is the subject of the guarantee.

Underlying Obligor means with respect to an Underlying Obligation, the issuer in the case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

Voting Shares means the shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

26.4 Market Disruption

Market Disruption Event means the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the event triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

Disrupted Day means any day on which a Market Disruption Event has occurred.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

26.5 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 26:

Knock-in Event means an event specified as such in the applicable Final Terms as of the Knock-in Valuation Time on any Knock-in Determination Day and which may be an event *per se*, specified in the applicable Final Terms or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Level.

Knock-in Level means a level specified as such in the applicable Final terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 26.4 above.

Knock-in Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-in Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 26.4 above. For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-in Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Valuation Time means the time or period of time on any Knock-in Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time.

Knock-out Event means an event specified as such in the applicable Final Terms as of the Knock-out Valuation Time on any Knock-out Determination Day and which may be an event *per se* or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-out Level.

Knock-out Level means a level determined as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 26.4 above.

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 26.4 above. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

Knock-out Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Valuation Time means the time or period of time on any Knock-out Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time.

27. ADDITIONAL PROVISIONS APPLICABLE TO RATE LINKED NOTES

This Condition 27 applies to Rate Linked Notes only. The Technical Annex set out on pages 494 to 525 of this Base Prospectus contains provisions relating to the formulae used to determine amounts payable under Rate Linked Notes. The applicable Final Terms must be read in conjunction with this Condition 27 and with the Technical Annex for full information on any Rate Linked Notes. The applicable Final Terms will specify the manner in which the performance of the Underlying Rate is to be determined as well as other relevant provisions, in accordance with this Condition 27 and the Technical Annex. In particular, the applicable Final Terms will identify the relevant Underlying Rate(s).

27.1 Payments on redemption

Payments due under a Rate Linked Note shall be determined in accordance with the Underlying Rate(s) and, where applicable, in accordance with the adjustment rules set out in this Condition 27 and specified as applicable in the applicable Final Terms. The Calculation Agent will determine the Underlying Rate, on or as soon as practicable after each Rate Determination Date (in the case of Screen Rate Determination or FBF Determination) or Reset Date (in the case of ISDA Determination), as applicable. The Calculation Agent will notify the Principal Paying Agent of the Underlying Rate as soon as practicable after calculating the same.

27.2 Underlying Rate Determination

The value of the Underlying Rate will be determined in the manner specified in the applicable Final Terms.

(a) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will be the relevant Underlying ISDA Rate specified in the applicable Final Terms. For the purposes of these Rate Linked Note Conditions, **Underlying ISDA Rate** means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as "Calculation Agent" (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is as specified in the applicable Final Terms.

For the purposes of these Rate Linked Note Conditions, **Floating Rate, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(b) **Screen Rate Determination**

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Financial Centre time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the relevant Rate Determination Date, all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the Relevant Financial Centre time, the Calculation Agent shall request each of the reference banks to provide it with its offered quotation (expressed as a percentage *per annum*) for the Reference Rate(s).

(c) **FBF Determination**

- (i) Where FBF Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will be the

relevant FBF Rate. For the purposes of these Rate Linked Note Conditions, **FBF Rate** means a rate equal to that which would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Calculation Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the lowest Specified Denomination was the Notional Amount;
- (D) the Rate Determination Dates were the Floating Amount Payment Dates; and
- (E) all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement (a copy of which may be obtained free of charge on the FBF website at <http://www.fbf.fr/en/banking-issues/agreements-and-conventions/fbf-master-agreement-relating-to-transactions-on-forward-financial-instruments>), unless otherwise specified in the relevant Final Terms.

- (ii) When paragraph (i) above applies, in respect of the relevant Rate Determination Date:
 - (A) the Underlying Rate(s) will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (i) above; and
 - (B) the Agent will be deemed to have discharged its obligations under this Condition 27 if it has determined the Underlying Rate(s) in the manner provided in the preceding sentence.

27.3 Definitions

Averaging Date means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (a) If **Omission** is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Underlying Rate provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of Valuation Date will apply for purposes of determining the relevant level, price or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or

- (b) if **Postponement** is specified as applying in the applicable Final Terms, then the provisions of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if **Modified Postponement** is specified as applying in the applicable Final Terms then:
- (i) where the Notes relate to a single Underlying Rate, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of Valuation Date below;
 - (ii) where the Notes relate to a basket of Underlying Rates, the Averaging Date for the Underlying Rate(s) not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**) and the Averaging Date for an Underlying Rate affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Underlying Rate(s). If the first succeeding Valid Date in relation to such Underlying Rate(s) has not occurred for consecutive Scheduled Trading days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such Underlying Rate, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of Valuation Date below; and
 - (iii) for the purposes of these Conditions **Valid Date** means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is not deemed to occur.

Disrupted Day means any Scheduled Trading Day on which the Calculation Agent determines that a Disruption Event has occurred.

Disruption Event means the occurrence of an event whereby it is impossible to determine the Underlying Rate(s) in the manner set out in Condition 27.2 above.

Observation Date means each date specified as an Observation Date in the applicable Final Terms, or if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply

mutatis mutandis as if references in such provisions to "Averaging Date" were to "Observation Date".

Observation Period means the period specified as the Observation Period in the applicable Final Terms.

Rate Determination Date means the date specified as such in the applicable Final Terms.

Relevant Time means the time specified as such in the applicable Final Terms.

Scheduled Trading Day means the relevant Scheduled Trading Day specified in the applicable Final Terms.

Specified Maximum Days of Disruption means eight (8) Scheduled Trading Days or such other number of Scheduled Trading Days specified in the applicable Final Terms.

Trade Date means the date specified as such in the applicable Final Terms.

Underlying Rate(s) means an applicable interest rate(s) specified as such in the applicable Final Terms.

Valuation Date means the Valuation Date specified in the applicable Final Terms or, if such day is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Notes relate to a single Underlying Rate, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, and unless otherwise specified in Condition 27.2, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Underlying Rate in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Underlying Rate in accordance with its good faith estimate of the value for the Underlying Rate as of the Relevant Time on the last such consecutive Scheduled Trading Day; or
- (b) where the Notes relate to a basket of Underlying Rates, the Valuation Date for each Underlying Rate not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Underlying Rate, affected, as the case may be, (each an **Affected Item**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, and unless otherwise specified in Condition 27.2, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Underlying Rate using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using its good faith estimate of the value for the Affected Item as of the Relevant Time on the last such consecutive Scheduled Trading Day.

27.4 Hedging Disruption – Increased Cost of Hedging – Change in Law – Consequences - Monetisation until the Maturity Date

(a) Hedging Disruption, Increased Cost of Hedging

Hedging Disruption means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Underlying Rate level risk, or any other relevant level risk including, but not limited to, the interest rate, equity and currency risk of the Issuer issuing and performing its obligations in respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Increased Cost of Hedging means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Underlying Rate level risks (or any other relevant level risk including, without limitation, equity and credit price risk, foreign exchange risk, interest rate risk, and any other price risks) of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging.

(b) Change in Law

Change in Law means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of any change in the interpretation by any court, tribunal or regulatory authority, the Issuer determines in its sole and absolute discretion that it is unable to perform its obligations in respect of the Notes or it has become illegal to hold, acquire or dispose of any relevant hedge positions in respect of the Notes.

(c) Consequences

Upon the occurrence of an Exceptional Event Date, the Issuer may decide either to:

- (i) consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Fair Market Value as defined in Condition 6.7; or
- (ii) apply the Monetisation until the Maturity Date;

Or, but only in the case of Increased Cost of Hedging:

- (iii) deduct:
 - (A) from the Interest Amount (if any) due under the Notes on the Interest Payment Date(s) following the occurrence of the Increased Cost of Hedging, the amount of any new, or any increase of, any tax, duty, expense or fee,

that triggered the occurrence of the Increased Cost of Hedging incurred by the Issuer or any of its Affiliates in relation to the Hedge Positions hedging the payment obligations of the Issuer under the Notes, such amount to be apportioned *pro rata* amongst the outstanding Notes (the **Reduction Amount**); PROVIDED THAT if on an Interest Payment Date on which a Reduction Amount shall be deducted from the Interest Amount, the Reduction Amount in respect of each Note is greater than the Interest Amount due under each Note (prior to the deduction of the Reduction Amount) on such Interest Payment Date, the Interest Amount will be reduced to zero and the difference between the Reduction Amount and the Interest Amount (prior to the deduction of the Reduction Amount) will be deducted from the Interest Amount due on one or more of the following Interest Payment Date(s) (if any), and if a Reduction Amount has not been deducted in whole or in part on the last Interest Payment Date under the Notes, the remaining Reduction Amount will be deducted from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any), the Early Redemption Amount (if any) or the Final Redemption Amount, whichever comes first (the reduction of such deduction being floored at zero); or

- (B) in the absence of any Interest Amount under the Notes, (a) from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any) or the Early Redemption Amount (if any), due under the Notes on the Optional Redemption Date (if any), the Automatic Early Redemption Date (if any) or the payment date of the Early Redemption Amount (if any), whichever comes first, and (b) in the absence of any Optional Redemption Amount, Automatic Early Redemption Amount and Early Redemption Amount in respect of the Notes, from the Final Redemption Amount due on the Maturity Date, in each case after the occurrence of the Increased Cost of Hedging, the Reduction Amount (the result of such deduction being floored at zero).

Following the occurrence of an Exceptional Event Date, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Noteholders pursuant to the provisions of Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the relevant adjustment made or decision taken by the Calculation Agent. Details of any adjustment made or decision taken may be obtained by the Noteholders upon request at the Calculation Agent's specified address.

(d) **Monetisation until the Maturity Date**

The Issuer will no longer be liable for any payment, on the Maturity Date or any Interest Payment Date, but instead will, in full and final satisfaction of its obligations pay an amount as described in Conditions 27.4(d)(i) and 27.4(d)(ii) below:

- (i) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero:

In accordance with the provisions of Condition 27.4(d) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, with a minimum of zero, based on (a) the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the

Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b) each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero; or

- (ii) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms cannot be in any case lower than an amount strictly positive (the **Minimum Redemption Amount**):

In accordance with the provisions of Condition 27.4(d) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between:

- (A) the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b), each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); and
- (B) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero.

Definitions applicable to this Condition:

Associated Costs means an amount determined by the Issuer in its reasonable discretion equal to the sum of (without duplication) all costs (including, without limitation, cost of funding), losses, expenses, tax and duties incurred by the Issuer or any of its Affiliates in connection with the termination, liquidation or re-establishment of the Hedge Positions, such amount to be apportioned *pro rata* the outstanding Notes;

Compounding Method means, when interest is specified herein as accruing pursuant to the Compounding Method, that the amount of interest shall be equal to the sum of the

Compounding Period Amounts for each Compounding Period in the related Calculation Period;

where:

Adjusted Calculation Amount means (a) in respect of the first Compounding Period of a Calculation Period, the Calculation Amount for that Calculation Period and (b) in respect of any succeeding Compounding Period in that Calculation Period, an amount equal to the sum of the Calculation Amount for that Calculation Period and the Compounding Period Amounts for each of the previous Compounding Periods in that Calculation Period;

Compounding Date means, in respect of a Calculation Period, each Business Day (being a Business Day in Paris) of such Calculation Period;

Compounding Period means, in respect of a Calculation Period, each period from and including a Compounding Date to but excluding the immediately following Compounding Date during that Calculation Period;

Compounding Period Amount means, in respect of a Compounding Period, the product of (a) the Adjusted Calculation Amount, (b) the Compounding Rate and (c) the Day Count Fraction;

Compounding Rate means, in respect of a Compounding Period Amount, the interbank overnight rate in the Specified Currency as determined by the Calculation Agent on the first day of the relevant Compounding Period; notwithstanding this, the Compounding Rates related to the last four Compounding Periods in the Calculation Period shall be that of the fifth Compounding Period before the Maturity Date; the specific Compounding Rate used in respect of a Specified Currency of the Notes shall be available at the office of the Calculation Agent for each Compounding Date;

Day Count Fraction means, for the purposes of Compounding Method above, the exact number of days in a Compounding Period (the first included and the last excluded), divided by 360;

Exceptional Event means, as determined by the Calculation Agent acting in good faith, the occurrence during the period from and including the Issue Date to and including the Last Exceptional Event Occurrence Date of one or more of Hedging Disruption, an Increased Cost of Hedging or a Change in Law;

Exceptional Event Date means in respect of an Exceptional Event, the date, from and including the Issue Date to and including the Last Exceptional Event Occurrence Date, on which the Calculation Agent determines in good faith that an Exceptional Event has occurred;

Full Liquidation Date means the date on which the liquidation proceeds of the Hedge Positions (including *inter alia* by meeting the obligations and liabilities of such Hedge Positions, if any, or any part thereof, if any, with the liquidation proceeds of the assets of such Hedge Positions) are deemed, as determined by the Calculation Agent, to be fully received by the Issuer or any of its Affiliates;

If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Automatic Early Redemption Valuation Date".

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

27.6 Market Disruption

Market Disruption Event means, in relation to Notes relating to a single Underlying Rate or a basket of Underlying Rates, the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time on which the level of the Underlying Rate(s) triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

TECHNICAL ANNEX

Provisions relating to Interests and Payouts

1. INTRODUCTION TO THE TECHNICAL ANNEX AND EXAMPLES

Introduction

This Technical Annex contains the calculation Formulae (each a **Formula**) used to determine the Interest Amount, Early Redemption Amount or Final Redemption Amount payable under a Note.

The first section contains a glossary (**Glossary**) in which certain terms used in the Formulae described below are defined.

The second section (**Interests**) describes the type of interests that may be paid under a Note and the applicable Formula used to determine those interests. In relation to a Note that bears interest, two elements are to be considered: firstly, the "Type of Coupon", as defined in 3.1 below, refers to the form of Coupon that can be paid (e.g. fixed or floating rate that can be indexed on various Underlying References); secondly, the "Terms of Payment", as defined in 3.2 below, describe the conditions that can apply to the payment of the Coupon if so specified in the applicable Formula and Final Terms. The interests paid under a Note can be calculated by combination of a Type of Coupon with one or several Term(s) of Payment.

The third section (**Payouts**) identifies all the ways in which the principal of a Note can be redeemed on the relevant repayment date. Paragraph 4.1 describes the Payouts that may apply to all types of Notes except Credit Linked Notes and Bond Linked Notes. Paragraph 4.3 describes the Payouts that may apply to Credit Linked Notes. Paragraph 4.4 describes the Payouts that may apply to Bond Linked Notes.

In case of any discrepancy between the provisions set out in the section of this Base Prospectus entitled "Terms and Conditions of the Notes" and this Technical Annex, the Technical Annex shall prevail.

Examples

Three examples of Notes that the Issuer may issue under the Programme are described below.

2. GLOSSARY

2.1 Definitions of Price

Price means the value of the relevant Underlying Reference or Underlying References determined according to one of the methods defined in this section 2.1 and as specified in the applicable Final Terms.

The Price can be expressed in the relevant Final Terms as an Initial Price, Intermediate Price or Final Price and if so specified in the Final Terms, can be converted at the exchange rate determined by the Calculation Agent and on the Exchange Dates specified in the Final Terms.

The Price can be subject to a Cap (i.e. Maximum Level), a Floor (i.e. Minimum Level) or a Leverage if so specified in the applicable Final Terms.

Initial Price means the Price determined by using one or more of the methods described below on the relevant Initial Observation Date(s) or during the relevant Initial Observation Period(s).

Intermediate Price means the Price determined by using one or more of the methods described below on the relevant Intermediate Observation Date(s) or during the relevant Intermediate Observation Period(s).

Final Price means the Price determined by using one or more of the methods described below on the relevant Final Observation Date (s) or during the relevant Final Observation Period(s).

These Prices (Initial Price, Intermediate Price and Final Price) can be determined by using one or more of the following methods i.e. the methods can be combined.

When the word "**Price**" is used in the formulas and definitions below, it can refer to all definitions of Price covered in this section. For example, we can calculate a Lookback Price which would be the minimum value of several Average Prices.

- **Fixed Price** means an absolute value defined in the applicable Final Terms.
- **Simple Price** means an amount determined in accordance with the following Formula:

Price of the Underlying Reference observed on the relevant Observation Date(s) or during the relevant Observation Period(s) on the Relevant Exchange or Relevant Screen Page

- **Average Price** means the weighted average of the Prices observed on one or more Observation Date(s) or during one or more Observation Period(s). In this case, the Prices are observed jointly as part of a basket (there can however be more than one basket). The Average Price is calculated in accordance with the following Formula:

$$\sum_{i=1}^m W_{(i)} \times Price_{(i)}$$

With:

m = number of components in each basket.

W_(i) = weighting of the ith component of the basket specified in the applicable Final Terms.

For the avoidance of doubt, a component can be defined as a single Underlying Reference or a combination of Underlying References.

For the avoidance of doubt, each of the Prices_(i) as well as the Average Price can be subject to a Cap, a Floor and a Leverage.

- **Asian Price** means the weighted average of the Prices observed on the relevant Observation Dates or during the relevant Observation Period(s). However, in this case, the weightings relate rather to a period than to a basket component. The Asian Price is determined in accordance with the following Formula:

$$\sum_{t=1}^m W_{(t)} \times Price_{(t)}$$

If the Observation Dates or Observation Periods are equally-weighted, the formula can be expressed as:

$$1/m \sum_{t=1}^m Price_{(t)}$$

With:

m = number of relevant Observation Date(s) or Observation Period(s).

W_(t) = weighting of the tth date or period specified in the applicable Final Terms.

For the avoidance of doubt, each of the Prices_(t) as well as the Asian Price can be subject to a Cap, a Floor and a Leverage.

- **Lookback Price** means the minimum or maximum (as specified in the applicable Final Terms) of the Prices observed during one or more Observation Period(s) or on one or more Observation Date(s). It can be determined in accordance with either of the following Formulas as specified in the applicable Final Terms:

$$\mathit{Min} (\mathit{Prices}_{(i)})$$

$$\mathit{Max} (\mathit{Prices}_{(i)})$$

Max means that the considered value is the highest value of all Prices_(i).

Min means that the considered value is the lowest value of all Prices_(i).

For the avoidance of doubt, each of the Prices_(i) as well as the Lookback Price can be subject to a Cap, a Floor and a Leverage.

Observation Date means each date specified as an Observation Date in the applicable Final Terms, or if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Observation Date".

Observation Period means the period specified in the applicable Final Terms.

Initial Observation Date(s) means the first Observation Date(s) as specified in the applicable Final Terms.

Final Observation Date(s) means the last Observation Date(s) as specified in the applicable Final Terms.

Intermediate Observation Date(s) means the Observation Date(s) that are neither Initial Observation Date(s) nor Final Observation Date(s).

2.2 Definitions of Performance

The Performance and all of its components can always be subject to a Minimum Level_(i), a Maximum Level_(i) and a Leverage_(i). Performance can refer to one or more of the following notions (the notions can be combined):

- ✓ **Performance 1:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

- ✓ **Performance 2:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$$

- ✓ **Performance 3:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Final Price} - \text{Initial Price}}{\text{Final Price}}$$

- ✓ **Performance 4:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Initial Price} - \text{Final Price}}{\text{Final Price}}$$

- ✓ **Performance 5:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{1}{\text{Initial Price}} - \frac{1}{\text{Final Price}}$$

- ✓ **Performance 6:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{1}{\text{Final Price}} - \frac{1}{\text{Initial Price}}$$

- ✓ **Performance 7:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Final Price}}{\text{Initial Price}}$$

- ✓ **Performance 8:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Initial Price}}{\text{Final Price}}$$

- **Basket Performance** means an amount determined in accordance with the following Formula in relation to an Underlying Reference which is a basket, each of the components being represented by a number_(i) ranging from 1 to n.

$$\sum_{k=1}^n W_{(k)} \times \text{Min} (\text{Maximum Component Level}_{(k)}; \text{Max}(\text{Minimum Component Level}_{(k)}; \text{Component Leverage}_{(k)} \times \text{Performance}_{i_{(k)}}))$$

With:

i from 1 to 8

$W_{(k)}$ = weighting corresponding to the kth basket component specified in the applicable Final Terms.

Each individual weighting can vary across time.

Minimum Component Level_(k) = minimum level corresponding to the kth basket component specified in the applicable Final Terms.

Maximum Component Level_(k) = maximum level corresponding to the kth basket component specified in the applicable Final Terms.

Component Leverage_(k) = leverage corresponding to the kth basket component specified in the applicable Final Terms.

- **Lock-In Performance**

If the Price_(i) or the Performance_(i) at a Lock-In Performance Valuation Date_(i) satisfies the Lock-In Performance Condition_(i), then Lock-In Redemption Level_(i) is memorized and the Performance is defined as the highest of all the memorized Lock-In Redemption Levels_(i).

With:

Lock-In Performance Valuation Date_(i) = the date specified as such in the applicable Final Terms corresponding to the date on which the Price or Performance is observed to determine whether it satisfies or not the Lock-In Performance Condition_(i).

Lock-In Performance Condition_(i) = the condition expressed as strictly greater than OR greater or equal to OR strictly less than OR less than or equal to the corresponding Lock-In Performance Trigger Level_(i).

Lock-In Performance Trigger Level_(i) = the value specified in the applicable Final Terms. It can be defined in absolute terms (e.g.: 2,000 points) or relative to a Price (e.g.: 70% of Initial Price).

Lock-In Redemption Level_(i) = percentage of the Specified Denomination specified in the applicable Final Terms.

2.3 Definitions relating to Interests

TAXATION

THE FOLLOWING IS A GENERAL DESCRIPTION OF CERTAIN TAX CONSIDERATIONS RELATING TO THE NOTES. IT DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OF ALL TAX CONSIDERATIONS RELATING TO THE NOTES. PROSPECTIVE PURCHASERS OF NOTES SHOULD CONSULT THEIR OWN TAX ADVISERS AS TO WHICH COUNTRIES' TAX LAWS COULD BE RELEVANT TO ACQUIRING, HOLDING AND DISPOSING OF NOTES AND RECEIVING PAYMENTS OF INTEREST, PRINCIPAL AND/OR OTHER AMOUNTS UNDER THE NOTES AND THE CONSEQUENCES OF SUCH ACTIONS UNDER THE TAX LAWS OF THOSE COUNTRIES. THIS OVERVIEW IS BASED UPON THE LAW AS IN EFFECT ON THE DATE OF THIS BASE PROSPECTUS AND IS SUBJECT TO ANY CHANGE IN LAW OR INTERPRETATION THEREOF THAT MAY TAKE EFFECT AFTER SUCH DATE (POTENTIALLY WITH A RETROACTIVE EFFECT).

FRANCE

Withholding taxes

The following is an overview of certain withholding tax consequences in relation to the ownership of the Notes that may be relevant to Noteholders who do not hold shares of the Issuer.

Notes which are not consolidated (assimilables for the purpose of French law) with notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to Notes issued on or after 1 March 2010 (other than Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made outside France in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty). A draft law published by the French government on 28 March 2018 would, if adopted in its current form, (i) expand the list of Non-Cooperative States as defined under Article 238-0 A of the French *Code général des impôts* to include the jurisdictions on the list set out in Annex I to the conclusions adopted by the Council of the European Union on 5 December 2017, as updated, (the **EU List**) and, as a consequence, (ii) expand this withholding tax regime to certain jurisdictions included in the EU List.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues with respect to such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the **Deductibility Exclusion**). The draft law published by the French government on 28 March 2018 abovementioned would, if adopted in its current form, expand this regime to the jurisdictions included in the EU List. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of (i) 12.8 per cent. for payments benefiting individuals who are not French tax residents, (ii) 30 per cent. (to be aligned with the standard corporate income tax rate set forth in Article 219-I of the French *Code général des impôts* for fiscal years beginning as from 1 January 2020) for payments benefiting legal persons who are not French tax residents or (iii) 75 per cent. for payments made outside

France in a Non-Cooperative State (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, BOI-RPPM-RCM-30-10-20-40-20140211 and BOI-IR-DOMIC-10-20-20-60-20150320, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411.1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (b) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (c) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are consolidated (assimilables for the purpose of French law) with notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes issued from 1 March 2010 and which are consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques-Impôts* BOI-RPPM-RCM-30-10-30-30-20140211, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the aforementioned *Bulletin Officiel des Finances Publiques-Impôts*.

In addition, interest and other revenues paid by the Issuer on Notes issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010 will not be subject to the Deductibility Exclusion and will not be subject to the withholding tax set out in Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments to individuals who are fiscally domiciled in France

Pursuant to Article 125 A I of the French *Code général des impôts* (where the paying agent (*établissement payeur*) is established in France), subject to certain limited exceptions, interest and similar income received

by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Transfer tax and other taxes

The following may be relevant in connection with Notes which may be settled or redeemed by way of physical delivery of certain listed shares issued by companies whose registered office is located in France (or certain assimilated securities) or securities representing such shares (or assimilated securities).

The French financial transaction tax provided under Article 235 *ter* ZD of the French *Code général des impôts* (the **French FTT**) is applicable, subject to certain exceptions, at a rate of 0.3 per cent to any acquisitions resulting in a transfer of ownership of (i) equity securities (*titres de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier* or assimilated equity securities (*titres de capital assimilés*) as defined by Article L.211-41 of the French *Code monétaire et financier*, provided that they are admitted to trading on a regulated market and that they are issued by a company whose registered office is located in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the **French Shares**) or (ii) securities (*titres*) representing such French Shares (irrespective of the location of the registered office of the issuer of such securities).

There are a number of exemptions from the French FTT and investors should consult with their counsel to identify whether they can benefit from them.

If the French FTT applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent to the sale of shares issued by a company whose registered office is located in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

LUXEMBOURG

The statements herein regarding withholding tax considerations in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law.

The following information is of a general nature only, is not intended to be, nor should it be construed to be, legal or tax advice, and does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject and as to their tax position, as a result of the purchase, ownership and disposal of the Notes.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

(a) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(b) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 (the **Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 20 per cent.

SWITZERLAND

The following statements and discussions of certain Swiss tax considerations relevant to the purchase, ownership and disposition of Notes are of a general nature only and do not address every potential tax consequence of an investment in Notes under Swiss law. This overview is based on treaties, laws, regulations, rulings and decisions currently in effect, all of which are subject to change. Potential investors will therefore need to consult their own tax advisers to determine the special tax consequences of the receipt, ownership and sale or other disposition of Notes. In particular, the precise tax treatment of a holder of Notes needs to be determined for each issue with reference to the full Conditions of the Notes specified in the applicable Final Terms under the law and practice at the relevant time.

Swiss Withholding Tax

Payments on the Notes are currently not subject to Swiss withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On 4 November 2015, the Swiss Federal Council announced that it had mandated the Swiss Federal Finance Department to appoint a group of experts to prepare a proposal for reform of the Swiss withholding tax system. The proposal is expected to, among other things, replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. This paying agent-based regime is expected to be similar to the one contained in the draft legislation published by the Swiss Federal Council on 17 December 2014, which was subsequently withdrawn on 24 June 2015. However, on 23 October 2017, the Swiss Federal Economic Affairs and Taxation Committee of the Swiss National Council filed a parliamentary initiative reintroducing the request to replace the current debtor-based regime applicable to interest payments with a paying agent-based system that (i) subjects all interest payments made to individuals resident in Switzerland to Swiss withholding tax and (ii) provides an exemption from Swiss withholding tax for interest payments to all other persons (including Swiss corporations). If this legislation or similar legislation were enacted and a payment in respect of a Note were to be made or collected through Switzerland and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer, nor any paying agent nor any other person would pursuant to the Terms and Conditions of the Notes be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such Swiss withholding tax.

Income Taxation

Notes held as Private Assets by a Swiss Resident Holder

(a) *Structured Notes*

If a Note classifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Note classifies as a structured note with or without a predominant one-time interest payment:

Non-transparent derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Note classifies as non-transparent structured note and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under "Transparent derivative financial instruments with a predominant one-time interest payment".

Transparent derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment (see below "Transparent derivative financial instruments with a predominant one-time interest payment"), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the Note. A gain, including interest accrued, a loss, respectively, realised on the sale of a Note is a tax-free private capital gain, a non-tax-deductible private capital loss, respectively (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder"). The same applies if the Note is redeemed except that interest accrued is taxed when paid.

Transparent derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or redemption of the Note, the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or redemption of the Note may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder").

(b) *Bonds*

Bonds without a predominant one-time interest payment: If a Note classifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, a loss, respectively, realised on the sale of a Note is a tax-free private capital gain, a non-tax-deductible

private capital loss, respectively (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder").

Bonds with a predominant one-time interest payment: If a Note classifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

(c) *Pure Derivative Financial Notes*

Periodic and one-time dividend equalisation payments realised on a Note which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of shares, consisting of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitute taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder").

(d) *Low Exercise Price Options*

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of an option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income. Any other return will be classified as a tax-exempt capital gain or a non-tax deductible capital loss (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder").

(e) *Fund-like Notes*

A Note classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less costs attributable) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like Note as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any respective loss on the underlying investments is a non-tax-deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain, and, conversely, any loss realised a non-tax-deductible capital loss (see below "Capital Gains Taxation, Notes held as Private Assets by a Swiss Resident Holder").

Notes held as Business Assets of a Swiss Resident Holder

Corporate entities and individuals who hold Notes as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption

of, such Notes (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same applies to Swiss resident individuals who, for income tax purposes, are classified as so-called professional securities dealers.

Capital Gains Taxation

Notes held as Private Assets by a Swiss Resident Holder

A gain, a loss, respectively, realized by an individual resident in Switzerland for tax purposes upon the sale or other disposal of a Note held as part of his or her private assets is in principal (exceptions applies amongst other in case of non-transparent derivative financial instruments and transparent derivative financial instruments with a predominant one-time interest payment) a tax-free private capital gain, a non-tax deductible capital loss, respectively, unless such individual is classified, for income tax purposes, as so-called professional securities dealers. If an individual is classified as so-called professional securities dealer he or she will in accordance with the principles set forth above under "Income Taxation, Notes held as Business Assets of a Swiss Resident Holder".

Notes held as Business Assets of a Swiss Resident Holder

Capital gains realized on Notes held as business assets of a Swiss resident Holder are taxed in accordance with the taxation principles set forth above under "Income Taxation, Notes held as Business Assets of a Swiss Resident Holder".

Stamp Taxes

Swiss Federal Issue Stamp Tax

The Notes are not subject to Swiss federal stamp tax on the issuance of securities.

Swiss Federal Securities Turnover Tax

Dealings in Notes which classify as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings (including delivery at issue) in Notes which have been issued by an issuer outside of Switzerland and which classify as structured notes, share-like instruments (including Low Exercise Price Warrants on shares with a pre-financing of 50 per cent. or more and a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealing in bonds and structured notes with a maturity not exceeding one year are exempt from Swiss federal securities turnover tax.

The delivery of an underlying taxable security at exercise or redemption to the holder of the Note is subject to Swiss federal securities turnover tax of 0.3 per cent. in case a security issued by an issuer outside Switzerland is delivered and of 0.15 per cent. in case a security issued by a domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Gift, Inheritance and Estate Taxes

Subject to an applicable tax treaty in an international scenario, transfers of Notes may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person has had his or her last domicile in Switzerland, the donor is resident in Switzerland, respectively, or in the case of a foreign deceased or resident person the transfer involves an unincorporated business in Switzerland and Notes are held as part of such business. No such taxes currently exist at the federal level. Rates depend upon the existing relationship (i.e. the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants and inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates. Gifts and inheritances received from unrelated persons attract rates up to around 55 per cent. (highly depending on the rates of the applicable canton/community). The taxable base is usually the market value of the property transferred.

Net Worth and Capital Taxes

A holder of Notes who is an individual resident in Switzerland for tax purposes or is a non-Swiss resident holding Notes as part of a Swiss business operation or a Swiss permanent establishment is required to report Notes as part of private wealth or as part of Swiss business assets, as the case may be, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth (including the Notes), in the case of non-Swiss resident individual holding Notes as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Notes are subject to cantonal and/or communal capital tax on net taxable equity, in the case of non-Swiss resident person holding Notes as part of a Swiss permanent establishment, to the extent the aggregate taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

Non-Swiss Resident Holders

A holder of a Note who is not resident in Switzerland for tax purposes and who during the taxation year has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will neither be subject to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland. On 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the U.S. on changing the current direct-notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities.

International Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the European Union on the international automatic exchange of information (the **AEOI**) in tax matters. The agreement became effective as of 1 January 2017 and applies to all 28 EU member states and also Gibraltar. Also on 1 January 2017 the multilateral competent authority agreement on the automatic exchange of financial account information (the **MCAA**), and based on the MCAA, a number of bilateral AEOI agreements with other countries became effective. Based on such agreements and the implementing laws of Switzerland, Switzerland collects data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in an EU member state or

resident in a treaty state from 2017 or 2018, exchanges the data or will exchange it from 2018 or 2019, in each case depending on the effectiveness of the relevant agreement. Switzerland has signed and intends to sign further AEOI agreements with further countries, which, subject to ratification, will become effective at a later date. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective can be found on the website of the State Secretariat for International Financial Matters.

FEDERAL REPUBLIC OF GERMANY

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Notes. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This overview is based on the tax laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each Series or Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Series or Tranche of Notes as set out in the respective Final Terms, the following section only provides some general information on the possible tax treatment.

The law as currently in effect provides for a reduced tax rate for certain investment income. Please note that for the formation of a new German federal government provides that the flat tax regime shall be partially abolished for certain capital investment income. The coalition agreement further provides that the solidarity surcharge shall be abolished in stages provided that the individual income does not exceed certain thresholds. There is however no draft bill available yet and a lot of details are hence still unclear. That means however that income received by Holders holding the Notes as non-business assets may be taxed at individual progressive income tax rates of up to 45 per cent. in the future (plus a 5.5 per cent. solidarity surcharge thereon, unless abolished or reduced in the future, and church tax, if applicable to the individual Holder). However, it is still unclear, whether, how and when the current discussion may result in any legislative change.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Notes, including the effect of any state, local or church taxes, under the tax laws of Germany and any country of which they are resident or whose tax laws apply to them for other reasons.

Tax Residents

The section "Tax Residents" refers to persons who are tax residents of Germany (*i.e.* persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

Withholding tax on ongoing payments and capital gains

Ongoing payments received by an individual holder of the Notes will be subject to German withholding tax if the Notes are kept in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a **Disbursing Agent**, *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individual holders who are subject to church tax, an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The same treatment applies to capital gains (*i.e.* the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by an individual holder provided the Notes have been held in a custodial account with the same Disbursing Agent since the time of their acquisition. Where Notes are acquired and/or sold in a currency other than Euro, the sales price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If interest coupons or interest claims are disposed of separately (*i.e.* without the Notes), the proceeds from the disposition are subject to withholding tax. The same applies to proceeds from the redemption of interest coupons or interest claims if the Notes have been disposed of separately.

If Notes qualifying as a forward/futures transaction (*Termingeschäft*) according to sec. 20 para. 2 sent. 1 no. 3 German Income Tax Act (*Einkommensteuergesetz*) are settled by a cash payment, capital gains realised upon exercise (*i.e.* the cash amount received minus directly related costs and expenses, *e.g.* the acquisition costs) are subject to withholding tax. In the event of physical delivery, the acquisition costs of such Notes plus any additional sum paid upon exercise are generally regarded as acquisition costs of the underlying assets received upon physical settlement. Withholding tax may then apply to any gain resulting from the subsequent disposal, redemption, repayment or assignment of the assets received. In case of certain assets being the underlying (*e.g.* commodities or currencies) a subsequent sale of the underlying received may not be subject to German withholding tax as outlined in this section but any disposal gain may be fully taxable at the personal income tax rate of the individual holder.

In case of a physical settlement of certain Notes (not qualifying as forward/futures transactions) which grant the Issuer or the holder the right to opt for a physical delivery of underlying securities instead of a money payment, the acquisition costs of the Notes may be regarded as proceeds from the disposal, redemption, repayment or assignment of the Notes and hence as acquisition costs of the underlying securities received by the individual holder upon physical settlement; any consideration received by the holder of the Notes in addition to the underlying securities may be subject to withholding tax. To the extent the provision mentioned above is applicable, generally no withholding tax has to be withheld by the Disbursing Agent upon physical settlement as such exchange of the Notes into the underlying securities does not result in a taxable gain for the individual holder. However, withholding tax may then apply to any gain resulting from the disposal, redemption, repayment or assignment of the securities received in exchange for the Notes. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the underlying securities and the acquisition costs of the Notes (after deduction of expenses related directly to the disposal, if any).

To the extent the Notes have not been kept in a custodial account with the same Disbursing Agent since the time of their acquisition or if the Notes have been transferred into the custodial account of the Disbursing Agent only after their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge, plus church tax, if applicable) on 30 per cent. of the disposal proceeds (plus interest accrued on the Notes (**Accrued Interest**, *Stückzinsen*), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Notes by the previous Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or the European Economic Area or certain other countries (*e.g.* Switzerland or Andorra).

Pursuant to administrative guidance losses incurred by a noteholder from bad debt (*Forderungsausfall*) or a waiver of a receivable (*Forderungsverzicht*) are generally not tax-deductible. The same rules should apply if the Notes expire worthless or if the proceeds from the sale of Notes do not exceed the usual transaction costs. However, in a recent case the Federal Tax Court (*Bundesfinanzhof*) did not follow this view holding that losses are deductible against other investment income if they are final, *i.e.* no further payment can be expected, *e.g.* upon conclusion of an insolvency procedure over the borrower's assets. It still needs to be seen whether the tax authorities will follow this view.

According to administrative guidance, where a Note qualifies as a full risk security (*Vollrisikozertifikat*) which provides for several payments to be made to the holder such payments shall qualify as taxable investment income, unless the terms and conditions of the Notes explicitly provide for the redemption or partial redemption during the term of the Notes and these terms and conditions are complied with. If the terms of the Notes do not provide for final payment at maturity or no such payment is made any losses incurred upon, expiry of such Notes shall not be tax-deductible.

In computing any German tax to be withheld, the Disbursing Agent may generally deduct from the basis of the withholding tax negative investment income realised by the individual holder of the Notes via the Disbursing Agent (*e.g.* losses from sale of other securities with the exception of shares). The Disbursing Agent may also deduct Accrued Interest on the Notes or other securities paid separately upon the acquisition of the respective security via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent may credit foreign withholding taxes levied on investment income in a given year regarding securities held by the individual holder in the custodial account with the Disbursing Agent.

Individual holders may be entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for couples and partners filing jointly) for all investment income received in a given year. Upon the individual holder filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the holder of the Notes has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Notes held by a corporation as holder while ongoing payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Notes form part of a trade or business or are related to income from the letting and leasing of property, subject to further requirements being met.

Taxation of current income and capital gains

The personal income tax liability of an individual holder deriving income from capital investments under the Notes is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in the case of Notes kept in custody abroad or if no Disbursing Agent is involved in the payment process or if the withholding tax on disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), the individual holder must report his or her income and capital gains derived from the Notes on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge thereon and church tax, where applicable). Further, an individual holder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemised basis is not permitted.

Losses incurred with respect to the Notes can only be off-set with investment income of the individual holder of the Note realised in the same or the following years. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Notes can only be offset against capital gains deriving from the disposal of shares.

Where Notes form part of a trade or business or the income from the Notes qualifies as income from the letting and leasing of property the withholding tax, if any, will not settle the personal or corporate income tax liability. Where Notes form part of a trade or business, interest (accrued) must be taken into account as income. Where Notes qualify as zero bonds and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account. The respective holder will have to report income and related (business) expenses on the tax return and the balance will be taxed at the holder's applicable tax rate. Withholding tax levied, if any,

will be credited against the personal or corporate income tax of the holder. Where Notes form part of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Notes may also be subject to German trade tax. Generally the deductibility of capital losses from the Notes which qualify for tax purposes as forward/futures transactions is limited. These losses may only be applied against profits from other forward/futures transactions derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and applied against profits from forward/futures transactions in subsequent years.

In the case of physically settled Notes special limitations may apply to losses from the disposal of an underlying which is a share in a corporation.

German Investment Taxation

If a Note (in particular a Note which is physically settled by delivery of fund shares, fund units or similar instruments or a Note which replicates the performance of an investment fund) was considered to qualify as an investment fund unit within the meaning of the German Investment Tax Act (*Investmentsteuergesetz*), tax consequences different from those discussed above would apply. A Holder subject to German taxation may then be required to include into his or her taxable income unrealized gains from the appreciation in value of the Note which may be deemed to be a portion of the fair market value of the Note at the relevant time. In general, the taxed unrealized gains will be deductible in computing the capital derived from the disposal, redemption or termination of the Note.

Non-residents

Interest, including Accrued Interest, and capital gains are not subject to German taxation, unless (i) the Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above under "*Tax Residents*" applies.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Notes are kept or administered in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Notes are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Note or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Notes or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Notes will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

THE NETHERLANDS

General

The following overview outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. This overview is intended as general information only for holders of Notes who are residents or deemed residents of the Netherlands for Netherlands tax purposes. Each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes.

This overview is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This overview does not address the Netherlands tax consequences for:

- (a) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Notes of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (b) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Dutch Income Tax act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Act 1956 (*Successiewet 1956*);
- (c) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba and the Notes are attributable to such permanent establishment or permanent representative;
- (d) individuals to whom Notes or the income there from are attributable to employment activities which are taxed as employment income in the Netherlands;
- (e) investment institutions (*fiscale beleggingsinstellingen*); and
- (f) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or exempt from Netherlands corporate income tax.

Where this overview refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

For the purpose of the Netherlands tax consequences described herein, it is assumed that the Issuer is neither a resident nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Netherlands Withholding Tax

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Netherlands Corporate and Individual Income Tax

If a holder of Notes is a resident or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual holder is a resident or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes (including an individual holder who has opted to be taxed as a resident of the Netherlands for individual income tax purposes), income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 51.95 per cent.) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (a) the individual holder is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the individual holder has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or
- (b) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Notes that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (a) nor condition (b) applies to the individual holder of the Notes, taxable income with regard to the Notes must be determined on the basis of a deemed return on savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on savings and investments is fixed at a percentage of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January) insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Notes less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The deemed return percentage to be applied to the yield basis increases progressively depending on the amount of the yield basis. The deemed return on savings and investments is taxed at a rate of 30 per cent.

Netherlands Gift and Inheritance Tax

Generally, gift tax (*schenkelasting*) or inheritance tax (*erfbelasting*) will be due in the Netherlands in respect of the acquisition of the Notes by way of a gift by, or on behalf of, or on the death of, a holder of Notes that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands Gift and Inheritance Tax Act 1956 at the time of the gift or his or her death. A gift made under a condition precedent is for purposes of the Netherlands Gift and Inheritance Act 1956 deemed to be a made at the time the condition precedent is fulfilled and is subject to gift tax if the donor is, or is deemed to be a resident of the Netherlands at that time.

A holder of Dutch nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and Inheritance Tax Act 1956 if he or she has been resident in the Netherlands and dies or makes a donation within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands Gift and Inheritance Tax Act 1956 if

he or she has been resident in the Netherlands and makes a donation within a twelve months period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

Netherlands Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of a cash payment made under the Notes, or in respect of a transfer of Notes.

Other Netherlands Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

UNITED KINGDOM

The following applies only to persons who are the beneficial owners of Notes and is an overview of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs (HMRC) practice relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of person (such as dealers) to whom special rules may apply. References in this section to interest shall mean amounts that are treated as interest for the purposes of United Kingdom taxation. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Interest on the Notes

Payment of interest on the Notes

Payments of interest on the Notes that does not have a United Kingdom source may be made without withholding on account of United Kingdom income tax.

B. OUTSIDE EUROPE

HONG KONG

The statements below regarding taxation are based on the law and practice of Hong Kong at the date of this Base Prospectus and are subject to any subsequent changes in law or practice (which could be made on a retrospective basis). The following statements do not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and may not apply equally to all persons. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes.

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Cap. 112 of the Laws of Hong Kong) (the **Inland Revenue Ordinance**), as it is currently applied by the Inland Revenue Department of Hong Kong, interest on the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (a) interest on the Notes is derived from Hong Kong and is received by or accrues to a corporation, carrying on a trade, profession or business in Hong Kong;
- (b) interest on the Notes is derived from Hong Kong and is received by or accrues to a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business;
- (c) interest on the Notes is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or
- (d) interest on the Notes is received by or accrues to a corporation, other than a financial institution, and arises through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the Inland Revenue Ordinance).

Pursuant to the Exemption from Profits Tax (Interest Income) Order, interest income accruing to a person other than a financial institution on deposits (denominated in any currency and whether or not the deposit is evidenced by a certificate of deposit) placed with, *inter alia*, an authorised institution in Hong Kong (within the meaning of section 2 of the Banking Ordinance) are exempt from the payment of Hong Kong profits tax. This exemption does not apply, however, to deposits that are used to guarantee money borrowed in certain circumstances.

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal and redemption of Notes will be subject to Hong Kong profits tax.

Sums derived from the sale, disposal or redemption of Bearer Notes will be subject to Hong Kong profits tax where received by or accrued to a person, other than a corporation, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source unless otherwise exempted. Sums received by or accrued to a corporation (other than a financial institution) by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the Inland Revenue Ordinance) from the sale, disposal or other redemption of Bearer Notes will be subject to Hong Kong profits tax. Similarly, such sums in respect of Notes in registered form received by or accrued to either the aforementioned financial institution, person and/or corporation will be subject to Hong Kong profits tax if such sums have a Hong Kong source.

The source of such sums will generally be determined by having regard to the manner in which the Notes are acquired and disposed.

Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes provided either:

- (a) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (b) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117 of the Laws of Hong Kong) (the **Stamp Duty Ordinance**)).

If stamp duty is payable, it is payable by the Issuer on the issue of Bearer Notes at a rate of 3 per cent. of the market value of the Notes at the time of issue.

No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Notes. Stamp duty may be payable on any transfer of Registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfers of Registered Notes provided that either:

- (i) the Registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) the Registered Notes constitute loan capital (as defined in the Stamp Duty Ordinance).

If stamp duty is payable in respect of the transfer of Registered Notes it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the amount or value of the consideration. If, in the case of either the sale or purchase of such Registered Notes, stamp duty is not paid, both the seller and the purchaser may be liable jointly and severally to pay any unpaid stamp duty and also any penalties for late payment. If stamp duty is not paid on or before the due date (two days after the sale or purchase if effected in Hong Kong or 30 days if effected elsewhere) a penalty of up to 10 times the duty payable may be imposed. In addition, stamp duty is payable at the fixed rate of HK\$5 on each instrument of transfer executed in relation to any transfer of the Registered Notes if the relevant transfer is required to be registered in Hong Kong.

Estate Duty

No estate duty will be payable in respect of Bearer Notes in Hong Kong.

PEOPLES REPUBLIC OF CHINA (PRC)

The following overview describes the principal PRC tax consequences of ownership of the Notes by beneficial owners who, or which, are residents of mainland China for PRC tax purposes. These beneficial owners are referred to as PRC holders in this "PRC Taxation" section. If you are considering the purchase of the Notes, you should consult your own tax advisors with regard to the application of PRC tax laws to your particular situations as well as any tax consequences arising under the laws of any other tax jurisdiction.

Income Tax

If the holder of the Notes is a PRC enterprise or individual who, or which, is resident of mainland China (**PRC resident**) for PRC tax purposes, pursuant to the PRC Enterprise Income Tax Law (the **PRC EIT Law**) and the PRC Individual Income Tax Law and their implementation rules, an income tax shall be levied on both payment of interest gained by a PRC resident in respect of the Notes and the gains realized by such holder from the transfer of the Notes. The current rates of such income tax are 20 per cent (for PRC resident individuals) and 25 per cent (for PRC resident enterprises).

Under the PRC EIT Law and its implementation rules, enterprises which were incorporated in the PRC and enterprises which were incorporated under the laws of a foreign jurisdiction with its "place of effective

management" located within the PRC (collectively, **Resident Enterprises**) are subject to enterprise income tax (**EIT**) at the general rate of 25 per cent on its worldwide income.

A "place of effective management" refers to the place where the material and overall management and control over the business, personnel, accounts and assets of the enterprise are exercised. In April 2009, the State Administration of Taxation (**SAT**) issued Circular *GuoShuiFa* [2009] No. 82 (**Circular 82**) specifies that certain criteria for determining whether the "place of effective management" is located within the PRC for enterprises incorporated outside of China and controlled by PRC enterprises, which include: (a) the location where senior management members responsible for an enterprise's daily operations discharge their duties; (b) the location where financial and human resource decisions are made or approved by organizations or persons; (c) the location where the major assets and corporate documents are kept; and (d) the location where more than half (inclusive) of all directors with voting rights or senior management have their habitual residence.

If the Issuer is considered to be a PRC resident enterprise because its place of effective management is deemed to be within China, interest paid to non-resident holders and gains realized by such non-resident holders from transfer of the Notes may be regarded as income from sources within the PRC and therefore be subject to a 10 per cent. enterprise income tax if the holder is a non-PRC resident enterprise, or 20 per cent. individual income tax if the holder is a non-PRC resident individual, unless such income tax is reduced or exempted by any applicable tax treaty.

If the Issuer is not considered a PRC resident enterprise, the holders of the Notes who are not PRC residents for PRC tax purposes will not be subject to income tax in respect of interest payment or gains realized from transfer of the Notes.

Value-Added Tax

On 23 March 2016, the Ministry of Finance and the State Administration of Taxation promulgated the Circular on Comprehensively Promoting the Pilot Program of the Collection of Value-Added Tax to Replace Business Tax (Cai Shui [2016] No. 36, **Circular 36**), pursuant to which, starting from 1 May 2016, value-added tax (**VAT**) shall be applicable to provision of financial services and transfer of financial products within China by any entities or individuals, replacing business tax. According to Circular 36, sale of services would be considered as being provided in China if the service provider or recipient is situated in China, but services that are provided by offshore entities or individuals to onshore entities or individuals and completely take place outside of China shall not be deemed as services provided within China. Subject to further clarification of the Chinese tax authorities, if the holder of the Notes is a resident enterprise or individual of the PRC, receiving interest under the Notes or gains from the transfer of the Notes by such holder may be deemed as the holder providing loans to the Issuer or transferring the Notes in China, subject to VAT in China. The applicable VAT rate shall be 6 per cent. for general VAT payers and 3 per cent. for small-scale VAT payers. Such VAT could be exempt for transfer of the Notes by PRC individuals and security investment funds. If the Issuer is not considered a PRC resident enterprise, holders of the Notes who are not PRC residents for PRC tax purposes will not be subject to VAT in respect of interest payment or gains realized from transfer of the Notes.

REPUBLIC OF KOREA

The following overview is based upon the tax laws, regulations, rulings, decrees, income tax conventions (treaties), administrative practice and judicial decisions of Korea effective currently, all of which are subject to change, possibly with retroactive effect. Such changes could affect the statements and conclusions set forth herein. This overview does not purport to be a legal opinion or to address all tax aspects that may be relevant to a holder of the Note. Investors of the Note are advised to consult their own tax advisers as to the tax consequences under the tax laws of Korea or any other consequences of the purchase, ownership and disposition of such Notes, including the effect of any national, state or local tax laws.

As long as the Notes are issued by a foreign corporation which does not have a permanent establishment and not purchased by a Korean corporation, a Korean resident or a foreign corporation (including a non-resident) having a permanent establishment in Korea, the purchasers of the Notes would not face any Korean tax consequences on the payments of interest and principal on the Notes to the extent that the Notes have no nexus in Korea for Korean tax purposes.

If the Notes are purchased by a Korean corporation, the interest income thereon would be subject to Korean taxation. Korean corporations are subject to corporate income tax (including local income tax) at 11 per cent up to taxable base of KRW 200 million, 22 per cent for taxable base between KRW 200 million and KRW 20 billion, 24.2 per cent for taxable base between KRW 20 billion and KRW 300 billion, and 27.5 per cent for excess of KRW 300 billion. Korean resident individuals are subject to individual income tax at the graduated rates between 6.6 per cent and 46.2 per cent depending on the amount of taxable base. If the interest on the Notes is attributable to a permanent establishment of a foreign corporation or a non-resident, the interest would be taxed similarly in Korea as those of a Korean corporation or a Korean resident.

Korea allows tax credits for the income taxes paid or withheld to a foreign government within the limitation under the Korean tax Code.

When the Notes are sold by a Korean corporation, a Korean resident or a foreign corporation (including a non-resident) having a permanent establishment in Korea, it would be required to recognize income on the accrued interest. The capital gain on the sale of the Note would also be subject to Korean taxation if the Note holder is a Korean corporation. However, if the Note-holder is a Korean individual, such capital gains would not be taxed.

Nonetheless, profits arising from derivative-linked securities (**DLS**) would be taxed as dividend income for Korean tax purposes (Article 17(1)(5-2) of the Personal Income Tax Law (Dividend Income)).

Distinction between floating rate notes (which are treated as debt securities) and DLS for Korean tax purposes remains unclear in practice.

SINGAPORE

*The statements below are general in nature and do not purport to comprehensively address the Singapore tax treatment for all kinds of Notes or all holders of the Notes. **In particular, the Notes will often be complex structured debt securities which may give rise to tax issues not addressed in this section.***

The statements are based on certain aspects of current tax laws in Singapore, announced budget measures that may not have been enacted and administrative guidelines issued by the relevant authorities applicable as at the date of this Base Prospectus and are subject to the enactment of such budget measures and any changes in such laws, announced budget measures or administrative guidelines, or the interpretation of those laws, budget measures or guidelines, occurring after such date, which changes could be made on a retroactive basis.

Investors and prospective investors in the Notes should consult their own tax advisers regarding the tax consequences to them of the acquisition, holding or disposal of any Notes.

Interest and Other Payments

Notes issued by Crédit Industriel et Commercial through its Singapore Branch

Under Section 12(6) of the Income Tax Act, Chapter 134 of Singapore (ITA), interest, commission, fee or other payments made on Notes issued by Crédit Industriel et Commercial through its Singapore Branch are deemed to constitute Singapore-sourced income.

Subject to the following paragraphs, such payments, where made to a person not known to the paying party to be a resident in Singapore for tax purposes, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15 per cent. final withholding tax described below) to non-resident persons (other than non-resident individuals) is 17 per cent. with effect from the year of assessment 2010. The applicable rate for non-resident individuals is 22 per cent. However, if the payment is derived by a person not resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15 per cent. The rate of 15 per cent. may be reduced by applicable tax treaties.

Certain Singapore-sourced investment income derived by individuals from debt securities is exempt from tax, including interest, discount income (not including discount income arising from secondary trading), prepayment fees, redemption premiums and break costs, except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

However, under the Qualifying Debt Securities Scheme, if more than half of the principal amount of any particular tranche of the Notes are distributed by persons who are Financial Sector Incentive (Standard Tier) Compan(ies) or Financial Sector Incentive (Capital Market) Compan(ies) or Financial Sector Incentive (Bond Market) Compan(ies) for the purposes of the ITA, that tranche of Notes (**Relevant Notes**) issued between the date of this Base Prospectus to 31 December 2018 will constitute "qualifying debt securities" (or **QDS**) for the purposes of the ITA, to which the following shall apply:

- (a) subject to certain conditions having been fulfilled (including the lodging of a Return on Debt Securities within a specified period to the MAS, and the inclusion by the Issuer in all offering documents relating to the Relevant Notes of a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption shall not apply if the non-resident person acquires the Relevant Notes using funds from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium, and break cost (collectively, Qualifying Income) from the Relevant Notes, derived by a holder who is not resident in Singapore and who does not have any permanent establishment in Singapore is exempt from Singapore tax. Non-residents who carry on any operation through permanent establishments in Singapore also have the benefit of this exemption, provided that the Notes are not acquired using funds from Singapore operations. Funds from Singapore operations means, in relation to a person, the funds and profits of that person's operations through a permanent establishment in Singapore;
- (b) subject to certain conditions having been fulfilled (including the lodgment of a Return on Debt Securities within a specified period to the MAS), Qualifying Income from the Relevant Notes derived by any company or body of persons (as defined in the ITA) in Singapore is subject to tax at a concessionary rate of 10 per cent.;

- (c) subject to:
- (i) the Issuer including in all offering documents relating to the Relevant Notes a statement to the effect that any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Relevant Notes is not exempt from tax shall include such income in a return of income made under the ITA; and
 - (ii) the lodging of a Return on Debt Securities within a specified period to the MAS,

Qualifying Income derived from the Relevant Notes is not subject to withholding of tax by the Issuer.

It should be noted that the withholding tax benefits under the Qualifying Debt Securities regime will not apply unless the statements referred to in paragraphs (a) and (c)(i) above are included in all offering documents (including the Base Prospectus and any relevant Final Terms or (if applicable) pricing supplement). However, the withholding tax exemption for payments under Section 12(6) of the ITA made by issuers who are banks described below may continue to apply.

However, notwithstanding the foregoing:

- (a) if during the primary launch of any Relevant Notes, the Relevant Notes are issued to fewer than four persons and 50 per cent. or more of the principal amount of the Relevant Notes is beneficially held or funded, directly or indirectly, by related parties of the Issuer, the Relevant Notes would not qualify as "qualifying debt securities"; and
- (b) even though Relevant Notes are "qualifying debt securities", if at any time during the tenure of the Relevant Notes, 50 per cent. or more of the principal amount of the Relevant Notes is held beneficially or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income derived from the Relevant Notes held by (1) any related party of the Issuer, or (2) any other person where the funds used by such person to acquire the Relevant Notes are obtained, directly or indirectly, from any related party of the Issuer, shall not be eligible for the tax exemption or concessionary tax rate described above.

For this purpose:

- (i) "**break cost**", in relation to debt securities and qualifying debt securities, means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by any loss or liability incurred by the holder of the securities in connection with such redemption;
- (ii) "**prepayment fee**", in relation to debt securities and qualifying debt securities, means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by the terms of the issuance of the securities;
- (iii) "**redemption premium**", in relation to debt securities and qualifying debt securities, means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity; and
- (iv) "**related party**", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Notwithstanding that the Issuer is permitted to make payments of Qualifying Income in respect of the Relevant Notes without deduction or withholding for tax under Section 45 or Section 45A of the ITA, any

person whose Qualifying Income derived from the Relevant Notes is not exempt from tax is required to include such income in a return of income made under the ITA.

It was announced in the Singapore Budget Statement 2018 that the Qualifying Debt Securities Scheme will be extended until 31 December 2023, subject to details to be announced by the MAS.

The Qualifying Debt Securities Plus Scheme (QDS+ Scheme)

Under the QDS Plus Scheme, subject to certain conditions and qualifications, income tax exemption is granted on Qualifying Income derived by any investor (including Singaporean investors) from qualifying debt securities (excluding Singapore Government Securities) which:

- (a) are issued on or before 31 December 2018;
- (b) have an original maturity date of not less than 10 years;
- (c) cannot have their tenure shortened to within 10 years from the date of their issue except where
 - (i) the shortening of the tenure is a result of any early termination pursuant to certain early termination clauses specified in the Schedule to the Income Tax (Qualifying Debt Securities) Regulations (**Regulations**) which the Issuer has included in any offering document for such qualifying debt securities; and
 - (ii) the qualifying debt securities do not contain any call, put, conversion, exchange or similar option that can be triggered at specified dates or at specified prices which have been priced into the value of the qualifying debt securities at the time of their issue; and
- (d) cannot be re-opened with a resulting tenure of less than 10 years to the original maturity date.

Examples of "standard" redemption clauses referred to in the Schedule to the Regulations are a: (a) change in tax law event, (b) default event, (c) change of control or change of shareholding event, (d) change in listing status of an issuer or trading disruption event, (e) change of qualification event due to regulatory capital requirements, (f) change in accounting classification, (g) change in rating, (h) repurchase upon a non-compliance event, (i) purchase provision and (j) modification and amendment provision. Please refer to the Regulations for further details on the "standard" redemption clauses.

It was announced in the Singapore Budget Statement 2018 that the QDS Plus Scheme will be allowed to lapse after 31 December 2018, but debt securities with tenures of at least 10 years which are issued on or before 31 December 2018 can continue to enjoy the tax concessions under the QDS Plus Scheme if the conditions of such scheme as set out above are satisfied.

Treatment of holders of the Financial Sector Incentive – Standard Tier incentive

The 10 per cent concessionary tax rate for QDS as described above will not apply to companies that hold the Financial Sector Incentive – Standard Tier incentive.

Such companies may enjoy a 12 per cent tax rate instead in accordance with, and subject to their terms and conditions of, their Financial Sector Incentive - Standard Tier incentive award.

Withholding tax exemption for payments by banks to non-residents

The Singapore Government had proposed in the 2011 budget that payments falling within Section 12(6) of the ITA and made by (amongst certain other persons) licensed banks in Singapore to persons who are non-Singapore tax-residents (other than permanent establishments in Singapore):

- (a) between 1 April 2011 and 31 March 2021; or
- (b) on a contract which takes effect between 1 April 2011 and 31 March 2021,

will be exempt from tax, provided the payments are made for the purposes of the licensed bank's business in Singapore and the payments do not arise from a transaction to which the general anti-avoidance provisions in Section 33 of the ITA applies.

With effect from 17 February 2012, (amongst certain other persons) licensed banks are no longer required to withhold tax on payments falling within Section 12(6) of the ITA which they are liable to make to permanent establishments in Singapore of a non-resident person:

- (a) between 17 February 2012 and 31 March 2021 on contracts that take effect before 17 February 2012; and
- (b) on or after 17 February 2012 on contracts that take effect between 17 February 2012 to 31 March 2021.

With effect from 21 February 2014, the expiry date of 31 March 2021 referred to in the immediately preceding paragraph does not apply to payments to Singapore branches of non-resident persons as the requirement to withhold tax from payments to Singapore branches has been lifted.

Notwithstanding the preceding paragraph, permanent establishments (including branches) in Singapore of a non-resident person are required to declare such payments in their annual income tax returns and will be assessed to tax on such payments (unless specifically exempt from tax).

Notes issued by Crédit Industriel et Commercial but not through its Singapore Branch

Where Notes are issued by Crédit Industriel et Commercial but not through its Singapore Branch, whether income, commissions, fees and other payments on such Notes would be Singapore-source income or foreign-source income would depend on the specific facts, including the circumstances of the taxpayer.

For example, where the income is derived by a licensed bank carrying on business in Singapore, the income is likely to be regarded as Singapore-source trade or business income of the bank, but the position may be different in the case of, for example, an individual. Noteholders are accordingly advised to consult their own tax advisers regarding the question of whether income, commissions, fees and other payments derived by them from Notes issued by Crédit Industriel et Commercial but not through its Singapore Branch are Singapore-source or foreign-source for Singapore tax purposes.

Where income is regarded as foreign-sourced for tax purposes, it would be taxable in Singapore only if it is received (or deemed received) in Singapore. Individuals are, however, exempt from income tax on all foreign-source income received (or deemed received) in Singapore, other than income derived through a partnership in Singapore.

In addition, where income on any Notes issued by Crédit Industriel et Commercial but not through its Singapore Branch are QDS, the concessionary rate of tax applicable to companies and bodies of persons (as defined in the ITA) in Singapore on Qualifying Income from QDS would be applicable, subject to substantially the same requirements, terms and conditions as discussed above.

Capital Gains

Any gains considered to be in the nature of capital made from the sale of the Notes will not be taxable in Singapore. However, any gains from the sale of the Notes which are gains from any trade, business,

profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Securities who apply or are required to apply Singapore Financial Reporting Standard 39 (**FRS 39**) or Singapore Financial Reporting Standard 109 (**FRS 109**) may for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Securities, irrespective of disposal, in accordance with FRS 39 or FRS 109 (as the case may be). Please see the section below on “Adoption of FRS 39 or FRS 109 treatment for Singapore income tax purposes”.

Adoption of FRS 39 or FRS 109 treatment for Singapore income tax purposes

Subject to certain “opt-out” provisions, Section 34A of the ITA requires taxpayers who adopt or are required to adopt FRS 39 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 39, subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled “Income Tax Implications Arising from the Adoption of FRS 39 – Financial Instruments: Recognition and Measurement” to provide guidance on the Singapore income tax treatment of financial instruments.

FRS 109 is mandatorily effective for annual periods beginning on or after 1 January 2018, replacing FRS 39. Section 34AA of the ITA requires taxpayers who adopt or who are required to adopt FRS 109 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109, subject to certain exceptions provided in that section. In contrast to the position under the FRS 39 tax regime, taxpayers will not have the choice to opt out from the FRS 109 tax regime. The IRAS has also issued a circular entitled “Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments”.

Holders of the Securities who may be subject to the tax treatment under the FRS 39 tax regime or FRS 109 tax regime should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Securities.

TAIWAN

The following is an overview of the principal Taiwanese tax consequences for holders of the Notes who are Taiwanese residents for Taiwan income tax or estate and gift tax purposes.

Prospective purchasers of the Notes should consult their tax advisers about the tax consequences of owning the Notes in Taiwan and any other tax jurisdiction to which they are subject.

Interest and Capital Gain

For Taiwanese income tax purposes, a Taiwanese resident can be (i) an individual who has a domicile and regularly resides in Taiwan, or has no domicile but stays in Taiwan for at least 183 days in total in a calendar year or (ii) a company that was incorporated under the Taiwanese Company Act.

The Taiwanese individual-resident holders will not be subject to Taiwanese income tax on the interest or capital gain generated from the Notes, because Taiwanese income tax is levied only on Taiwanese -sourced income, and said interest and capital gain are non-Taiwanese sourced income. However, they must include such interest and capital gain as part of their basic income in determining whether alternative minimum tax (**AMT**) is payable, unless the total amount of non-Taiwan-sourced income received by them and the person(s) who is(are) required to jointly file an income tax return in a calendar year, is below NT\$1 million (approx. US\$33,000). The amount of AMT is 20 per cent. of the basic income that exceeds NT\$6.7 million (approx. US\$223,000). The amount of income tax imposed on non-Taiwan-sourced income by the source countries may be applied as a foreign tax credit (**FTC**) against the amount of AMT to the extent that such FTC does not exceed the amount of AMT due to the inclusion of the non-Taiwan-sourced income. If the

amount of AMT is greater than the amount of income tax calculated under the AMT Act, AMT will be payable on the difference.

The Taiwanese corporate-resident holders will be subject to Taiwanese income tax on the interest or capital gain generated from the Notes because Taiwanese companies are subject to income tax on their worldwide income. The amount of income tax imposed on the non-Taiwan-sourced income by the source countries may be applied as a FTC against the amount of income tax to the extent that such FTC does not exceed the amount of income tax due to the inclusion of the non-Taiwan-sourced income. As a result, such interest and capital gain need NOT be included as part of their basic income in determining whether AMT is payable.

Estate Tax and Gift Tax

For Taiwanese estate and gift tax purposes, a Taiwanese individual resident means the decedent or the donor who is a Taiwan citizen and meets either of the following criteria: (1) maintaining a domicile in Taiwan within two years prior to the event of death or making of gift; or (2) residing in Taiwan without maintaining a domicile in Taiwan, and having stayed in Taiwan more than 365 days within two years immediately prior to the event of death or making of gift (not applicable to an individual employed by the Taiwanese government with a specific period of stay).

Estate tax is payable on the worldwide property of a deceased Taiwanese individual resident. Starting from May 12, 2017, estate tax is levied at three progressive rates: (i) 10% for up to NT\$50 million (approx. US\$1.7 million) of the estate; (ii) 15% for the portion of estate exceeding NT\$50 million (approx. US\$1.7 million) but less than NT\$100 million (approx. US\$3.3 million); and (iii) 20% for the portion of estate exceeding NT\$100 million (approx. US\$3.3 million).

Gift tax is payable on the worldwide property donated by a Taiwanese individual resident. Starting from May 12, 2017, gift tax is levied at three progressive rates: (i) 10% for up to NT\$25 million (approx. US\$0.8 million) of the gift; (ii) 15% for the portion of gift exceeding NT\$25 million (approx. US\$0.8 million) but less than NT\$50 million (approx. US\$1.7 million); and (iii) 20% for the portion of gift exceeding NT\$50 million (approx. US\$1.7 million).

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by foreign financial institutions (foreign passthru payments), (ii) dividend equivalent payments (as described below in "*U.S. Dividend Equivalent Withholding*") and (iii) payments of gross proceeds from the disposition of securities that generate dividend equivalent payments, in each case, to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments or payments of gross proceeds from the disposition of Notes that generate dividend equivalent payments, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). The grandfathering date for (A)

Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Notes that give rise to a dividend equivalent pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents. If additional notes (as described under "*Terms and Conditions of the French Law Notes—Further Issues*" and "*Terms and Conditions of the English Law Notes*") that are not distinguishable from such previously issued grandfathered Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes.

U.S. Dividend Equivalent Withholding

Section 871(m) of the U.S. Internal Revenue Code of 1986 treats a "dividend equivalent" payment as a dividend from sources within the United States that is generally subject to a 30% U.S. withholding tax which may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). U.S. Treasury regulations issued under Section 871(m) and applicable guidance (the **Section 871(m) Regulations**) require withholding on certain non-U.S. holders of the Notes with respect to amounts treated as dividend equivalent payments. Under the Section 871(m) Regulations, only a Note that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Note a **Specified Note**). Certain exceptions to this withholding requirement apply, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on, or upon the date of maturity, lapse or other disposition of the Specified Note. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Note, withholding generally will still be required even if the Specified Note does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any payment on the Notes in respect of any dividend equivalent arising with respect to such Notes regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Notes issued on or after 1 January 2017. If the terms of a Note are subject to a "significant modification" (as defined for U.S. tax purposes), the Note generally would be treated as retired and reissued on the date of such modification for the purposes of determining, based on economic conditions in effect at that time, whether such Note is a Specified Note. Similarly, if additional Notes of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Notes out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Notes are Specified Notes as the date of such subsequent sale or issuance. Consequently, a previously out of scope Note, might be treated as a Specified Note following such modification or further issuance.

In addition, payments on the Specified Notes may be calculated by reference to dividends on underlying U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

The applicable Final Terms will indicate whether the Issuer has determined that Notes are Specified Notes and may specify contact details for obtaining additional information regarding the application of Section 871(m) to such Notes. A non-U.S. holder of Specified Notes should expect to be subject to withholding in respect of any underlying dividend-paying U.S. securities. The Issuer's determination is binding on non-U.S. holders of Notes, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Notes linked to U.S. securities and their application to a specific issue of Notes may be uncertain.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SUBSCRIPTION AND SALE

The Dealers have, in a Programme Agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 28 June 2018, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*", "*Terms and Conditions of the English Law Notes*" and "*Terms and Conditions of the French Law Notes*". In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Prohibition of sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area (the **EEA**). For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the **Prospectus Directive**); and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

If the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Member State of the EEA which has implemented the Prospectus Directive, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in a Member State of the EEA, except that it may, make an offer of such Notes to the public in that Member State of the EEA:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Member State of the EEA (a **Public Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State of the EEA or, where appropriate, approved in another Member State of the EEA and notified to the competent authority in that Member State of the EEA, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Public Offer, in accordance with the Prospectus Directive, in the period beginning and ending on dates specified in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Public Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of Notes to the public** in relation to any Notes in any Member State of the EEA means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State.
